BEAN OUT FOR SUPREME BENCH

Circuit Judge Announces His Candidacy for Four Year Term.

WILL MAKE RACE AGAINST McCAMANT OF PORTLAND

Judge H. J. Bean Will Circulate Petition Immediately—Will Oppose Portland Attorney—Was Not Up Before Assembly—Bean Has Been Resident of Pendleton 29 Years and Has Served in Public Offices for Many Years.

Circuit Judge Henry J. Bean is now in the race for the republican nomination for supreme judge and he will seek the four year term in opposition to Wallace McCamant, the Portland corporation attorney who was named by the assembly.

The announcement of his candidacy was made by Judge Bean this morning and was evidently made after a careful examination of the situation.

For some months it has been rumored that Judge Bean aspired to the supreme bench and there were many who urged him to go before the assembly. However, his name was not presented at the Portland meeting.

At the assembly Wallace McCamant and Judge McBride were endorsed for the four year terms but in the race for the nomination Judge Bean will stand as the especial opponent of McCamant to whose selection much objection has been raised.

The petitions for Judge Bean's nomination will be placed in circulation at once and the following announcement of his candidacy will be filed with the secretary of state.

To the Honorable F. W. Benson, Secretary of State for Oregon and to the Members of the Republican Party and to the Electors of the State of Oregon:

I, Henry J. Bean, reside at Pendleton, Umatilla county, Oregon, and my postoffice address is Pendleton, Oregon. I am a duly registered member of the republican party. If I am nominated for the office of justice of the supreme court of the state of Oregon for the term of four years, at the primary nominating election to be held in the state of Oregon on the 24th day of September, 1919, I will accept the nomination and will not withdraw, and if I am elected I will qualify as such officer.

If I am nominated and elected I will during my term of office administer the law fairly and impartially to the poor and the rich.

His Political Record.

For 29 years Judge Bean has been a resident of Pendleton and during that time has devoted his time to practicing law and to serving as a public official. He was first elected as a representative in the legislature in 1888 at the time Umatilla county was in the democratic column. In 1896 he was elected as district attorney for this judicial district and he was re-elected to that position in 1898, the district attorney at that time serving for but two years term. In 1904 the judge was chosen county judge and after serving two years in that capacity was nominated by the republicans for circuit judge and was elected. His term as circuit judge will not expire for two years yet but in the event of his election as supreme judge he will resign from the circuit bench.

Judge Bean is a native of the state of Maine and came to Pendleton June 30, 1881. He has been a continuous resident ever since that time and has always been active in working for the advancement of this community and of eastern Oregon.

Judge Bean has been a life long republican.

HOSPITAL CORPS SETS NEW RECORD FOR SPEED

Tacoma, Aug. 5.—All records were broken at Camp Cosgrove by the hospital corps in breaking camp, moving, and in returning and resetting the hospital service today. Twenty-three tents were struck, packed, moved and returned in 23 minutes. Tomorrow there will be a battle but just what the nature of the contest is to be the officers are keeping secret.

Some pluck is just bold enough not to show when it is scared.

JOHNSON TO INVADE EXCLUSIVE DISTRICT

New York, Aug. 5.—Jack Johnson, the pugilist, is reported to have closed a deal for a \$120,000 mansion on Brooklyn Heights in the exclusive district.

It is rumored neighbors will take drastic measures to eject the pugilist.

PLANT BIG APPLE ORCHARD AT MILTON

Milton, Or.—J. H. Hall, W. F. Kerts and C. M. Hall have bought the 150 acre Wright farm, three and three-quarter miles west of town on which they propose to set 10,000 Rome Beauty, Winesap and Jonathan apple trees.

As soon as the first fall rains put this land in shape, it will be thoroughly plowed and with slight leveling will be in excellent shape for planting the trees. This will be done during the fall and early winter. By spring the owners of the apple land expect to have completed a modern irrigating system, procured by pumping from a large well to be struck on the place. Electric power will be used in operating the pumping plant. It is the plan of the present owners and promoters of this project to pipe water underground to every 10 acre tract in the entire 150 acres.

ANOTHER MAYFLOWER LANDS AT PLYMOUTH

PRESIDENT TAFT TAKES PART IN DEDICATION

Participates in Presentation of Giant Stone Tower to Nation to Commemorate Landing of Pilgrims—Forgets Naval Etiquette in His Review of Warships.

Provincetown, Mass., Aug. 5.—Eight battleships and a great fleet of smaller vessels greeted the Mayflower with the presidential salute as the vessel bearing President Taft entered the harbor today. Taft arrived to participate in the presentation to the nation of a giant stone tower on Plymouth harbor where the Mayflower grounded 300 years ago.

As the Mayflower steamed through the lane of warships President Taft held his first naval review and fractured rigid naval etiquette by waving his hand to thousands of bluejackets who cheered him.

Taft was taken to the speakers' stand on landing. After an invocation, President Elliot of Harvard, delivered the oration of the day. Senator Lodge transferred the stone shaft to the people of the nation and the president then accepted the monument in behalf of the nation.

MANY WOMEN BRAVE DANGERS OF THE AIR

London.—The recent terrible accident to the Baroness DeLaroche (or, more properly, La Roche), who fell from her aeroplane at Rheims, draws attention to the number of women to whom voyages in cloudland have become quite a hobby.

"Women will be the last thing to be civilized." At least so said the late George Meredith, but in spite of his wisdom it is by no means sure that he was right in this particular, for the modern woman goes in for everything that is new and fresh and for the last word in up-to-date improvements. Women took up telephones, drove motors as soon as their wiser halves went in taxis the first day that they were on the streets and have now gone in hot and strong for balloons and aeroplanes.

The recent crosschannel flights have excited immense interest; airships are built and bought, and the big crowd of women that one sees at Ranelagh on Saturdays is proof enough, if any were needed, that the airship craze has caught on in London.

Up to the present the only royal women who have sailed in airships are the Queen of Wurtemberg, Princess August Wilhelm of Prussia, and the Duchess of Aosta. Princess di Teano is another Italian balloonist. She is not royal, but belongs by marriage to one of the noblest houses in Italy.

RALEY HEADS FRONTIER SHOW

With Great Enthusiasm Manifest Officers are Chosen to Handle Coming Exhibition.

WILL BE BIGGEST AFFAIR OF NORTHWEST

Stirring Contests in Horsemanship Will be Arranged—Indians to Participate and Likewise Soldiers from Army—Will Continue Three Days.

With the greatest of enthusiasm and harmony prevailing the Northwest Frontier celebration association was duly organized last night and a set of officers chosen to handle the coming exhibition. As chosen by acclamation the officers and directors will be as follows:

Officers. J. R. Raley, president; Will Ingram, business manager; J. H. Gwinn, secretary and Roy Rittner, treasurer; Paul Sperry, parade manager and Mark Moorhouse, exhibition manager.

Each of the nine directors is to be a chairman of a committee and as chosen last night they are as follows: W. E. Brock, finance; L. G. Frazier, grounds; Fred Stelwer, competitive events; Ben Hill, non-competitive events; Harry Gray, transportation. T. D. Taylor, livestock; Roy Bishop, Indians; C. J. Ferguson, military, and L. D. Drake, publicity.

In addition to the above officials an advisory committee is to be named and that board will be composed partly of men living outside of Pendleton.

At the meeting last night W. E. Brock presided and at the opening of the session J. R. Raley read the by-laws that had been drafted for the government of the association. With slight changes the by laws were adopted as read. The election of officers was then taken up and passed off without contest.

For a Grand Show. In responding to a call for a speech after having been chosen as president of the organization J. R. Raley made an enthusiastic talk in which he outlined the plans for the coming celebration. The affair this year will be held during the district fair week and the ball park will be used. It is planned to construct a race track within the grounds, enlarge the seating capacity and make many other changes and improvements.

In arranging the exhibition and celebration talent will be drawn from all parts of the west and every effort will be put forth to establish for the celebration a reputation that will prove a drawing card in future years. Contests in riding, roping, etc., will be held and the contest will be for the northwest championships. A big band of Indians will be secured from the reservation and Indian parades and dances will be a feature of the show. It is also intended to secure detachments of cavalry and of artillery from the army to pull off various military stunts and maneuvers.

For three days Pendleton will be the scene of the greatest frontier exhibition that has ever been held in the northwest and it is anticipated that thousands of people will come to the city to see the celebration.

When indifference shows, it is not real indifference.

JUDGE HENRY J. BEAN. Candidate for Nomination for Supreme Judge.

HAMON SAYS GORE IS LIAR

Denies He Ever Suggested Bribe to Blind Senator for Influence in Senate.

CONGRESSMAN CREAGER ALSO MAKES DENIALS

Second Day of Congressional Investigation of Alleged Attempted Bribe in Oklahoma Indian Land Cases Marked by Denials on Witness Stand—Hamon Brands Gore as Liar for Making Charges—Creager Says Contracts Not Mentioned to Him.

Muskogee, Aug. 5.—Jake L. Hamon former chairman of the Oklahoma territorial republican committee, took the stand today and denied he ever offered a bribe to Senator Gore. He said he made no improper offer regarding contracts and denied specifically parts of the conversation which Gore attributed to him in a conference at Gore's office in Washington.

On the stand Hamon said: "There is absolutely no foundation for Gore's story. I did not suggest to him on May 6th or at any other time that he could get \$25,000 or any other sum out of the McMurray contracts." "When Gore suggested that he might secure \$25,000 if he would fight the McMurray contracts, Gore lied," said Hamon. "McMurray had not sought to interest me in the contracts and at no time did I ever intimate to any man or men I was interested in them."

"Do you know of any reason why Senator Gore should make these charges?" asked Congressman Burke. Hamon replied: "I know Gore has been prosecuted on criminal charges in Texas and that his brother has been accused of crime, but I don't think my knowledge of these matters would lead the senator to accuse me."

Congressman Creager, republican, was the first witness. He said he had not received an offer of a share of the contracts through Hamon. He said: "I have known Hamon for four or five years. I first knew him when he became chairman of the republican state committee. He and Congressman McGuire are friends and occupied the same rooms in Washington. As far as I know Hamon had no interest in the McMurray contracts. He told me he might get an interest but I didn't understand our conversation as an offer to get an interest in them for me. Hamon suggested I see McMurray. I did but McMurray did not mention any contracts." He declared McMurray never offered to let him in on the contracts and did not suggest a bribe to him.

Gore was out of humor during Creager's testimony. He examined Creager asking him what Hamon had said to him in reference to testifying before the committee. Creager replied, "Hamon asked me if I would testify, and I said I would, and told him what my testimony would be. He regretted I would be compelled to make the statement."

D. L. Gore, brother of the senator, testified that Gore was the author of the Indian lands bill which resulted in the indictment of a number of people in the "town lot" cases. Governor Haskell was indicted in connection

with these cases. It is expected that Senator Gore will be recalled during the afternoon.

The investigation is the outcome of charges that certain parties tried to bribe Gore to withdraw his opposition to legislation before the senate which gave certain officers the right to validate contracts with Indians in selling lands.

Sherman Makes Denial. Big Moose, N. Y., Aug. 5.—Vice President Sherman today sent a telegram from his summer home to the United Press saying: "The story coming to me of Gore's charges at Muskogee is absolutely without the slightest shadow of foundation. I never heard my name mentioned in connection with the McMurray contracts. I didn't have any interest of any kind in the Indian contracts other than the interest I have always taken in the welfare of the Indians. I shall always have this interest, but it isn't a personal one. The story as far as my name is concerned, has no foundation whatever," continued Sherman's message.

Denials Expected, Says Gore. Muskogee, Aug. 5.—Senator Gore was not surprised at the denial of Sherman and said: "Such denials as those of Sherman and Senator Curtis are to be expected." Hamon has asked to be allowed to appear before the committee. He said: "I think I can square myself." The committee resumed the sessions today.

Want Sherman to Take Stand. Utica, Aug. 5.—Sherman's friends will urge him to take the witness stand before the investigating committee, and refute the charges by Senator Gore. They contend that Sherman's connection with the case is merely unpleasant, as he had absolutely no interest in the contracts.

Teddy Won't Talk. New York, Aug. 5.—A score of newspaper men awaited the arrival of Colonel Roosevelt this morning at the Outlook office to question him regarding Sherman's connection with the Indian investigation. Roosevelt said: "I have no statement to make about Sherman," and denied himself to callers thereafter.
