Miracle home Cure for Treatment

The world knows Chinese doctors, with powerful and wonderful Chinese remedies, cure all diseases successfully. If you are out of health, unable to regain it, write us today and describe your symptoms. We accept only curable cases. York & York, Chinese Medicine Co., 210 W. Main St., Walla Walla, Wash.

After suffering with rheumatism for many years, other doctors not curing me, I wrote Drs. York & York for treatment. Their wonderful treatment cured me within a month, and now I am permanently cured, for which I write this true testimonial. If any one suffering, wishes to know more about their treatment, they can write me.

J. M. ASHWORTH,
Weston, Oregon.

FRESH MEATS

SAUSAGES, FISH AND LARD.

DAY'S HAPPENINGS AROUND WESTON

(Special Correspondence.)
Weston, Ore., July 20.—Mrs. Laura Knox left yesterday for a short visit with her brother's family, Mr. Charles Brownfield, of Pendleton.

Mrs. E. L. Oliver, sister of Mrs. E. R. Davison, is a visitor at the latter's home in the city.

Mrs. Wesley Carter has returned from a pleasant and extended visit with friends in Seattle, Wash.

The Misses Angele and Hortense Baker, returned on last evening's train from a visit with their sister, Mrs. Clarence Wright, of Athena.

Ira Kemp, after a few days fishing on the Walla Walla river is again behind the cashier's window at the bank. As to his success Ira is very silent but being an experienced angler it is presumed that he had at least the fisherman's luck.

The stork left a fine baby at the home of Mr. and Mrs. Mike Eagleton's one day during this week.

Yesterday was pay day with the laborers on the railroad near Blue Mountain station, and money appeared to be plentiful with them, judging from the patronage given the local merchants. The post-office also came in for a share, the postmaster being kept busy for a while issuing money orders, and registering letters, mostly foreign. Several hundred dollars were sent off through the office, presumably to relatives in Italy. Most of the men are, nationally Italians, with a few Greeks. Extensive improvements are being made by the railroad company in and about Blue Mountain in the way of filling and perfecting the road bed.

Water Superintendent Frank Snider, with help yesterday had a cleaning-up day at the city reservoir, thoroughly cleaning the interior after emptying the same. The city pumps were kept busy in the meantime to keep up the needed supply of water and to hasten the filling of the empty reservoir. The pumping was kept up through the night and this morning the supply of city water is again normal.

Results from the harvesting of the grain on the Jos. Key place north of town indicates an average yield of at least 55 bushels. Grain No. 1 in quality.

Mr. and Mrs. S. T. Phillips were in today from their home on Dry creek bringing in farm products and trading with the city's merchants.

In some portions of the mountain sections where the grain is not so advanced as this vicinity, the hot days of last week did quite some damage thereby cutting down both the yield and quality of the grain.

Miss Rosa Waddingham is at Athena visiting among some of her many friends in that burg.

Alex Walker, a former resident of this section, and still an owner of a fine quarter section of wheat land, is up from his home in Montavilla, Oregon, looking after his grain crop, having rented his farm.

Mrs. Nicholson of Spokane, Wash., is here visiting her sister, Mrs. John Ross.

From 200 acres on Dry creek, Jess York will get over 3500 sacks of wheat, and all of good quality. On some parts of this field where the soil is heavy it averaged easily 50 bushels per acre.

Contractors from Walla Walla were here today to look over the proposition for laying of the concrete dam at the head of the city's water system, and will submit bids for the work later on.

A baby boy was born to the wife of Ralph Tucker on the 18th inst.

Soreness of the muscles, whether induced by violent exercise or injury, is quickly relieved by the application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism, and always affords quick relief. Sold by all dealers.

The world's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by all dealers.

SAFE TO HOLD RADIUM IS MARVEL OF LONDON

London.—The most wonderful and ingenious safe ever made, has just been constructed by Messrs. Chubb the famous experts on safes, to the order of the British Radium Corporation.

The order for a radium safe, was extremely difficult to carry out, for the safe had not only to be absolutely burglar proof, but proof against cancerous radiation. The safe is a much more difficult requirement to fulfil.

Steel would not serve the purpose as radium emanations pass through the thickest armorplate as readily as sunlight through plain glass. The many difficulties of the problem were finally solved by the construction of a safe within a safe, or a leaden shell or coffer with a steel exterior.

It was discovered that practically the only metal which radium cannot penetrate is lead, and in the new safe the inner coffer serves to confine the radium emanations and the steel exterior serves to resist the attacks of burglars. The inside of the coffer is about eighteen inches wide and twelve inches deep. The holding capacity is one hundred weight, but the total weight of the safe is a ton and a half.

As a market price of radium works out at about \$50,000,000 a pound, the safe, if it be ever filled, will hold considerably more than \$50,000,000 worth of the precious metal.

The world's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by all dealers.

SHORT NEWS NOTES FROM PILOT ROCK

(Special Correspondence.)
Pilot Rock, Ore., July 20.—L. C. Scharph returned to his home at Pilot Rock Wednesday last from Portland where he has been spending his vacation.

Master Freddie Stroble of Pendleton came to Pilot Rock Wednesday last to spend a few days with his friend, Master Omar Jensen.

Miss Flora Morse of Milton, has accepted the position of school teacher for District No. 87.

Miss Carrie Spalding of Drain is here visiting with friends and relatives for a few days.

Mr. Osborne of Pendleton will visit here for a few days with Robert Dicks.

Robert Dicks of Pilot Rock, spent Sunday in Pendleton.

Miss Alta Spalding of Pilot Rock, was a Pendleton visitor over Sunday.

Mr. and Mrs. James Whittaker and Miss Grayce Whittaker of Nye, were Pilot Rock visitors Sunday.

Miss Myrtle Westgate of Pilot Rock has left for her summer home in the Blue mountains where she will spend her vacation this year.

Rev. E. W. Warrington spent last Sunday at Ukiah.

Henry Casteel of Pilot Rock went to Pendleton Monday evening, returning home on the Tuesday morning local.

Mr. and Mrs. Alfred Smith, who live a few miles south of Pilot Rock, spent Sunday evening at the home of Mr. and Mrs. Thomas Jaques.

A number of "dear bachelor boys" of Pilot Rock are moving into the new house recently erected by L. C. Scharph.

The regular Sunday school services at Pilot Rock were held in the Sturtevant grove Sunday on account of the heat.

The farmers of this vicinity are busy with their second crop of alfalfa.

Too much hot air at Pilot Rock. Nearly every one has gone or are going to the mountains to escape it.

TRUST PLANS LARGEST MUSIC HALL ABROAD

Berlin.—The recently formed music hall combine, with centers in America, Great Britain, Germany and France, has commenced operations, and one of the first results of their activity is the decision to build a huge music hall which will revolutionize the amusement scheme of Berlin.

At the present time the familiar beer garden, with its sons and occasional dances, caters to the desires of the Berliners who like a vaudeville entertainment.

The international music hall combine argues that a magnificent modern music hall run on absolutely up-to-date lines, will take the place of these beer garden entertainments and so Mr. Albert Butt, manager of the Palace theatre and European agent of the syndicate, went to Berlin, and in conjunction with Mr. Meyerfeld, president of the American Orpheum Syndicate, and one of the leaders of the proposed music hall.

Plans are so well advanced that building operations should begin in a month's time. The new music hall will hold 2,000 people and will be the largest in Europe.

It is understood that at first the German police authorities were not kindly disposed toward the scheme, but evidently their approval was secured. In all likelihood the next move of the syndicate will be the building of some other great music hall in a different part of the Continent.

Meanwhile it is interesting to note that the syndicate now has a working agreement with 132 music halls in Great Britain, America, France and Germany. In France they are represented by the Alhambra and in Germany their interests are watched by the local syndicate that has contracted to build the new music hall.

A Golden Wedding

means that man and wife have lived to a good old age and consequently have kept healthy. The best way to keep healthy is to see that your liver does its duty 365 days out of 365. The only way to do this is to keep Ballard's Herbine in the house and take it whenever your liver gets inactive. 50 cents per bottle. A. C. Koeppen & Bros.

Colombia Elects Chief.
Bogota, Colombia.—Carlos E. Restrepo, vice-president of the House of Representatives, was elected president of the Republic of Colombia in yesterday's voting. He succeeds General Ramon Gonzalez Valencia, who was chosen to fill the unexpired term of President Rafael Reyes after the latter left the country. The elections were conducted quietly.

Chamberlain's Stomach and Liver Tablets gently stimulate the liver and bowels to expel poisonous matter, cleanse the system, cure constipation and sick headache. Sold by all dealers.

Novel Engine Invented.
Glasgow.—An electric locomotive of 1000 horsepower which, it is said, can be used on any railway without live rails or wires was successfully tested here. It is said that it effects economy in fuel.

Kaiser's Giant Steamer.
Berlin.—The Kaiser is delighted at the idea that Germany is to regain the supremacy of the Atlantic with the gigantic new steamer now being built for the Hamburg-American line.

The new German leviathan will be 193 feet longer than the Mauretania, and six feet deeper and wider. Her tonnage will be 45,000—nearly twice that of the Kaiserin Auguste Victoria, the present monster of the Hamburg fleet. The new liner's speed will be 22 knots, generated by turbine engines.
