GREAT SALE OF HAY IS MADE AT ECHO

2500 TONS OF ALFALFA SOLD AT \$6 PER TON

Lohergan and McIntosh of Portland Purchase Butter Creek Product—Asa B. Thomson Sells 1100 Tons to Henry & Co.—Alleged Swindlers Make Appearance.

(Special Correspondence.) Echo, Or., July 27.—One of the largest sales of hay ever made in Umatilla county was reported here this morning. It took place on Butter creek yesterday afternoon and by the terms of the sale, Lohergan & McIntosh of Portland secured 2500 tons of alfalfa hay. The price paid was \$6 per ton in the stack and it is to be fed out to stock on the ground this winter.

Six hundred tons were purchased from the Vincent place, 350 tons from Otis McCarty, 100 tons from J. McCarty, 1000 tons from Mrs. Thomson and Allen Thomson, 250 tons from Grant Buchanan, and 200 tons from Mrs. Rogers.

Another large sale was made yesterday when Asa B. Thomson sold 1100 tons to Henry & Co. of Portland. The sale was made through the agency of Fred Walker of this place and \$8 per ton in the stack was the price paid. This is also to be fed out to livestock on the ground, during the winter.

Alleged Swindlers. Two self-styled representatives of the Williams Grocery company of Boston, are in bad standing in this vicinity, though they have made their escape from the country, taking with them considerable money. It seems that they have been soliciting among the farmers, taking orders, offering premiums and collecting in advance for the orders. Two ranchers from near Nohin, one of whom had given the men \$12, and the other one, \$33, became suspicious and came to Echo this morning in search of the solicitors. Learning that the men were working the Butter Creek territory, they went on to Stanfield and caught the men as they were boarding the train to leave the country. They recovered their money and the two solicitors went on.

TRANSVAAL'S MINE RULES.

Blacks to be Allowed to Do Only Common Labor. Cape Town.—White miners in the Transvaal will materially benefit if the regulations proposed by the recent commission are carried out by the government. One suggestion is that only white men shall in future receive blasting certificates and that only competent white men shall be allowed to be in charge of boilers, engines and machinery. The existing rules draw no color line and a number of colored men now hold certificates. Stringent regulations are proposed to safeguard the men underground. All dusty rock must be dampened and no person suffering from tuberculosis or disease of the respiratory organs shall be permitted to work underground.

PLAGUE DEATHS IN BERLIN

False Rumors of Infected Russians Round for America. Berlin.—Much excitement has been caused in Berlin through the report that Russian emigrants, who are passing through the city en route to America are confined to outlying pest houses afflicted with Asiatic cholera; Three deaths from the dreaded plague have already been taken to this city. Two of these victims were women, the third a man. The news that others are afflicted with the plague has created a great deal of unrest and the medical authorities of the city have caused items to be published in the papers denying that there are any more cases of the plague extant.

historical meeting place in Hyde

Park and passed resolutions. A notable feature of the procession was furnished by the contingents from America, France, Germany, Holland, Norway, Sweden and Canada and other British colonies. The United States was represented by twenty-five women, each of whom carried the Stars and Stripes.

The local suffragettes in their advance advertising featured the American division, announcing as three star participants, Mrs. O. H. P. Belmont, Dr. Anna Shaw, Miss Inez Mulholland and a few others who have become known through their advocacy of the cause.

AMERICANS THROUGH GERMANY.

Record-Breaking Crowds for Passion Play and Resorts.

Berlin.—Nearly 4000 Americans arrived in Berlin hotels and boarding houses in the month of June—an altogether unprecedented figure. They were exceeded in numbers only by the Russians, but from the money-spending point of view the local hotel-keeper counts one Yankee tourist against half a dozen Russians.

The American season shows no sign of abating. The Passion Play, Richard Strauss, the Baireuth music festivals in Bavaria, and the health resorts of Germany continue to draw record-breaking numbers of transatlantic guests.
