SOME SHORT NEWS NOTES FROM WESTON

(Special Correspondence.)
Weston, Ore., Aug. 10.—George B. Baker, after a visit of two or more weeks with his parent, M. A. Baker, returned on this morning's train for Alberton, Mont., where he is operator on the Missoula division of the Chicago & Milwaukee R. R. He was accompanied by his brother Ward, who expects to also enter into the employ of the company.

The remodeling of the Methodist church by the carpenters has been completed and the finishing of the interior is now in the hands of the paper-hangers and painters.

E. G. Brehm, after spending several days at home attending to business matters, has again left for the Alba county to look after his ranch interests in that neighborhood.

H. A. David, one of Weston's well-known farmers is seriously ill with an attack of typhoid fever.

S. J. Cully, who is farming the DeGrow ranch south of town, secured 50 bushels per acre from his fall sown wheat and 40 bushels from spring sown.

A pleasant birthday party was held at the family home yesterday in honor of Miss Hortense Baker, it being the anniversary of her 11th birthday. The following little guests were present: Misses Ruby Price, Mamie Barnes, Minnie Ross, Pearl Beathie, Ruth Smith, Hope Beeler, Bonnie Barnett, Maude Couch, Ruth Reed and Blanche Beeler. Refreshments were served on the lawn, and many birthday gifts were received by the little hostess.

The Italian grading gang who have been at work on the railroad at and near the city for several weeks have moved their quarters to Athena, where they will make repairs on the roadbed in that vicinity.

Miss Maude Wright of Athena, is at the parental home with her infant daughter spending the week.

John Hager of Gibbon, Ore., has received the appointment of substitute rural carrier on R. F. D. route No. 2, Weston, and will perform the duties of carrier on that route while F. L. Pitman the regular carrier is taking his annual vacation of two weeks that the department allows carriers.

Jasper O'Hara of Southern Oregon came in on the morning train to visit his brothers Marion and Ivan.

William T. Hastings who has been seeking a location for several months since disposing of his interests here, returned today for a short stay with his family.

The brick and cement work on the new residence of Mayor Turner having been completed a force of carpenters are now at work and will soon have the building enclosed.

Mrs. John Hager and infant is here on a visit of a few days at her mother's home, Mrs. Sarah Powis.

John E. Walden of Weston mountain was in today patronizing the home merchants.

For the Funeral Mutes.
Paris—The latest thing in humorous papers in Paris is "Le Petit Corbillard" (The Little Hearse), an illustrated fortnightly paper costing three-halfpence, and containing more or less humorous articles and pictures about funerals and everything that interests the funeral mutes. Among other things there is an epitaph competition, and during the summer personally conducted tours to the principal chynps and cemeteries of France will be organized by the proprietors of the paper.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all dealers.

King George May Visit Uncle Sam.
Since it is announced that King George will visit Canada in 1912, Americans in London have begun to take steps to appeal to the United States to persuade his Majesty to go to the United States also. To accomplish this they hope to have a bill introduced when Parliament meets next winter, making it possible for the reigning sovereign to leave his domain during incumbency to visit another country. Progressive statesmen are looking with less and less favor upon the traditions which so limit the pleasures of the ruling head of the country.

HUNDREDS GATHERING
WALLA WALLA CROP
Walla Walla, Wash., Aug. 13.—Hundreds of men, women, boys and girls are now employed in the fruit-packing establishments of the valley, and from now on until the apple crop is disposed of there will be employment for all who desire it. The orchards are filled with pickers, and the work of harvesting the fruit is going ahead rapidly.

Thousands of dollars will be paid out in wages before the crop is taken care of, and for the first time probably in the history of the valley the money paid out will exceed that of wages in the harvest fields.

Orchardists Prefer Girls.
Girls are much preferred by the orchardists of the valley for picking the fruit, their work being much neater, better and faster than that of the men. At this time most of the men who are looking for work are employed in the harvest fields, but as soon as this work is done there will be a general rush to the orchards.

Prunes are the center of attraction just now, and hundreds of tons of this fruit is being prepared for shipment. The cars of fruit eastbound are being sent out regularly now, and the shipments are much larger than ever before in the fruit growing history of the valley.

Results From Packing School.
Apple growers are expecting great results from the apple packing school that was held here last winter, and they believe that their fruit will be much better prepared for shipment this year than ever before as a result of the instructions given.

Not only did the actual operators who work in the packing houses learn the art of packing, but the owners of orchards themselves took the lessons, and are much better prepared than ever before to supervise their packing.

There has been as yet little difficulty in getting help to take care of the fruit, but orchardists say that hundreds of helpers could be put into service right now.

Daily East Oregonian by carrier only 65 cents per month.

Rheumatism
Is a Constitutional Disease.
It manifests itself in local aches and pains,—Inflamed joints and stiff muscles,—but it cannot be cured by local applications. It requires constitutional treatment, and the best is a course of the great blood purifying and tonic medicine **Hood's Sarsaparilla** which corrects the acid condition of the blood and builds up the system. Get it today in usual liquid form or chocolate tablets called **Sarsatabs**.

**ENGAGED FOR SIXTY YEARS
AGED COUPLE ARE WEDDED**
Sofia.—The marriage has been solemnized at Bralla of Maria Legza, aged 80, and Joseph Stolesco, aged 85, to whom she had been engaged for nearly sixty years.

As a girl of twenty, Maria had consented to marry Stolesco, but her father having opposed the match, she had agreed that she would never marry as long as he lived. The father has just died, aged 113, and the couple were united after the funeral by the bishop of Bralla.

UMATILLA OPPOSES PRIVATE PROJECTS

FAVOR GOVERNMENT
EXTENSION AT HERMISTON
People of Far West End Have No Faith in Development by Private Corporations—Short News Notes of Umatilla.

(Special Correspondence.)
Umatilla, Ore., Aug. 12.—The people of Umatilla and of this end of the county are more than anxious to have the government do the work on the West Umatilla project as it has been proven time and time again that private corporations handling ventures of this kind are in the end dismal failures and detrimental to the better interests of the country. The completion of the west project means much to Umatilla and Hermiston as it will open up new country between both towns and help both materially. Eastern capitalists have been looking over the different sections around here and all vote Umatilla's location an ideal one for a large commercial center.

E. T. Erickson, engineer of Hermiston, was here during the week making some changes in the river water gauges, also making surveys for other changes at this important station.

A. B. Stephens was a Pendleton visitor on Thursday.

J. H. Means was a visitor to Portland the early part of the week. Among the visitors in the city today are: H. L. Paul and Mrs. Paul of Redfield; E. C. Albright of Chicago; G. H. Munroe of Kokomo, Ind.; J. W. P. Ligon, V. E. Brunbank of Portland and P. J. Hegeman of Brookings, S. D.

C. J. Forsythe was a Pendleton visitor on Thursday.

David Emerson and E. H. Brown of Stanfield, are visitors here in route to Portland.

Jeff Stephens was called to Coos, Wash., on account of the illness of his brother, who is residing there.

T. H. Chung, who has been confined to his room for a few days, is now convalescent.

Chris Christensen, foreman for Scott, Jones & Co., has gone to Walla Walla for a few days.

Mrs. A. L. Pierce, who was a visitor at Hermiston for the past week, has returned home.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.

GOVERNOR HAY OFFERS CUP
FOR DRY FARM EXHIBIT
Spokane, Wash.—Evidence of his faith in the modern tillage and as a testimonial to the success of dry farming, Governor Marion E. Hay of Washington, offers a solid silver trophy cup, valued at \$250, as the grand prize for the best state exhibit, Washington barred, at the International Dry Farming exposition in connection with the fifth Dry Farming congress in Spokane, October 3 to 6. The gift is a private one. Governor Hay is a practical farmer.

Colorado captured the state cups at the third and fourth congresses and exhibitions at Cheyenne, Wyo., and Billings, Mont., and has already notified John T. Burns, secretary, treasurer of the congress, that it will enter the state contest this year in an effort to win the third cup in succession.

Montana, however, has arisen to the occasion and is now gathering an exhibit that promises to be a worthy rival. Other competitors probably will be North Dakota, South Dakota, New Mexico, Texas, Oklahoma, Arizona, Nevada, Utah, Wyoming western Kansas and Nebraska, Idaho and Oregon.

The following rule has been adopted by the board of governors of the congress regarding the territory from which exhibits of products can be accepted for exposition purposes:

"Exhibits will be accepted at the International Dry Farming exposition from that territory in the United States including and west of the 98th meridian and up to and including the 21st meridian, where the annual precipitation averages under 20 inches. It is understood, however, that such products will not be accepted when grown upon seepage, irrigated or sub-irrigated land."

Mr. Burns says that much interest has been aroused in the United States, Canada and Mexico in the coming congress, and he looks for large delegations from various parts of the continent.

If your liver is sluggish and out of tone, and you feel dull, bilious, constipated, take a dose of Chamberlain's Stomach and Liver Tablets tonight before retiring and you will feel all right in the morning. Sold by all dealers.
