

WEATHER REPORT

Fair and warmer tonight; Thursday fair.

COUNTY OFFICIAL PAPER.

Calling cards, wedding stationery, commercial stationery and job printing to order at the East Oregonian.

CITY OFFICIAL PAPER.

VOL. 23.

PENDLETON, OREGON, WEDNESDAY, JULY 27, 1910.

NO 6965

REGULARS WIN OUT IN OHIO

Republican Convention Adopts Stand-Pat Platform Without a Fight.

EVERY INDICATION THAT GARFIELD IS OUT OF IT

Standpaters are Absolutely in Control of Convention—Garfield Will Probably Withdraw From Governorial Race—Senator Burton is Permanent Chairman—Platform Recommends Second Term for Taft and Endorses Administration.

Harding for Governor. Columbus, July 27.—Warren Harding was nominated for governor at the Ohio convention today on the third ballot. He led from the first. Only the names of Brown and Harding were placed officially before the convention. The platform is considered the strongest standpat produced thus far.

Columbus, July 27.—The standpat platform was adopted today by the Ohio republicans without a fight. Only a few scattering noes were heard in the viva voce vote taken on the resolutions committee's report. The standpaters seem to be absolutely in control and Garfield to be bested. He will probably withdraw from the race for the gubernatorial nomination. The regular candidates are for Carmel Thompson, O. B. Brown and Warren Harding.

Senator Burton was elected permanent chairman when the convention began its session and the adoption of resolutions, followed soon.

Following the election of Senator Burton as permanent chairman, Senator Dick read the platform. It recommends Taft for a second term, endorses his administration, recommends the ship subsidy, a large navy, harbor and river improvements, an amendment to the anti-trust laws in order to get quicker justice and endorses conservation.

The platform in referring to President Taft says: "We commend a second term of the splendid administration of President Taft, and we are proud of the results during his 15 months in office."

The first trial of strength between the "regulars" and "progressives" occurred last night and resulted in favor of the "regulars" by a wide margin. Congressman Paul Howland of Cleveland who has charge of the "progressive" platform, was defeated by Senator Dick for the chairmanship of the resolutions committee by a vote of 15 to 3. Immediately prior to the vote Mr. Howland announced that while he would not quibble over phrasology, if the platform were kin substance unsatisfactory to the progressives, he would bring a minority report to the floor of the convention tomorrow. Nine of Ohio's republican congressmen are members of the resolutions committee and all of the nine including Congressman Howland and Cassidy, supported in congress the tariff bill which is one of the issues in the convention. General Warren Keifer, member from the seventh district, has since maintained that the schedules were not high enough.

Launch Big Cunard Ship. Wallend-on-Tyne.—The Cunard line steamer Franconia, built for the Boston service, was successfully launched in the presence of a great crowd Saturday. With the exception of the Manchuria, the vessel is the largest steamship built upon the east coast of England.

Thousands Seek Canada. Winnipeg, Man.—According to figures given out today by the Commissioner of Immigration, the arrivals since March 31st, this year, in Western Canada, were 93,000, of which 45,500 came from the United States.

TRAGIC EXPLOSION OF BOILER AT MARSHFIELD.

Marshfield, Or., July 27.—Engineer F. E. McCauley is dead, his wife has a broken thigh and is badly scalded, his two children are slightly injured and Earle Steels, a watchman, is crushed badly, as a result of an explosion of the boiler at the plant of the Coquille Mill & Mercantile company last night. Windows were broken throughout the city and people were terrified for a time. McCauley's family was visiting the plant at the time. The mill was totally wrecked at a loss of \$10,000.

GREWSOME DISCOVERY IS MADE AT NEWPORT

Newport, Or., July 27.—It is believed the skeleton found yesterday crammed into a gunny sack on the beach, with the bones broken and skull fractured, may be that of Miss Sophia Noise of Blodgett, Or., who disappeared several years ago. Her sister is expected in this city tonight in an attempt to identify the remains. When Miss Noise disappeared, she left a note saying she was going to commit suicide. Coroner Carter said today he believed the note was a forgery and that the girl was killed. Sheriff Ross says there will be a country-wide search until the murderer is apprehended.

TRADE TROUBLES. Strike of 1800 Builders Ordered in Chicago.

Chicago, July 27.—The builders and trades council today ordered a general strike of all workmen employed in the construction of buildings in which the Otis Elevator company is installing elevators. Fully 1800 workmen will be affected as practically every large building under construction in this city will come under the strike order. The strike follows the failure on the part of the International officers of the American Federation of Labor to effect a compromise between the elevator constructors and machinists union on matters of jurisdiction. The Otis company is backed by contractors the building trades council and machinists. Now the company is made to suffer for the disagreement between unions.

ARTHUR HEINZE IS ARRESTED IN COURT

New York, July 27.—Arthur, a brother of F. Augustus Heinze, the Montana copper magnate, was arrested today when he appeared in the federal circuit court in connection with a motion for a stay of execution of the ten days' sentence imposed on him by Judge Hough. Heinze was sentenced recently for interfering with the administration of justice and was released on \$2500 bail until the October session.

DANGEROUS MANIACS MAKE THEIR ESCAPE

Two Criminally Insane Men Still at Large. Frank Wade and Christopher Smith With Three Other Maniacs Saw Through Bars—Posses in Pursuit—Men Considered Dangerous.

Salem, July 27.—Officers today are scouring the countryside for Frank Wade and Christopher Smith, who with three other patients escaped from the insane asylum yesterday. The other patients have been recaptured. Both of the two at large are criminally insane, Wade being in for murder and Smith for robbery. A posse is hunting them as they are dangerous. The maniacs escaped by breaking through a window grating. Smith was reported traveling in the direction of Portland this morning. There is no trace of Wade who is the most dangerous. He was up for life for murder committed in Jackson county in 1895 but became insane and was transferred from the penitentiary to the Asylum. He was known in eastern Oregon.

Test for English Fleet.

London.—The war fitness of the English fleet is to be put to a severe test during the forthcoming manoeuvres. Efforts are to be made to keep all the ships engaged, excepting torpedo craft and submarines, continuously at sea during the four weeks of the manoeuvres. No ship is to enter port save under very exceptional circumstances. Communication with the shore will only be made by wireless telegraphy and by a regular service of scouts and dispatch vessels.

Fixes Aviator's Blame.

Paris.—What is the precise responsibility of an aviator if an accident occurs and other people happen to be hurt? This question has been brought up before a Paris police court. The aviator, on the afternoon of October 18, went up with his aeroplane at Javisy. When he came down it landed among the spectators, several of whom were injured. It was argued by the prosecution that the accident occurred through his inexperience, but the court decided it as a case of "force majeure," which means that he could not help himself, and he has been acquitted.

A union of washerwomen has been formed at Orange, N. J., with a membership of 300. The officers announce that the standard of wages will be raised from \$1.25 to \$2 a day and the hours of labor reduced from nine to eight.

"CANNONISM" GIVEN A RAP

Republican Convention in Nebraska in Sympathy With Insurgents.

COUNTY OPTION PLANK IS DECLARED FOR

Nebraska Republicans at Lincoln Uphold Opposition to "System Known as Cannonism" and Strongly Approves of Insurgent Movement in and Out of Congress—President Taft is Upheld—Declares for County Option.

Lincoln, Neb., July 27.—The state convention of the republicans of Nebraska adopted a platform strongly endorsing opposition to the "system known as Cannonism" and heartily sympathy with "insurgent" movement in and out of congress. The platform includes a declaration for county option as the method of regulating the liquor traffic and for an amendment to the state constitution providing for direct legislation. These resolutions were not adopted without strong opposition both in the resolutions committee and on the floor of the convention but while there were no votes to spare in the committee for county option and the other matters which came before the main body of delegates as minority reports the vote in their favor in the convention was overwhelming. As a general proposition, it had been understood the endorsement of the county option and of insurgency were supported by the same people. In consequence when at the opening of the convention at noon, Senator Norris Brown, a "standpatter" was chosen permanent chairman over Congressman Norris, a leader in insurgency by an overwhelming vote, the rank and file of the county optionists began to fear for the fate of their pet resolution.

It develops, however, that while no compromise is added by either side, there was a conference last night at which Senator Brown assured the optionists of the character of the resolutions committee he would appoint if he was made permanent chairman. The committee of seven appointed by him included three in favor of county option, three in favor of the present law and one in favor of the submission of a statewide prohibition amendment. The last named member finally voted for the county option plank.

A minority report opposing such a resolution was defeated in the convention 280 to 550. There was no division in voting on the majority report.

The resolutions adopted strongly endorse the national administration and the new tariff law. In state matters the call for the creation of a non-partisan board of control for charitable and penal institutions and a re-apportionment of the senators and representatives of the state. As a constitutional amendment providing amendment, a resolution calling for a direct legislation was adopted.

Roosevelt is to select the New York state ticket. The people have nothing to say about it.

UNITED ORCHESTRA IN CONCERT TONIGHT

- PART I. March, Watch Hill... Kenneth Selection from Bohemian Girl... Balfe Minuet... Paderewski March, Love is King... Innes PART II. Waltz, Midsummer Fancies... Grey War March of the Priests... Mendelssohn Danse Styrienne... Michels March, Under Palm and Pine... Alien

The regular weekly band concert will be given in the fair pavilion at 8 o'clock this evening as usual. The fact that the carnival company has moved from the baseball park to the depot grounds will not be permitted to interfere with the concert, in fact it will probably add to the attendance at both attractions.

Director Caruth has arranged another excellent program and says that the members of the United Orchestra will be equal to the occasion. In some particulars tonight's program will probably be superior to the one rendered last week and which was the cause of so much favorable comment.

KOREANS WILL FIGHT JAPAN

Will Not Allow Annexation by Mikado Without a Bitter Struggle.

JAPANESE HAVE BEEN PLAYING SHREWD GAME

Predictions Made Today That Koreans Will Rise Up and Fight Japan to Last Ditch for Freedom of Country—Anti-Japanese League All Over World Will Send Members Home to Participate in Fight—Japan Has Intended Annexation All Along.

Tokio, July 27.—The annexation of Korea by Japan will probably be accompanied by a great uprising of the Koreans, according to predictions made here today. It is expected the annexation will be made about the middle of August. This was given the United Press from an authoritative source today. The Japanese officials have been quietly preparing for the amalgamation of Korea for several years, and meanwhile have been telling the world they only intended to act as a protecting power over the weaker nation. According to an Hawaiian dispatch 300 Koreans, members of an anti-Japanese league, have left for Korea to head a revolt. It is reported that scores of Koreans in Mexico and a few in the United States are planning to return to Korea to fight for their liberty from Japan.

ATTEMPTS TO KIDNAP GIRL FROM MOTHER

Portland, July 27.—Grappling with Arthur Hislop, whom it is alleged made a daring attempt to kidnap her daughter on the street last night, Mrs. G. A. Patterson fought with the man until her son thrust him with a rock which he threw. Hislop was then captured by a number of firemen who heard the woman's screams. A crowd gathered and cried "lynch," but policemen arrived and protected the man to the police station. Hislop was sentenced to 30 days on the rock pile today. The girl says the man followed her from the dance, and tried to take her away despite the mother's presence.

NO TRACE OF BOATS ADRIPT ON HIGH SEA

Tokio, July 27.—Although every effort has been made to find a trace of the missing lifeboats containing 83 passengers and crew of the steamer Tetsuri Maru which foundered near Chintao July 23d, no trace has yet been found. One hundred and ninety-six went down with the ship. Officials are hoping the boats found a landing place somewhere on the coast and will be picked up.

SECRETARY WILSON AND SON VISIT SEATTLE

Seattle, July 27.—Secretary Wilson and his son are here and will probably leave tomorrow for Port Angeles for a trip through the Olympic mountains. Wilson says he intends to make the west his home and take to farming after he retires.

EXPERT MARKSMEN GIVE EXHIBITION

The most sensational bit of fancy and trick shooting ever seen in Pendleton was witnessed by nearly 200 interested and enthusiastic spectators this morning. Mr. and Mrs. Adolph Topperwein of San Antonio, Texas, were the performers and the exhibition was given on the north hill just back of the Sturgis residence. They were demonstrating the arms and ammunition of the Winchester Repeating Arms company and the demonstration was under the auspices of La Dow & Peterson, who carry a full line of the Winchester goods.

Though the shooting was done on a rocky hillside, with the worst kind of a background and sharp rocks for footing, the exhibition was marvelous in the extreme. Ordinary ball cartridges were used in rifle and pistol, while the ammunition used in the shotguns was also the ordinary kind, such as one buys at the store. Scarcely imaginable shots were made by both Mr. and Mrs. Topperwein with the revolver, the gun being held in all kinds of positions. They also made some pretty shots by using the mirror. Apples, potatoes, bits of brick, marbles of assorted colors and sizes, washers and other objects were broken without difficulty singly and in groups when tossed into the air. Cartridge shells were also punctured.

(Continued on page 8.)

ELEVEN MEN DIE IN POWDER EXPLOSION

Quebec, July 27.—As the result of a powder explosion 11 men are dead at Latuque today. A workman on the new transcontinental railroad opened a can of powder with an axe and the explosion fired a train of powder leading to the tunnel where a number of workmen are laboring. Those near the tunnel entrance came out alive but the rest were killed.

PORTUGUESE TROOPS ARE KILLED BY PIRATES

Hong Kong July 27.—One third of the Portuguese force landed from the fleet sent from Macao to wipe out the Chinese rebels on the Island of Coloan, was killed by pirates according to advices today. Three hundred landed and 100 were killed. The government has suspended further operations, awaiting reinforcements.

PRESIDENT TAFT PAYS VISIT TO BROTHER-IN-LAW

Bideford, Me., July 27.—President Taft spent the day here visiting Professor Moore, brother-in-law of Mrs. Taft. In the afternoon he addressed the villagers and played golf. He will start for Beverly tomorrow on the Mayflower.

NOT CERTAIN WHETHER CRIPPEN IS ON SHIP

Montreal, July 27.—Wireless operators were today requested by the Canadian police to communicate with the liner Montrose to ascertain definitely whether Dr. Crippen and Mrs. Leneve are aboard. The request was made after Scotland Yard, once so sure, admitted now they are not sure whether Reverend Robinson and his son are the suspected couple.

"PRINCESS ALICE" GETS INCOME FROM GRANDSIRE

Boston, July 27.—Mrs. Alice Longworth will receive an annual income of \$5300 as her share of the estate of the late George Dee, her grand father, according to an inventory of the estate filed today in the Middlesex probate. Lee died in March and leaves an estate of a million.

KERN IS CANDIDATE FOR REPRESENTATIVE

Well Known Citizen Subscribes to Statement No. 1—Will Run Against Colonel Newport—Wilson and Barrett Have Race to Themselves.

The subject of politics is rapidly taking its place among the chief ones for discussion in Pendleton. The latest aspirant for political honors to make known his ambitions is Dr. M. S. Kern of this city. He stated this morning that he would be a candidate for the republican nomination for state representative and that he would subscribe to Statement No. 1.

This makes Kern an opponent of Col. H. G. Newport who announced his candidacy some time ago, but who is not a Statement No. 1 man. Dr. Kern has been practicing dentistry in Pendleton for several years, he was the first captain of company L and has land and lumber interests in the west end of the county.

Aside from Newport and Kern, the only other republican aspirant for legislative honors, thus far, is the present incumbent, Representative L. L. Mann. He is also an anti-statement man.

From present indications the race for the republican candidacy for joint senator will be between S. F. Wilson, the assembly nominee and Representative C. A. Barrett, the anti-statement man and statement No. 1 man. Both are from the same town, that of Athena. Reports from Morrow and Union counties indicate that no one from either of those counties will make the race.

No democrats have yet been found to run for either representative or joint senator, though friends of Attorney Will M. Peterson are urging him to run for joint representative. He announced this morning that he was not a candidate for any office.

School Girls Falls to Death.

Geneva.—During an excursion of a class of school girls from Ober Utzwill, a 15-year-old girl in endeavoring to recover her hat, which had blown off, slipped on the pathway, over the Hochalp, and fell some 60 feet into a ravine.

She was picked up unconscious and died shortly afterwards, her skull having been fractured.

BRYAN DEPOSED BY OWN PARTY

Leadership of Nebraska Democratic Affairs is Wrested From Great Statesman

TAFT'S ADMINISTRATION BITTERLY CONDEMNED

W. J. Bryan loses Fight for County Option and His Leadership Days are Over—Platform Adopted Condemns Tariff Bill and Present President—Arraignment of Administration is Exceptionally Strong—Last Democratic Platform Endorsed.

Grand Island, Neb., July 27.—Looking crushed, William Jennings Bryan stood on the floor of the democratic state convention early this morning after he had lost the fight for control of his party in Nebraska, and intimated that he would not make any further attempts to direct democratic affairs. Bryan said afterwards that he expected defeat but expected to win a compromise. The general consensus of opinion is that Bryan's leadership days are over.

The platform adopted condemns the tariff bill, Taft's administration, and recommends a daylight liquor law in Butte county, the option plank for which Bryan fought.

The arraignment of the present republican administration is the strong feature of the platform as it pertains to national issues. It strongly endorses the last national democratic platform and the present state administration and continues:

"We congratulate the party upon the widespread revival of democratic sentiment which gives promise of a democratic victory.

"We congratulate the country that democratic opposition has thus far succeeded in defeating the iniquitous ship subsidy.

"We recognize in the many excessive rates on such favored products as steel, woolen goods, rubber, lumber and others, the return the republican politicians are making to the bludgeoning trusts for campaign contributions two years ago.

"We condemn the President for surrendering to Aldrich and Cannon the control of tariff revision and for using his patronage to force unwilling congressmen of the republican party to accept their dictation. We deplore the president's folly and weakness in surrounding himself with a cabinet of trust advisers. We favor the conservation of the natural resources of the country and condemn the policy under which favored capitalists and political syndicates secure control of water power, coal mines and other sources of the nation's wealth in the states and in Alaska unrestrained, and apparently favored by the present national administration.

"We condemn the president for retaining in his cabinet the close friend and former attorney for the powerful and unscrupulous syndicate caught in the very act of plundering.

"We join the democrats everywhere in pleading the party to the cause of tariff reform, economy and simplicity in government, trust prosecution and the ratification of the income tax amendment."

The attitude of many of Mr. Bryan's former lieutenants toward him was evidenced in speeches of several who addressed the convention after him. His reference to "assassins" in the party was frequently referred to and as each speaker denounced his present position the cheers of the delegates showed that the appeal of Mr. Bryan had been ineffectual. The vote by which his county option plank was rejected was not taken until after midnight. It was decisively against the acceptance of the measure. Mr. Bryan made no comment after the vote and in answer to questions referred to his speech in which he proclaimed his faith in the democratic party and its platform.

Don't get discouraged. However darkly the days go on, God always makes a way for the soul that is in earnest.

9000 ARE HOMELESS FROM EARTHQUAKE

Tokio, July 27.—The absence of additional news from the island of Yezo today leads to the belief that the earthquakes and eruptions of Mt. Usu may be more damaging than was reported. The admiralty is awaiting word by wireless from warships sent northward which are due off the island tonight. One ship loaded with supplies and medicine, left Awtonori this afternoon and is due tonight. From last reports nine thousand are homeless.
