ALL ABOUT THE BIG ROUND-UP

Promoters of Annual Wild West Show Explain Their Plans in Detail.

TO BE ONE OF GREATEST ENTERTAINMENTS IN WEST

Not to Be Made Purely a Local Show but a Northwest Affair—Exhibition Not Being Given for Money-Making Purposes—All Receipts to Be Used in Building Better Show—Stock Is Subscribed in 10 Shares—\$3000 Is Needed for Success.

Since the first idle talk of a frontier show for Pendleton has developed into well-laid plans for an annual wild west exhibition to be known as "The Round-up," the first such occasion which will be pulled off here September 29 and 30 and October 1, is the subject of much talk.

The organization is composed of approximately 250 of the leading business and financial men of the city of Pendleton incorporated under the name of the Northwestern Frontier Exhibition Association.

Purpose. The purpose of the organization is to give an annual exhibition something along the lines of the annual frontier show held at Cheyenne, and to offer the championship of the Northwest for the various frontier events.

What would probably rank as the second event in importance is the steer roping contest.

Other events will be men's and ladies' relay races, pony express races, tug of war, pistol shooting from horseback, and fancy roping and riding.

It is also the hope of the organization to secure detachments of cavalry from the best rough riding troops and a detachment of artillery probably including the famous Mountain Battery.

Suitable grounds have been secured. NO LAW PREVENTING ACCEPTANCE OF WINE. Washington, Aug. 19.—The navy department today politely announced that there is no navy regulations to prevent officials of the cruiser California from accepting 100 cases of California wine presented by a wine association.

on which will be laid out a one-quarter mile track, enclosing a fine arena, and full seating capacity will be provided by the erection of special grandstands and bleachers, and everything possible done in order to bring off a fast, snappy and thrilling three-day's exhibition.

Results. The promoters believe the result of this form of entertainment will be to bring to Pendleton more outside people than have ever been here at one time before.

There can be no question but that a contest of this kind is a great drawing card. The annual contests at Cheyenne, although a less amount is expended upon them than upon many county fairs throughout the northwest, draw immense crowds from the sparsely settled states of Wyoming, Montana and Colorado, and of course from coast to coast outside people come.

The exhibition is unique in the northwest. Many contests have been

SPEEDY CLASHES TO BE SEEN AT STATE FAIR

Salem, Or., Aug. 19.—When the gates open for the forty-ninth annual Oregon State fair the 12th of next month, the visitors who enjoy horse racing will undoubtedly see some of the speediest clashes ever seen in the west and from the talent that is now training on the track and the excellent condition of the course, new track and western records are looked for by prominent trainers.

Under competent track men the course is being worked down every day until it is now faster than in the history of Oregon State fair racing. Three days a week, Tuesday, Wednesday and Friday, see lively brushes between the speed kings and queens of the West.

During the five days of racing, September 12 to 17 inclusive, each day includes purses that are attracting horse owners from all over the country.

GOVERNORS TO SEND VIEWS TO ST PAUL

KELLOGG ASSURES THEM THEY WILL BE PRESENTED

Conference of Western Governors Prepare Statement for National Conservation Congress—Is Tantalizing to Declaration of States Rights.

Salt Lake, Aug. 19.—Western governors conferring today voted to send representatives to the National Conservation congress at St. Paul, after Frank B. Kellogg had promised their views regarding conservation would be presented to the congress.

In addition to the competitive events a band of Indians from the Umatilla reservation will be secured to give Indian parades, races and war dances. It is the purpose of the organization to secure an encampment of approximately fifty Indians with their teepees immediately upon the grounds of the exhibit.

Smoot will attend the congress as the representative of Governor Spry. He and Senator Borah of Idaho will be the chief spokesmen for the state's rights faction.

BURKE WILL WITHDRAW TO DEFEAT POINDEXTER

Seattle, Aug. 19.—The Seattle Star today says: "G. Burke of Seattle will withdraw from the United States senatorial race in favor of John Wilson, publisher of the Post-Intelligencer, his bitter rival, for the purpose of beating Miles Poindexter, insurgent. A formal announcement, says the Star, will be made soon. It is known Poindexter's campaign throughout the state has caused the regulars much worry and it is believed has decided them to concentrate on one candidate."

Burke Denies It. Bellingham, Wash., Aug. 18.—G. Burk denied vehemently that he would withdraw from the senatorial race in favor of Wilson to beat Poindexter. He left for Vancouver today.

WANT LOWELL FOR GOVERNOR

Effort Being Made to Induce Local Man to Enter Gubernatorial Race.

BEN SELLING AND JUDGE WEBSTER ARE NAMED

Strong Effort Being Made by Anti-Assembly Republicans to Induce Either Pendleton Man or One of Two Portland Men to Make Race Against Bowerman—Dimick, Hofer and Abraham Do Not Satisfy—Judge Lowell Reluctant But May Enter Lists.

It is rumored in the inner political circles here that within the next few days either Judge Stephen A. Lowell of Pendleton, Senator Ben Selling or Judge Lionel R. Webster of Portland, will enter the gubernatorial contest as an anti-assembly candidate. It is reported that strong pressure has been brought upon Judge Lowell in Portland and the Willamette valley to make the race against Bowerman, and that he is giving the subject careful consideration.

Local republicans who are opposed to the manner in which the delegates to the state assembly were selected and who believe that the assembly was dominated and manipulated by the same old gang that made the old political conventions a stench in the nostrils of decent citizens are earnestly and sincerely hoping that some of the three candidates in the field can be induced to withdraw and that Lowell can be induced to make the race.

Lincoln, Neb., Aug. 19.—With returns from two thirds of the state in, Mayor Dahlgren of Omaha is leading Governor Shallenberger by a plurality of 2000 but Shallenberger will not admit defeat. The result is yet in doubt as Dahlgren is weak in the rural districts.

DAHLMAN MAINTAINS HIS MAJORITY OVER RIVAL

San Francisco, Aug. 19.—Backed by prominent business men, W. T. Murray, an inventor will launch his monster dirigible balloon in September and hopes to inaugurate a service between this city and Los Angeles. He will use helicopters heretofore untried as a means of ascent and descent and horizontal propulsion by three powerful gasoline motors.

To Tour China. San Francisco, Aug. 19.—More than a hundred of the leading business men of the Pacific coast have signified their intention of taking part in the excursion to China which will leave this city next week.

Denies Gov. Benson IS AT DEATH'S DOOR

San Francisco, Cal., Aug. 19.—Dr. Worden, Governor Benson's physician, emphatically denied today that the Oregon executive is at the point of death. Benson has been so weak that he has remained in bed until the last few days and does not move about much. He has cancer of the nose which threatened for a time to destroy the sight of his right eye. The doctors say he is yielding to treatment and Benson expects to return to Salem soon.

For some time Benson has been staying at the Ross home in Marion county. Yesterday he returned to his apartments in this city and seems in much better spirits. It is admitted that a change for the worse may come at any time.

T. R. WILL PLAY WAITING GAME

Will Stand Aside From New York Campaign to Avoid Factional Fight.

WILL THIS BE FREE FROM ALL RESPONSIBILITY

Conference Between Roosevelt and Close Friends Results in Adoption of Definite Plan—"Old Guard" Will Be Left to Fight its Own Battles—Roosevelt Reserves Right to Enter Campaign Should He Deem It Necessary—May Again Run for President.

New York, Aug. 19.—It is believed that Colonel Roosevelt will not take part in the coming New York campaign though it is known Lloyd C. Griscom, chairman of the New York republican county committee, is urging him to carry his fight for temporary chairman to the Saratoga convention. Roosevelt's advisers, Griscom excepted, opposed the plan of making a fight. They declare that the "old guard" might bolt thus leaving the colonel leader of the minority should Roosevelt win his fight.

Yesterday the colonel gathered about him a group of his close friends and talked over with them the situation which is best expressed in the reports that relations between President Taft and himself are strained to the breaking point.

From what was said by some of the visitors it was learned that the colonel and his friends have agreed on a plan of action which will hold until the situation shapes itself more clearly.

Through some of yesterday's visitors it was learned why the colonel has decided to keep his hands off. He feels that the republican state committee in refusing to endorse him for temporary chairman of the Saratoga convention—a position he had agreed to accept, much against his will, with the knowledge that he would be held responsible for election results—acted in a manner that would make further activity on his part look as if he was leading a factional fight against the administration.

Reserves Right to Enter. One important provision was emphasized at the conference. Those with whom he talked were made to understand clearly that Colonel Roosevelt reserves to himself the right to enter the thick of the fight at any time, if he believes that the policies of which he is the exponent are in jeopardy. But he let it be known that he would do so with much reluctance, for he feels that in such a contingency he might be led inevitably into a con-

UNPUBLISHED REPORT CREATES SENSATION

MORE LIGHT THROWN ON INDIAN SITUATION

Report of J. H. Powell to Interior Department Shows Methods by Which Indians Are Made Citizens—McMurray's Activity Shown.

Washington, Aug. 12.—An unpublished report to the department of the interior by J. H. Powell on the conditions surrounding the makeup of the citizenship rolls of the five civilized tribes of Indians in Oklahoma is today in possession of Chairman Burke of the congressional investigating committee that is investigating Gore's charges that an attempt was made to bribe him by those interested in Indian land contracts.

In part it referred to "the ridiculous" time limitations placed on the Dawes Indian commission making it impossible for the commission to give adequate time for the adjudication of Indian claims. Powell gave evidence of J. F. McMurray's alleged activity in the land cases among the Indians.

GAYNOR FINALLY ANNOUNCED TO BE BEYOND DANGER

Hoboken, Aug. 19.—Mayor Gaynor's condition is satisfactory to the physicians today. It was officially declared that he is out of danger and Secretary Adams announced this afternoon a final blood test was made and that danger of infection is regarded as ended.

Wisconsin Sheriffs. Wausau, Wis., Aug. 19.—That the law should afford greater protection to the mayors of cities and governors of states is the opinion expressed by many members of the Wisconsin Sheriff's Association, in convention here today.

Cholera Epidemic Ravaging Italy. Bari, Italy, Aug. 19.—With a death list of 33 which is being increased hourly, the virulent cholera epidemic on the Adriatic coast is assuming ominous proportions. The Italian government is hurrying doctors from Rome to the scene. All public gatherings are forbidden. The peasants are holding hysterical religious meetings and praying for divine intervention.

Will Voice My Own Views" Says Teddy. New York, Aug. 19.—"My speeches in the west will represent my own views," said Colonel Roosevelt, tapping his chest, in the office of the Outlook today. "They won't represent the views of anyone else."

Denies Gov. Benson IS AT DEATH'S DOOR. San Francisco, Cal., Aug. 19.—Dr. Worden, Governor Benson's physician, emphatically denied today that the Oregon executive is at the point of death.

trovery with the Taft administration. From what was said after the conference it was gathered that Colonel Roosevelt believes the present attitude of men who are affiliated in the national administration is hostile to him and that an open rupture may result. In such case the colonel feels that he may be compelled at some juncture to exert his influence against the administration.

Those who are closest to the colonel believe he will do everything in his power to avert such a crisis during the fall campaign. It is their opinion that if he should decide to fight he prefers to postpone the struggle until the 1912 campaign, when the question of the nation's policy for the next four years is to be brought before the country and with a successor to W. H. Taft it to be elected.

May Become Candidate. Should such an issue between Colonel Roosevelt and the administration present itself at that time, it is the belief of the colonel's intimate associates that he will be in the fight to the end—that he will stake his own future on the outcome and again become a candidate for the presidency. It is believed, however, that Colonel Roosevelt regards such a decision as a remote contingency which is not to receive serious attention at the present time.

He has said repeatedly that he can form no plans for the future, for the situation may be changed at any time. He has told his friends that he is a candidate for no office and he can conceive of no circumstances which would lead him to accept the gubernatorial or a seat in the United States senate.

His associates believe the only reason which might lead him to consider becoming a candidate for the presidential nomination would be the conviction that he must seek another term in order to successfully carry on the work he began while president.

MRS. VERA PROSSER IS NOT GUILTY OF MURDER

Libby, Mont., Aug. 19.—Vera Prosser who killed her divorced husband aboard a passenger train near Libby on June 1, was acquitted today of the charge of murder after the jury had been out all night. The trial lasted three days and was replete with dramatic incidents. Mrs. Prosser says she does not know her plans but probably she will go east. Previously she lived in Seattle. Popular sympathy was with the woman.

Captain Hampton Retires. Washington, Aug. 19.—Captain C. E. Hampton of the Twenty-first Infantry, having been found incapacitated for active duty, was today placed on the retired list of the United States army. He has been on leave for some time, owing to illness. He graduated from West Point in the class of 1896.

More Fires in Wallows. Portland, Aug. 19.—A telephonic report from Wallowa, Ore., says the fire which it was supposed troops had controlled, has broken out again but it is believed it can be stopped before much more damage is done. In the Snake river district on the Wallowa reserve a new fire is also reported. If it gets bad another requisition of troops will be made.

One Fire Dying Out. Grants Pass, Aug. 19.—The forest fire which raged yesterday near Fruitvale, four miles from this city, is reported to be dying out this afternoon.

Wire in Klamath. Klamath Falls, Or., Aug. 19.—Every available man is being rushed to the forest fire on Prospect trail which is believed to be of incendiary origin. The flames extend over twenty miles. Unverified reports say several rangers are surrounded by fire. The timber is dry and hard to control.

CRIPPEN STORY GETS EDITORS IN TROUBLE

London, Aug. 19.—The proprietors and chief editors of the Daily Chronicle were today ordered to appear in the court of the crown (criminal division) to show cause why they should not be punished for contempt for having published a story intimating that Dr. Crippen has poisoned his wife. The paper is held responsible for the statement that Crippen's denial of having confessed was based on a distinction between a confession and an admission of having done so.

BRISTOW SAYS LA FOLLETTE WILL WIN IN A WALK

Salina, Kansas, Aug. 19.—Senator Bristow today returned from a trip about Wisconsin and said there is no doubt but that LaFollette of Wisconsin, will be re-elected to the senate. He said: "I don't believe they can beat LaFollette. I think he will win the renomination by a plurality of seventy thousand." Bristow said insurance in Wisconsin is nearly as strong as in Kansas.

LABOR FEDERATION WILL OPPOSE JOHN DALZELL

Pittsburg, Aug. 19.—The American Federation of Labor will oppose John Dalzell, regular republican, and will support Dr. Black, independent, according to an intimation of Samuel Gompers. Black was defeated at the primaries by Dalzell and after an unsuccessful contest of the election decided to run as an independent.

CHOLERA EPIDEMIC RAVAGING ITALY. Bari, Italy, Aug. 19.—With a death list of 33 which is being increased hourly, the virulent cholera epidemic on the Adriatic coast is assuming ominous proportions. The Italian government is hurrying doctors from Rome to the scene. All public gatherings are forbidden. The peasants are holding hysterical religious meetings and praying for divine intervention.

WISCONSIN SHERIFFS. Wausau, Wis., Aug. 19.—That the law should afford greater protection to the mayors of cities and governors of states is the opinion expressed by many members of the Wisconsin Sheriff's Association, in convention here today.
