GREATER STATE FAIR WILL OPEN SEPT. 12

GREAT IMPROVEMENTS MADE FOR THIS YEAR

Grounds Have Been Fixed, New Buildings Erected and New Features Added--Farmers Will Find Much of Interest--Racing Will Be Best Yet.

(Special Correspondence.)
Salem, Ore., Aug. 26--On Monday, September 12, the greatest State Fair in the history of the West opens in this city. New features, new buildings, new landscape effects on the grounds and a general atmosphere of newness and bigness that will please every visitor.

Such are some of the things which are in sight and it is a safe guess that Salem will entertain greater crowds than ever before in her history.

Former State Fairs of Oregon have become famous throughout the country as among the leaders of annual state exhibitions of stock and agricultural products, but this year promises to eclipse all former successes in this state and pass into history as one of the best, if not the best, State Fair in America.

The endeavors of the board of directors and secretary to embody in the grounds everything possible for the edification of the stock raiser, agriculturist and department for the women, not alone the carnival features and horse races, are bearing fruit inasmuch as entry lists in every department are rapidly filling up and future prospects are that the 1910 show will contain more than ever before.

Transportation facilities will also be far more adequate than in previous years, more trains are running into the city and a new street railway system will greatly add to the comfort of the throngs visiting the Fair. Again sleeping and eating accommodations have been greatly improved.

Dairymen and farmers will find an added interest at the forty-ninth annual Oregon State Fair that will be held in this city September 12 to 17. Through the efforts of Paul V. Maris, superintendent of the dairy exhibit, and the co-operation of the board of directors, a model dairy barn has been constructed which includes all the features of conservation of space, drainage, ventilation and light that have proven of worth in the housing of milk cows by successful dairymen who have made these features a study.

At this time when the dairying industry has been awakened to the great possibilities in Oregon, and the primitive manner in which the business is conducted, has been brought to light through the visit to this state of the great Danish dairy expert, Dr. Bernard Boeghild, of Copenhagen, Denmark, the announcement that a model dairy barn will be one of the attractions at Oregon's 1910 show is most gratifying to everyone, both

dairymen and the whole community who depend on the cow for a part nourishment to life, for every modern method known will be embodied in the new barn, and a competent expert will handle the exhibit to thoroughly explain the up-to-date methods used in the building of a barn and the care of the animals.

Another new barn for the stock exhibit has been erected at the end of the long line being in use heretofore, and although this additional space will not accommodate all live stock exhibits, it will afford much more room. The new barn is constructed on plans different from those put up formerly. Each stall is concrete floored and provided with running water.

Work on the "Court of Honor" at the State Fair Grounds, is progressing rapidly. The flowers and vines are maturing to a state of perfection, and every detail is rounding to just as figured on by Landscape Gardener Hugh Bryan. This added improvement toward the beautifying of the fair grounds will be a surprise to the many visitors to the show in September, as the floral display and artistic scheme worked out is the most beautiful in the Northwest.

The plans that are being carried out are what is called the Spanish Paseo treatment, which embraces some 6000 plants, and constitutes the efforts of the gardener in combining a formal planting with a natural setting. In the large natural grove of forest trees directly inside of the main entrance will be located numerous rustic benches for the comfort of those foot-tired from sight-seeing. Many walks are being graded besides the broad promenade, but the well kept lawns will also be for the people and no "Keep off the grass" signs will be in evidence--instead only comfort and pleasure for the visitor.

Some of the best horses ever seen in the West are entered for the harness events of the state fair and splendid contests may be looked for. The course has been worked down to a far better condition than ever before and track and northwest records will undoubtedly be made.

Lone Oak Track when in condition is one of the fastest race courses in the country, and it is here that the most famous speed contests on the Pacific coast have taken place. It is here that Cheballe broke the world's pacing record for two miles, on October 6, 1907, setting the mark at 4:19 1-4, and the following year a new record, for a guileless pacer of 2:04 1-4 was made by Del Norte.

The race record for Lone Oak track is 2:05 1-4, held by the pacer Leland Onward, 2:04 1-4. This record was made in the Rapid Transit purse of \$1000 for 2:05 pacers on September 18, 1908. He was in competition with Mona Wilkes, 2:04 1-4. The track record for trotters is 2:10 1-4, made by Day Break in the Lewis and Clark \$5000 stake on September 17, 1908. The track record for trotters, 2:10 1-4 held by Day Break, was equaled last year by Lady Sirius in the third heat of the 2:15 trot for the Farmers' \$1,000 purse.

The "Greater Oregon" 2:08 pacer, and the "Lewis and Clark" 2:12 trot, with their \$5000 purses, are attract-

ing wide interest, also the state fair and consolation purses. Last year the big race was won by Lord Lovelace in the fast time of 2:06 3-4, with Hy-mmetus second and General Hurts third. The trot was captured by Lee Crawford, in 2:11 1-2, with Zombroun second and Henry Gray third. These horses are again out for the money, but will be pressed for honors by an array of the best talent.

The machinery exhibit will be the largest ever displayed in the history of the fair. Every inch of the large exhibit hall has been engaged by firms manufacturing or representing every known mechanical device for the use of the farmer, and extra space has been asked for. To accommodate the exhibits tents will be erected to the south of the machinery hall.

Drinking water will be supplied at the Oregon State Fair Grounds this year from a large driven well forced to fountains by a compressed air system. Heretofore this feature has received little attention, as the business of arranging for exhibits has taken considerable time, the present board of directors has endeavored not to overlook anything for the welfare of the visitors, with the result that this system of drinking water has been installed.

The new sewer has been completed and connections made with the many toilets about the grounds. The fair board looking to the comfort, convenience and health of visitors, has caused new toilets to be installed, one of which is to the far south of the grounds under the new bleachers.

With the completion of the sewer and the adequate water supply, both service and drinking, the State Fair Grounds are put in the best of sanitary condition, which leaves no doubt of the state officials' intention of making the grounds absolutely faultless from the health standpoint.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.

New Typewriters and other equipment have been purchased for use in the Pendleton Business College. All departments greatly improved. First class courses and teachers. School opens next Monday. Special rates to all who enroll on or before Monday, Sept. 5. Get an early start. It means dollars to you.

Will furnish you a good position. College office open all this week. Call or write for particulars.

AT THE PICTURE SHOWS

The Orpheum.
1. The Lady and the Burglar. Dr. Edison, 1000 feet long. A rather more than middle aged professor absorbed in his work, a beautiful young wife genuinely in love with her husband, a young gallant whose attentions to the wife are unwelcome but who fears to tell her husband of them, a burglar whose little girl the young wife has befriended. These are the elements which make up an absorbing story with a thrilling and unexpected denouement.

2. The Lord's Prayer. Gaumont, 1000 feet long.
3. Teneriffe, the Gem of the Canaries. Scenic. Gaumont.
4. Ah Sing and the Greasers. Comedy. Lubin, 1000 feet long. A cowboy comedy possessed of real novelty.

Song--Cupid's I. O. U.

The Pastime.
"An Unfair Game." Vitagraph drama. An appealing picture of great strength. How a cruel society girl played on the heart of an honest but unsophisticated young backwoodsman who never suspected her purpose. This picture possessed unusual strength.
"Brave Hearts." Kalem, drama, length 1000 feet. Saved from the Indians by a woman's wit. See the wonderful heroism displayed both by the mother and her brave little girl. A 7 year old girl mounts a horse unaided and dashes across a rough country at breakneck speed, seeking aid.

"Wifie's Mamma." Lubin, comedy, length 1000 feet. The longest laugh of the season, with an encore laugh just as you think the fun is all over.

In buying a cough medicine, don't be afraid to get Chamberlain's Cough Remedy. There is no danger from it, and relief is sure to follow. Especially recommended for coughs, colds and whooping cough. Sold by all dealers.

Sharon & Eddings sell galvanized iron bath tubs. Light and easy to move around. Just the thing for farmers.

SECOND ATTEMPT AT SUICIDE IS SUCCESSFUL

Pomona, Cal.--Falling in his attempt to die by asphyxiation, Edwin Devalon eluded his watchers a few hours later and committed suicide by throwing himself under the wheels of a Southern Pacific limited express

train. Nearly every bone in his body was broken. No cause is known for the act.

For Sale Cheap or Rent. A five acre tract in Riverside Park. Good house, barn and out buildings. Two miles east of city. Apply to Bentley & Leffingwell.

Woman's Nature

ing, nor feel that she is in danger when baby comes, if Mother's Friend is used in preparation of the event. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counteraction, prevents backache and numbness of limbs and soothes the inflammation of breast glands. Its regular use fits and prepares every portion of the mother's system for a proper and natural ending of the term, and it assures her a quick and complete recovery. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.

It is the nature of women to suffer uncomplainingly, the discomforts and fears that accompany the bearing of children. Motherhood is their crowning glory, and they brave its sufferings for the joy that children bring. No expectant mother need suffer, however, during the period of waiting, nor feel that she is in danger when baby comes, if Mother's Friend is used in preparation of the event. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counteraction, prevents backache and numbness of limbs and soothes the inflammation of breast glands. Its regular use fits and prepares every portion of the mother's system for a proper and natural ending of the term, and it assures her a quick and complete recovery. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.
