

WEATHER REPORT

Fair tonight and Friday.

COUNTY OFFICIAL PAPER.

CITY OFFICIAL PAPER.

VOL. 23.

PENDLETON, OREGON, THURSDAY, JULY 28, 1910.

NO 6966

### CLOUD HANGS IN OHIO SKY

#### Republicans are Grouchy Over Manipulation of Strings at Convention.

#### CLEAN SWEEP FOR DEMOCRATS PREDICTED

#### Insurgents Accuse Garfield of Quitting—Election of Harding Taken to Signify Foraker's Reappearance in Political Arena—Taft Reported Pleased and Roosevelt Contrary—Harding Was Regarded As Everyone's Second Choice.

Columbus, July 28.—This is a day of political grousches in Ohio. Following the state republican convention yesterday in which the strongest standard platform was endorsed, the insurgents are accusing former Secretary Garfield of quitting. The nomination of Harding for governor is regarded as a reappearance of former Senator Foraker in politics. The wise ones say Foraker's activity means the downfall of Senator Burton and northern Ohio republican leaders. Disgruntled republicans see disaster everywhere and a clean sweep for the democrats at the polls this fall. President Taft was reported as greatly pleased with the convention's work. A popular rumor says Roosevelt doesn't like the candidates. It looks like the republicans are working at cross purposes in Ohio.

The ticket includes: For governor, Warren G. Harding of Marion; lieutenant governor, Francis W. Treadwell of Cleveland; for secretary of state, Granville W. Mooney of Ashtaburg; for attorney general, U. Grant Denman of Toledo; for treasurer, Rudy A. Archer of Belmont county; for justices of the supreme court, William B. Crew of McConnellsville, and Augustus N. Summers of Springfield.

Warren G. Harding, the nominee for governor, was at various times in the preliminary squabbles of the convention, described as "everybody's second choice." He is the editor of a newspaper at Marion; he has been lieutenant governor of the state and has been a tentative candidate for governor and United States senator. He is known in the state as an effective stump speaker. Until yesterday, however, it has appeared beyond reasonable doubt that the convention floor and the Brown nomination of second choice without a long and bitter struggle. George B. Cox of Cincinnati had declared he would stay with Judge Green B. Brown of Dayton to the fifth ballot if necessary; the progressives were refusing to consider anybody but James R. Garfield, who was not, however, an announced candidate; and the men ordinarily identified with the national administration side in state politics, were supposed to be hopelessly divided between Secretary of State Carol Thompson and Mr. Harding. The finish of the fight was peculiar. James R. Garfield announced his name would not be presented as a candidate. Simultaneously, Thompson withdrew and like Mr. Garfield, without any announced reason. Mr. Cox broke on the news of Thompson's withdrawal on the convention floor and Brown men claimed they would win on the first ballot. However, the Cuyahoga county (Cleveland) delegation of which Senator Burton was chairman, threw 76 votes to Congressman Longworth. Judge Brown, who was second on the first ballot with 412 votes, dropped to 363 in the second ballot and the Longworth vote increased from 92 to 184. Nearly all the progressives were voting for Harding. The 76 Clevelanders who all voted for Longworth on the second and third roll calls, were yelling and cheering wildly for the Cincinnati man. On the third ballot by the time the vote had reached Hamilton county, the Longworth candidacy was advancing in great strides. Chairman Cox surrendered with discretion. He arose and cast the 91 Hamilton county votes for Harding. All but 120 of the Brown supporters, some of whom had voted before Hamilton county was reached, went for Harding, and the nomination was made by the good

### T. B. WILCOX ADVISES FARMERS TO SELL

Portland, July 28.—Theodore Wilcox, president of the Portland Flouring mills, and the biggest wheat buyer on the coast, said today the farmers who sell in July and August will receive more for their grain than those who hold. He said the situation was just like last year when people became too excited over high prices, when local and foreign conditions did not justify them. He intimated there will be another slump at the season's close like last year. Wilcox would profit by a sharp advance in wheat as he holds nearly a million bushels for which he paid a high price last year.

### ANOTHER SCANDAL IS ALLEGED IN ILLINOIS

Chicago, July 28.—The Tribune today charges that a \$35,000 jackpot was raised prior to the last session of the general assembly to be used for purchasing democratic votes for John P. Hopkins for the U. S. senate. The scheme, it is charged, was blocked by Speaker Shurtliff and Roger Sullivan, the reputed democratic boss of Illinois. Hopkins, the Tribune states, did not know of the plans.

### Judges in Convention.

Bellingham, Wash., July 28.—Seventeen superior court judges of the state of Washington assembled here for the first regular meeting in 13 years, yesterday revised the rules of court procedure so that it will be more difficult to obtain snap divorce judgments. The new rules provide that divorce cases must be filed at least 30 days before trial and that in default cases the papers shall be served on the county attorney at least 20 days before trial. The new rules become effective November 1.

### AUTO SPEEDERS MUST OBEY LAW

### VIOLATORS OF ORDINANCE WILL BE PROSECUTED

#### City Council Instructs Officers to Arrest All Who Exceed Speed Limit—Recent Accidents Cause of Action—Sewer Bids Are Opened.

Owners and drivers of automobiles will be compelled to obey the speed law limitations in Pendleton after today. The city council, after a full discussion of the subject last evening, ordered the police officers to arrest, and the city attorney to prosecute, any person found violating the speed ordinances.

It was declared in the council meeting that very little attention had been paid by many automobilists in the past. Recent accidents, near and actual, also figured in the decision of the council to have the ordinance enforced. A limit of 14 miles for the city and 8 miles for the bridges, is fixed as the maximum by the speed ordinance and it is presumed that the officers will be equipped with stop watches so that they will be able to ascertain when a machine is being driven at a rate of speed greater than those limitations.

### Sewer Bids Opened.

Bids for the West Pendleton sewer extension were also opened last night. There were but two of these and they were both referred to the sewer committee, without comment or instruction. The bids were as follows: G. H. Sutherland Co., of Walla Walla, \$14,100. F. R. Mendenhall of Spokane, \$17,422. The sewer committee consists of Councilmen Sharon, Stroble and Strain.

### Must Face Two Wives.

Portland, Me., July 28.—Portland jail is not the most desirable of Maine summer resorts, perhaps, but it is a highly desirable abode to John H. Tuttle, alias O'Brien, and he will leave his grateful shade regretfully when his sentence expires tomorrow. For John will be called upon to face two wives, and the prison term for larceny which he has been serving is but a drop in his bucket of misery and tears.

### GERMANY REFUSES TO ASSIST MADRIZ

Berlin, July 28.—Germany won't protest against America's interference in Nicaraguan affairs. The foreign office today authorized this statement admitting Madriz had asked aid from Germany and Germany replied, the statement says, "politely refusing to intervene." It is learned Madriz extended the same invitation to Mexico and other European powers.

### EXILES WILL INVADE SPAIN

#### Tomorrow Promises to be a Bloody Day in Disrupted Kingdom.

### GENERAL STRIKE PLANNED AND RIOTS WILL FOLLOW

#### Several Thousand Exiles from Spain Are on Frontier Awaiting Calling of General Strike of Workingmen—Will March to Barcelona and Demand Amnesty for Participation in Last Year's Riots—Bloody Times Expected—Troops Held in Readiness.

Cerbero, Spanish-French Frontier, July 28.—Awaiting the signal for a general strike throughout Spain, several thousand well armed Spanish exiles are congregated here today preparatory for an invasion of their own country. A general strike of workmen and a big anti-government demonstration is being planned by revolutionary leaders to take place at Barcelona tomorrow where the invaders intend to march and join the strikers. There is every prospect for an exciting time and bloody disorders. It is believed riots have already occurred but are not published on account fifteen countries are present at

Barcelona, July 28.—The industrial population of Barcelona today is preparing for a demonstration tomorrow in conjunction with the invasion of several thousand Spanish exiles who will demand general amnesty for participation in last year's riots. Officials admit the demonstration promises to be a serious affair as large lots of explosives and guns have been imported by the revolutionists. General Weyler said he did not netieve the exiles would dare cross the frontier or the strikers resort to violence. He has taken military precautions to prevent violence.

### TWO ACCIDENTS ON RIVER AT PORTLAND

Portland, Ore., July 28.—As she was being backed down stream in tow of two river steamers late yesterday the British steamer Riverdale bound for Tsingtau, with almost 3,000,000 feet of lumber, struck the submerged stump of the old Madison street bridge draw pier and remains hard and fast. Examination by a diver did not disclose whether any of the Riverdale's plates are sprung. It is expected that she will be floated tomorrow after about 500 tons of her deckload is removed. The old bridge was removed a few months ago to make room for a new bridge and it was understood that the pier of the old bridge had been cut out at sufficient depth to prevent accident such as this. Earlier in the day the tank steamer Rosecrans, as she was entering the Willamette river, "sidelined" the port of Portland's dredge. Portland. The Portland will have to be placed in drydock for repairs, but the Rosecrans was uninjured.

### Lorton to Address Lawyers.

Hot Springs, Va., July 28.—Justice Lorton of the United States supreme court will be the principal speaker at the joint meeting of the bar associations of Maryland and Virginia, convened here today. Several hundred of the legal lights of the Old Dominion and Maryland are in attendance at the convention.

### Original Taft Club.

Detroit, Mich., July 28.—The North End Taft Republican Club of Detroit, which lays claim to being the first Taft club ever organized in the United States, is holding its annual outing today at Tashmoo.

## S. F. WILSON SAYS HE STANDS FOR THE DIRECT PRIMARY

S. F. Wilson, Athena attorney and assembly candidate for the republican nomination for joint senator from Umatilla, Union and Morrow counties, was in the city last evening. While here he discussed his candidacy to some extent, though he says he has not given the subject very much attention. According to Mr. Wilson he was a candidate for the joint senatorship prior to the holding of the assembly and would have continued in the field regardless of the action of the assembly. He sets forth his position regarding the assembly in the following

### TROOPS ARE ORDERED OUT

#### Governor Harmon Sends Several Companies to Quell Rioting Strikers.

### SITUATION IS BEYOND CONTROL OF POLICE

#### Strikers on Columbus Street Railway Grow Ugly and Troops Are Hurlled to Hold Them in Check—Governor Responds Immediately to Call—Sympathizers Auck Troop Train—Much Trouble Is Feared and Other Companies Held in Readiness.

Columbus, Ohio, July 28.—Two thousand state militiamen arrived here today to quell the rioting which followed the efforts of the Columbus Railway & Light company to operate street cars with strikebreakers. Mobs attacked the cars, and the police were overwhelmed. Mayor Marshall appealed for troops and Governor Harmon ordered Adjutant General Weybrecht to send all of the troops necessary. Weybrecht called out the second, third and sixth Ohio Infantry of Cleveland, a troop of the first cavalry, the signal corps and ambulance corps. He has several companies in other places in readiness.

### Troop Train Attacked.

Hamilton, July 28.—A troop train carrying company F of the third Ohio infantry to Columbus where it will be held in readiness for strike duty, was today attacked by sympathizers of the Columbus railway strikers. A shower of iron bolts was rained on the cars but none were hurt. The troops are being called out because local authorities are fearing trouble and declare the situation at various points is beyond control. They declare the strikers and their friends in some places have intimidated the strikebreakers to prevent an operation of traffic.

### Michigan Troops Called Out.

Detroit, Mich., July 28.—Four companies of the first regiment of the Michigan national guard were dispatched to Durand where the strike situation on the Michigan branches of the Grand Trunk are acute. A battalion of infantry from Grand Rapids is also en route to Durand. Major John Bersoy is commanding. Durand is one of the central points of the system.

### Strikers Deny Report.

Toronto, July 28.—Strike leaders today angrily denied the statement of Grand Trunk officials that the strikers had asked to be allowed to return to work. Railroad officials say the request was made at a conference between Presidents Lee of the trainmen and Garretson of the conductors, with President Hays and Vice President Fitzhugh of the Grand Trunk. The strikers say the report was published to weaken their position. They say they have plenty of funds to carry on the strike and will continue to fight as long as the company wants to. Matters are serious and there have been numbers of riots at various points. The railroads are loading en masse to avoid freight service.

### Buffalo Strikers Threaten.

Buffalo, July 28.—The Grand Trunk strike has become serious today when a delegation of strike sympathizers notified Yardmaster Foster of Bridgeburg that he would be shot unless he left Buffalo. Two freight cars and a caboose were burned last night and detectives are hunting for incendiaries.

Young Jay Gould is to marry a grass widow actress. None of the quiet, simple life for him.

### REMAINS OF W. ROY SAXTON TAKEN EAST

The remains of the late W. Roy Saxton, reclamation engineer, will be taken to Ripon, Wisconsin, for burial and the body on its trip eastward will be accompanied by Maurice Seroggs of Hermiston, close personal friend of the dead man and who will also serve as a representative of the Masonic Fraternity. Seroggs will start east with the body this evening. En route he will be met by George B. Saxton, father of the dead engineer, who is now enroute westward from his home in Madison, Wis. But while the family at the present time lives in Madison the old home was at Ripon, a city of 4000 people, and the interment will be at that place.

Accompanied by J. W. Campbell and Percy Littlefield of Hermiston, Maurice Seroggs passed through the city last evening on the way to La Grange to take charge of his friend's remains. Campbell and Littlefield will return today.

### Located the Reservoir.

Credit for having first discovered the fact that the Cold Springs reservoir site was adequate for the purpose for which it is now used has been given to the dead engineer. At a banquet held at Hermiston last fall in honor of Congressman Ellis and a party from this city one of the speakers alluded to Saxton as the discoverer of the reservoir site. He was a member of the reclamation force under J. T. Whistler at that time and did much of the field work preparatory to the starting of the Umatilla project.

### Field Day for Eagles.

Providence, R. I., July 28.—Providence echoed today the cheerful "Yea, Yea" of thousands of Eagles, who flocked together in this city to hold the annual New England field day of the order. All of the series of the six states are represented in the conclave. The order has voted to erect a monument to the memory of J. W. O'Connor, of Nashua, the founder of the annual field day, in that city.

### DAN P. SMYTHE IS SERIOUSLY INJURED

### LAWYER-SHEEPMAN HURT BY STOCK TRAIN

#### Was Taking Trainload of Sheep to Tacoma and Was Injured at Hot Springs, Wash.—Has Hopeful Show for Recovery.

Startling news was received here this morning of a serious accident to Dan P. Smythe, well known lawyer and sheepman, vice president of the Commercial club and secretary of the state woolgrowers' association. The first news came in a wire to Mr. Smythe's law partner, Charles H. Carter and conveyed the information that Smythe had been seriously hurt while riding on a stock train near Hot Springs, Wash. At the time he was shipping a trainload of sheep to Tacoma and had personally accompanied the shipment. The sheep were loaded at Athena yesterday.

The Hot Springs referred to is a resort on Green river and is a short distance from Tacoma. According to the information received the injured sheepman was taken to the sanitarium at Hot Springs and is being treated there.

Aside from the message received this morning by Mr. Carter a message was also received by Gus Smythe of Arlington, a brother of Dan P. Smythe. That message gave his condition as serious but stated that his chances for recovery were hopeful.

Mr. Carter left this morning by a freight train for Pasco and will soon reach the bedside of his partner.

### Lost Left Arm.

Hot Springs, Washington, July 28.—There was no wreck. Dan P. Smythe was injured as follows: After the N. P. special stock train had passed through Stampede tunnel at 2 p. m. today Smythe and his helper went forward to see regarding his six carloads of sheep and the train began to move when the two men turned to go back to the caboose. Smythe caught his foot on a rail and fell under the train. His left arm was run over lengthwise by several wheels of the train. His head is badly injured and there are three enormous cuts and a penetrating wound over the right eye, with a fracture of the frontal bone, also a cut over the right cheek with a fracture of the superior maxillary plate. He was brought to Hot Springs on the stock train which arrived there hours after the accident and was placed under the care of Dr. J. S. Kloeber, who amputated the left arm at shoulder joint and attended to other injuries at 3 p. m. Smythe has recovered from the shock of the injury and operation and is resting quietly and but partly regained consciousness. Dr. Kloeber considers his condition at this hour as more favorable than when brought to his service, with more than even chances of recovery.

### T. R. WILL STAY IN BACKGROUND

#### Strenuous One Indicated That He Will Not Put Himself Forward.

### STATES HE WILL HELP MEN WHO HELPED HIM

#### Roosevelt in Speech Yesterday Declares He Does Not Want to Be Accused of Assuming Dictatorship by Taking a Too Prominent Part in Political Campaign—Hears News of Deposition of W. J. Bryan—Colonel Gets Amusing Letter.

Oyster Bay, July 28.—Those who heard Theodore Roosevelt talk at Sagamore Hill yesterday afternoon came away with a sharply defined shadow of what his attitude will be in state and national politics. Primarily he wishes to be in the background in the campaign for he feels that by taking too prominent a part in it he may be accused of assuming dictatorship.

Broadly speaking, he will, as he has said on several occasions, do all in his power to help the men who stood by him in his policies but is noncommittal as to whether he expects to carry his policy to the point of coming out openly in favor of the republicans all over the country whom he considers to be standing for his ideas. He does say, however, that he must forget factional differences and even party lines and support the men and things he believes stand for the best interests of the country as a whole. The republican situation in this state is shifting so rapidly the colonel says, he was having trouble keeping pace with it. In yesterday's interview there were mentioned to him the names of Representative Hamilton Fish and W. H. Hotchkiss, state superintendent of insurance, as having been spoken of recently in connection with the gubernatorial nomination. He replied by naming over the whole list of men who have been mentioned adding that he had no idea whatever as to who the best man would be.

The colonel said he had not been reading up on Nebraska politics lately and had not heard how Win. J. Bryan had fared in the convention of the democrats. The interviewers broke the news of the setback to the Nebraska and the colonel asked whether the differences of opinion had arisen because Mr. Bryan went too far or not far enough in his proposed temperance legislation. After he was told the case there was nothing which he cared to add in comment on Mr. Bryan.

A letter caused great amusement to Mr. Roosevelt. When he was in New York last Friday he told interviewers after a conference with several politicians he had had an interesting discussion on literature. The newspapers printed his little joke which brought forth the letter received yesterday. The writer accused the ex-president of trying to make people think he had been discussing literature instead of politics and wound up by saying: "Maybe you can fool the feeble-minded reporters, but you can't fool the public like that. I knew all the time."

### BONES FOUND AT NEWPORT NOT THOSE OF MISS NOIS

Newport, Ore., July 28.—The two sisters of missing Sophie Nois arrived at Newport last night and examined the bones of the woman found in a gunnysack but failed to identify them. They said the remains are not those of their sister. This leaves the gunnysack mystery more involved than ever. Sheriff Ross said today that he hoped soon to learn the identity of the dead woman and no efforts would be spared in hunting down the murderer.

### Brazil's Head Coming.

New York, July 28.—President-elect Hermes de Fonseca of Brazil, who is now visiting Europe, is expected to arrive in the United States next week and will spend a month in this country. He will be inaugurated chief executive of the big South American republic next November.

### "CRIPPEN IS ABOARD" SAYS A WIRELESS

Montreal, July 28.—A wireless dispatch from the steamer Montevideo says "Crippen is aboard." This means, if true, that the world wide search for the alleged wife murderer is ended and that he will be arrested the moment the steamer reaches America. The police are already at Father's point waiting for the ship which is due Saturday.
