March, New Colonel Hall

Beginning at 8 o'clock, the weekly free band concerts by the United Orchestra will be given this evening in the fair pavilion.

Director Frank Carruth has used the same care in preparing tonight's program that has characterized every program rendered by the big local organization throughout the summer and therefore it will be just as enjoyable. The rehearsal last evening was one of the best yet participated in by the members of the orchestra.

This is the last month that the concerts will be given unless some arrangements are made for their continuance. The contract with the commercial club expires this month, however, and it is presumed that the series will be permitted to end at that time.

PRINCE OF WALES WILL VISIT UNITED STATES

London.—Unless there is a change in their plans the Prince of Wales and his brother, Prince Albert, will visit the United States during their tour of the empire, which is now being arranged.

King George while prince of Wales traveled more extensively than any of his predecessors and finds the intimate knowledge he thus gained of his "dominions beyond the seas" is of great value to him now. It is his purpose to give his sons an even wider knowledge of the great empire one of them in the course of time will be called upon to rule.

Tour Will Last a Year.

The tour of the princes will last at least a year, perhaps longer. They will visit South Africa, India, Australia and Canada, spending some time each in these great empires within the empire.

While in Canada the present idea of the king was to arrange the itinerary of the princes so that they will be able to see some of the great American cities. Just which American points will be touched it is of course impossible to say yet. While King George does not hold the individual American in as high esteem as did his father, he is fully alive to the political importance of fostering the most friendly feeling possible between the two great branches of the Anglo-Saxon race. He is convinced that a visit to America by the little princes will do much to advance this friendship and it is for this reason he plans the American trip.

Will Enter University.

On their return the Prince of Wales will go to one of the universities and afterward enter the army. His brother will prosecute his studies at the naval college Dartmouth. Rumor says that the duke of York will be his before this time next year.

Izzet Pasha Will Come.

Berlin.—It is stated that Izzet Pasha, chief of the Turkish general staff, and Djavad Pasha, director of the Turkish staff college will attend the grand maneuvers of the German army, which this autumn are to be held in the neighborhood of Danzig. A number of other Turkish officers, under the charge of General Von der Goltz, will be present during the maneuvers of the eastern army corps.

Roller skaters—Skating rink open Monday, Wednesday and Friday nights. Music by good orchestra. Everybody invited.

Whatever people may think of you do that which you believe is right. Be alike indifferent to censure or to praise.—Pythagoras.
