Special Officer For Depot.
John Armstrong has been appointed a special officer for the O. R. & N. depot yards. He went on duty last night for the first time. Armstrong served on the regular police force several years ago.

Lawn Social Tonight.
The ladies of the Baptist church will be hostesses tonight at the home of Mrs. William Goedecke, 315 Lillet street. Ice cream will be served on the lawn and music will be furnished by the United Orchestra.

Elks Will Enjoy Music.
Members of the lodge of Elks will be entertained in their hall this evening by Senor Joseph Bistoffi and his "sinfonia in bravo" orchestra. There are but three musicians but judging by their press notices they are equal to a much larger aggregation when it comes to rendering music. "The Bills" seem assured of a good evening.

John Day Beef Cattle.
H. H. Trowbridge, a big stockman of the John Day country, is on his way to this city with 700 head of beef cattle, according to a letter just received by Tom Swearingen of the French restaurant. Later he will bring another bunch. Several thousand head of fine beefs have already been shipped from Pendleton this season and it would seem that the end is not yet.

Wilcox Sells Out.
R. H. Wilcox, one of the pioneer merchants of Pendleton, has disposed of his interest in the Wilcox & Kirkpatrick implement firm and for the present at least will retire from active business. George P. Ford, traveling representative of the International Harvester company, is the new member of the firm. He has covered this territory for several years and is well known here. Mr. Wilcox has not announced his plans for the future.

Draymen Have Another Grievance.
Pendleton draymen think they have another grievance, since they have been ordered to stand their teams on the side streets, except when they are loading or unloading. The purpose of the order is to prevent pavement being cut up by the stamping horses, while it is soft. Several places, notably one in front of the Hotel Bowman, have been badly disfigured already, but the draymen feel they will lose business if compelled to stand on the side streets and they are therefore opposed to the order.

McCourt Boy Dies.
News has just reached this city of the death in Denver, of Wilbur McCourt, the four-year-old son of United States Attorney and Mrs. John McCourt of Portland. Death occurred at 4 o'clock, Tuesday afternoon and was caused by whooping cough. The McCourts formerly lived in this city for several years, the little boy having been born here. Several weeks ago the family left for the east and it is presumed that the boy was stricken with the body of the boy will probably pass through Pendleton tonight on train No. 5.

Two Were Disorderly.
Because they abused the landlady at the Empire lodging house and then created a disturbance in the Columbia saloon, George Rippey and John A. Morgan, were arrested yesterday afternoon by Acting Police Chief Kearney. The two trouble hunters had succeeded in removing the greater part of the Columbia bartender's shirt before the officer arrived. In police court this morning they were sentenced to pay a fine of \$10 each or serve five days in jail. The two of them had money enough to pay one fine, so the \$19 was turned over to the city and one of the duo started out to rustle another \$10.

Cold Springs Farm Is Sold.
John Gavitte, commonly known as "Frenchie," an old settler who has lived for 23 years in the North Cold Springs country, has sold 652 acres of fine wheat land on which is a good house and modern improvements for \$19,670, \$6000 of which was paid down in Walla Walla property. Mr. Gavitte is living at present in Ferndale on the Freewater R. F. D. No. 1, but will move to the Garden City in October. The purchasers of his ranch are Goffrey and Redford, the latter of whom has farmed reservation land for years. Mr. Redford has been a resident of Walla Walla for the past 13 years and has been in the employ of the Northern Pacific company for the last 25 years.

Fight Spirit in the Air.
There must be something in the present warm weather to stimulate the fighting instinct for there have been three more or less serious brawls during the past 24 hours. The Columbia saloon was the scene of two of the melees while the center of Main street between Webb and Alta was the scene of the third. After George Rippey and John Morgan had attempted to clean out the Columbia bar last evening and came to grief at the hands of Officer Kearney, "Pad" Mastlock and Ed Barr engaged in a regular "knock down and drag out" which ended in Mastlock having portions of his face remodeled and Barr being knocked out by a chair in the hands of someone from behind. Today, just after the noon hour, a few hundred people gathered along the sidewalk to witness a couple of small boys pummel each other. The "fun" was stopped by City Attorney Raley.

COAST LEAGUE.

Sacramento 5 Frisco 2.
San Francisco, July 14.—San Francisco went down to its second defeat of the week at the hands of Sacramento yesterday afternoon by a score of 5 to 2. "Spider" Baum pitched an excellent game and had the Seals under control all the time.

Portland 1 Oakland 0.
Portland, July 14.—By winning from Oakland yesterday, Portland gets on top of the percentage ladder. Seaton pitched fine ball for eight innings, but showing signs of weakness in the ninth was replaced by Gregg. Oakland used 13 men in the game, four extra men leaving the bench in the ninth. The score: R. H. E. Oakland 0 2 0 Portland 1 3 3 Batteries—Lively and Mitze; Seaton, Gregg and Fisher. Umpires—Hildebrand and Finney.

Vernon 2, Los Angeles 4.
Los Angeles, July 14.—The home teams, Vernon and Los Angeles, clashed yesterday in the first game of a seven-game series, and the Angels won 4 to 2. The result was a jolt to Hogan, who brought his villagers from the town of the north determined to wipe out the four point difference in the standing between his team and Dillon's. The Vernonites obtained one more hit than their opponents, but four errors were chalked against them, whereas the Angels show a zero mark in that column. Score: R. H. E. Vernon 2 5 4 Los Angeles 4 0 0 Batteries—Willett and Brown; Tozer and Waring.

NORTHWEST LEAGUE.

Seattle 4, Spokane 2.
Spokane, July 14.—Seaton proved to be the big card in the game yesterday and by his heavy stick work managed to get all four of the runs that were made by the Seattle team. Seaton cracked out two three bangers with a man on each time and scored himself after both hits. Dow, the young Turk, pitched nice ball for the champions, and was strong in pinches. Score: R. H. E. Seattle 4 11 2 Spokane 2 9 2 Batteries—Dow and Akin; Baker, Tompison, Ostliek and Shea.

Tacoma 7, Vancouver 5.
Tacoma, July 14.—With Tacoma four runs to the bad in the seventh inning and the bases full, Bassey drove out a clean home run, tying the score yesterday. In the next inning Warren and Hall tripled in succession and the Tigers made it three straight from Vancouver, winning by 7 to 5. Warren got a home run and a triple. Jansing, Tacoma's shortstop, twisted his knee and tore the ligaments in his elbow in the second inning and will be out of the game for a month. Maston replaced Hall in the second inning and pitched good ball, but was wild. Jensen was both wild and ineffective. Score: R. H. E. Tacoma 7 10 2 Vancouver 5 7 1 Batteries—Hall, Maston and Byrnes; Jensen and Lewis.

GLOWING TRIBUTE PAID TO THE PASMORE TRIO

Of the art of the Pasmore Trio when that group of American artists were appearing in Europe a year ago the Continental Times has the following to say:

"The heartiest welcome was given to the Misses Pasmore last night since their return from Berlin. The house warming was at the Greek theater in Berkeley, and the occasion was a recital headed by Misses Dorothy, Mary and Suzanne Pasmore, not to forget their father, H. E. Pasmore, who presided over the orchestra, which supplied most of their accompaniments, and who also directed the musicians through his "Gloria California."

"The Haydn Trio offered them a splendid opportunity for crisp, clear technique. Of particular interest was the well-known Gipsy Rondo in the spontaneity of its humor and the sharpness of the accentuations. The ensemble of these young women is not only of rhythms but of moods and it is evident that they are as one in their interpretation ideas. Although no notes are used throughout the program, there is never a moment's hesitation, and their work throughout is most perfect. The interest they created in both American and German musical circles will encourage these young players to a broadening and deepening of their art, and it is safe to predict for them a permanent place in the concert field."

Stuyvesant Fish, Jr., Weds.
New York, July 15.—A smart wedding at Garrison-on-Hudson today was that of Miss Mildred Dick to Stuyvesant Fish, Jr. Mr. Fish is the son of Stuyvesant Fish, ex-president of the Illinois Central railroad and a well known financier.

SEWER SYSTEM FOR WEST PENDLETON

COUNCIL DECIDES ON EXTENSION LAST NIGHT

All Portions of City Not Supplied With Sewer Facilities Will be Connected—Will Empty Into River Below O. R. & N. Bridge.

West Pendleton is to have a sewer system. The plans and specifications for the proposed extension as prepared by City Engineer Kimbrell were adopted at last night's meeting of the council and the recorder was instructed to advertise for bids.

All that part of Pendleton not now supplied with sewer facilities will be provided for by the new system. This will have an outlet separate from the present main sewer outlet and will empty into the Umatilla river, west of the O. R. & N. steel bridge. The old sewer empties into the river just above the site of the old wooden bridge.

Bids are to be advertised for at once and though the city is expecting and preparing to fight an injunction suit, active construction work will probably be started within a very few weeks. In open meeting last evening, Mayor Murphy instructed City Attorney Raley to be prepared to fight and all injunction suits which might arise, in order that no unnecessary delays may be encountered.

There will be no meeting of the council next Wednesday evening, as when the council adjourned, it adjourned to meet, two weeks from last night. City Recorder Fitz Gerald was also granted a two weeks leave of absence and he will spend the time with his family at Lehman springs.

Ticket for Democrats.

Walla Walla, Wash.—Democrats of Walla Walla county are determined to make the biggest fight they have put up since the party was defeated in 1896. For the first time in years a full ticket will be named in this county, and an effort will be made to land every place, according to the leaders of the party in the city.

A meeting of the democratic central committee was called Saturday night, and while the members of the committee will not divulge what was done, it is generally known they mapped out a slate for the coming election.

Just who are the candidates is not known, although Albert Bedell and Mike Tozer are known to be willing to run for **assessors.**

Vacancies on the Central Committee will be filled shortly, and it is probable that a democratic newspaper will be started here in the near future.

Notice is hereby given, that the Common Council of the City of Pendleton on July 13, 1910, adopted plans and specifications for the construction of a sewer system in the City of Pendleton and proposes to construct said sewer system in accordance with such plans and specifications, and proposals are hereby invited for furnishing the material therefor and the construction thereof, bids to specify the price for which said improvement will be completed, and to be itemized on blanks to be furnished by the City Recorder, to embrace the following items:

For furnishing all material and all labor to complete sewer, as per plans and specifications.

For furnishing all pipes to be used upon said work, F. O. B. Pendleton.

For furnishing all material except pipe and all labor to complete sewer, as per plans and specifications.

Which bids shall be accompanied by a certified check for five per cent of the amount bid, payable to the Mayor of the City of Pendleton, and the Common Council reserves the right to reject any and all bids; all bids to be filed with the Recorder of the City of Pendleton on or before the 27th day of July, 1910.

Dated July 14, 1910.

ELECTION FRAUD CHARGED.

Austrians Accused of Intimidation at Polls.
Vienna, Austria.—The government is accused of employing troops from Austrian garrisons during the general election in Hungary to prevent supporters of the opposition from reaching the polling stations.

Various concrete instances are given including one by Seton Watson, an Englishman, who says he was present on election day at Szakoleza and found the town surrounded by a cordon of troops through which supporters of the government candidates were allowed to pass, while several hundred Slovak electors were driven back by force.

The premier, Count Khuen Hederway, is reported to have replied by threatening proceedings against Mr. Watson, declaring, "We are not afraid of an Englishman. The English fleet can not come here and we have no fear of the English army."

Convicts Attempt to Escape.
Calcutta.—About 400 habitual criminals attempted to storm the main gate of the Latchart Central Gaol, Lahore. Ignoring the warning of the authorities, they showered bricksbats on the guards, who fired a volley, checking the rioters. Two further dangerous rushes were made, and the guards fired again. Seven rioters were killed and 59 wounded.

IMMENSE PEACH CROP THIS YEAR

The peach crop in the Milton-Free-water country is something immense this season, according to County Fruit Inspector Campbell, who is down from there today and who is himself, something of a fruit grower. He says however, that the prices will not be so good from the standpoint of the grower.

This latter announcement will be hailed with delight by the consumer, for fruit prices during the past few years have been regarded as next to prohibitive to the family of moderate means. Even with a record crop of berries this year the prices have been as high as in the "lean" years. Inspector Campbell says he expects to see the price of peaches go down to 75 cents or lower.

But there is not much hope for the consumer of tomatoes, according to Campbell. He says the crop is better than it has been in years, but that the demand seems to have kept pace with the supply and that tomatoes are now selling at \$1.25 per box in Milton with small hope of their getting cheaper.

Cures Ailment by Fast.
Grand Junction, Colo.—Sent to Colorado to die, William Herbert, a former manufacturer of Newark, N. J., after suffering for years of chronic rheumatism has recovered his health by starving 26 days. Though he weighed 120 pounds when he started fasting a month ago and only weighs 90 now, Herbert declares he never felt better in his life.

"After fasting six days I became so feeble that I had to go to bed," said he. "All the nourishment I took was water. I did not feel the pangs of hunger until the 26th day. I did not taste a particle of food until the 26th day."

PARIS POLICE NOT PERFECT.

Records Show Many Street Accidents in French Capital.

Paris.—Comparison is frequently made in America of the better manner in which street traffic is regulated in London, Paris and other great European cities than in America. Once in a while cases are presented which demonstrate that this alleged superiority of European cities is mythical.

For example, a return just made to the Paris municipal council shows that there were 65,870 street accidents in Paris during 1909 in which 81,568 vehicles were involved. The same return shows there are something less than half a million vehicles in the city including 20,000 hand carts and 9000 barrows. This would indicate that at least 16 per cent of the vehicles of Paris were involved in accidents during the year. I doubt if any American city would show anything like this proportion.

Commemorate Big Fire.
Prescott, Ariz., July 14.—A celebration under the auspices of the local volunteer firemen was held today to commemorate the tenth anniversary of the disastrous fire which destroyed the entire business section of the city on July 14, 1900.

AT THE PICTURE SHOWS
