What Prominent Eugene Patients Have to Say About the Fer-Don Medical Experts who are now in our City

To Whom It May Concern: For the past three years I have been affected with rheumatism, which affected nearly all the joints of my body, especially my arms, shoulders, ankles and back.

Another Local Treatment. Nearly 5 years ago I was struck with paralysis of the entire left side of the body.

The Great Fer-Don and his European doctor has written proofs of cures performed by the European Medical Experts in California and Oregon, and among them is that of J. G. Lowe, of Vallejo.

The Number of Proofs Grows Every Day

Fer-Don's European Medical Experts Effect Wonderful Cures—Testimony of Those Benefited.

Reports concerning the wonderful success of the European Medical Experts in Eugene grow more encouraging every day. Testimonials from men, women and children whom the European doctors have treated during their stay in that city are readily forthcoming.

The Great Fer-Don and his European doctor has written proofs of cures performed by the European Medical Experts in California and Oregon, and among them is that of J. G. Lowe, of Vallejo.

Case of Mr. Lowe. Mr. Lowe heard of the remarkable skill of the Great Fer-Don and his European Medical Experts and attended the talks given nightly by the Great Fer-Don.

The Fer-Don's European Medical Experts offices are at 637 Main St., above French Restaurant, Pendleton, Oregon. Offices and reception rooms upstairs. They charge one dollar for consultation and examination.

was killed and little remained for the propagation of the second. However, orchardists are going to take few risks I find and will make the third and even the fourth spraying, with unabated vigor.

Does Damage in Three Weeks. The moth will be in the fruit, from about July 20 until August 19, say local authorities, and spraying should be done immediately.

Orchards are clean in the Walla Walla valley this year. There was much talk about a little blight that affected the apples this year, but under the direction of District Fruit Inspector C. L. Whitney this was thoroughly cleaned out.

Pear Trees Affected Slightly. Pear trees have also been slightly affected and have been treated carefully. Orchardists are warned to watch for any reappearance of the pest and to cut it out at once.

If they do not understand the treatment, Inspector Whitney has determined to go in person, and supervise the work. Some scale is noticed this year, but not enough to be seriously taken into consideration in figuring the crop for the year.

N. W. Reid, Jacksonville, Ill., writes: "Sometime ago I was attacked by sinking spells and felt all tired and worn out. Hal also a pain in my bladder and a bearing down pain across the hips.

"I think," said Mr. Lowe, "that the treatment received is the greatest in the world, and that the remedies of the Great Fer-Don and his European Experts are the best ever prepared for suffering mankind."

There is nothing so painful, so dreadful as cancer. Mrs. J. L. McKittick, of Coalinga, Cal., suffered for years with cancer of the mouth and nose, and tried many remedies, but failed to find relief from the agony she endured.

TO FIGHT LA FOLLETTE BY SAME MEANS HE WAS ELECTED

Milwaukee, Wis.—The Wisconsin Taft republicans, organized at the recent state convention in Milwaukee to fight the spread of La Folletteism and if possible to defeat the progressive leader for re-election, will use the same fighting, machine-like organization that characterized the election of La Follette to his first term as governor.

The man who advised the system and who worked it successfully in two campaigns for La Follette, W. D. Connor, is the man who is now organizing the old-style fighting machine for use against La Follette.
