## FARMERS PLAN BIG DAY DURING FAIR

WILL MAKE WEDNESDAY, SEPT. 28, BIGGEST DAY

Have Pledged Themselves to Secure Big Exhibits of Farm Products—Strong List of Speakers—Elks Will Hold Forth on Tuesday.

That Wednesday, September 28, Farmers' Union Day" at the district fair, is to be the biggest day of the fair ever held in eastern Oregon. Is the sentiment being expressed by the members of the farmers' unions in Umatilla and Morrow counties, the two divisions making up the third eastern Oregon agricultural district. The hundreds of union farmers scattered over the district have pledged themselves to gather exhibits of fruit, vegetables and grains which will go far toward making the entire week a success. But in addition to that they are planning to come to the fair on "Farmers' Union Day" and will bring their wives, their children and their hired men.

Officers of the union declare they

will have a strong list of speakers and one of the most interesting programs of the entire week.

The Elks, as usual, will have Thursday evening and the members of the local lodge declare that the people who have acquired the habit of looking forward to the Elks' parade as one of the best features of fair week, will have no occasion for disappointment. The brains of all the "Bills," individually and collectively, are being wracked for stunts new and original as well as entertaining and amusing. It is said that the parade will not only be a glittering pageant but that it will be a mirth provoker of the first order.

### MISS BOYD MEETS WITH WOMAN'S LEAGUE WORKERS

Miss Ida Boyd, local representative of the American Woman's League, returned last Saturday from a three weeks' visit to her sister, Mrs. M. B. Clifton in Portland.

While there, Miss Boyd had the privilege of meeting with the Rose City Chapter of the league in Portland Grace Chapter at Hillsboro, and with the officers and prominent members of the Salem chapter. All are enthusiastically working for the organization, which promises so much for women and hope to have before the election date, the required number of full-paid members to entitle Oregon to a state regent.

Portland has nearly two hundred in her chapter, and Hillsboro has her quota of full-paid members necessary for the erection of a chapter house, and is about to secure a well located lot for its site.

It is hoped that applicants for membership in the league may take advantage of Mr. Lewis' offer to accept notes for the balance of payments on their applications and thus become entitled to vote and to all the educational advantages offered by the league.

**American Skill in Belgium.**  
Brussels.—Two American engineers with eight workmen, are engaged in moving an ancient church tower at Bochoit a distance of 30 feet. The tower, which is 600 years old, weighs 2700 tons. New foundations have been prepared for it, and an elaborate arrangement of machinery to move it along. The journey is expected to occupy a week.

### Henry Schmitt Is Candidate.

Henry Schmitt announces his candidacy for the republican nomination for representative from this county. He is a resident of Athena and a farmer by occupation.

### Will Build in Wallowa.

E. A. Schiffer, the local tailor, left this morning for Wallowa city. He already owns two or three buildings in that town and he carried in his pocket, this morning, plans for a concrete structure which he is to erect next to the First National bank building there.

### Careless Smokers Start Fires.

Considerable complaint is being made concerning the carelessness of smokers who have occasion to pass over some of the county roads which have been straddled to keep down the expense. It seems that matches and lighted cigars or cigarettes which have been thoughtlessly dropped into the straw have started fires which not only caused the undoing of much hard work but also caused much inconvenience. In at least one instance a fire was started which resulted in considerable loss. The victim was James Beck who lost a wagon and a load of hay on the hill, just across the Lee street bridge.

### Near Fire at Bowman.

The Bowman hotel was the scene of a fire this morning which might have developed into a very serious conflagration. After rising this morning Donald H. Smith, the Boise real estate man who is staying at the hotel, lighted a cigarette. The head of the match used flew off and unnoticed by Smith, landed in the window curtain. A few moments later he was horrified to discover the curtain in flames. Unable in his excitement to open the door, he proceeded to extinguish the flames himself and after much hard work succeeded in so doing. The damage consisted of burned curtains, scorched casings, damaged pillows, bed clothes and mattress.

### Motor Car Derailed.

The motor car was derailed by a "derailer" in the local yards last evening while on its way to the turntable to prepare for the afternoon trip to Umatilla. Fortunately no serious damage was sustained and the car was back on the track and ready for the trip within a couple of hours. This is the fourth derailment caused by the same derailer within the past two weeks. The derailleurs are appliances that are being placed on all the side and switch tracks along the lines of the O. R. & N. to prevent loose cars from getting away and passing out onto the main line. Their practicability is a much mooted question among railroad men, there being many who declare that they are an unmitigated nuisance, being responsible for much more trouble than good.

### Miss Illington Arrives.

Miss Margaret Illington, the actress who has demonstrated that she can come back with her husband-manager and New York troupe, reached Pendleton this morning and will make her first appearance before a local audience this evening. She is enthusiastic over her new play, "Until Eternity," and the dramatic critics of the few cities in which she has appeared since her reappearance seem to share her views or its merits. Tacoma critics in commenting upon the initial rendition of the play, said of Miss Illington that she returned to the state, a star of greater magnitude than ever. "Miss Illington's personality was as inspiring as a cavalry charge and her acting was as thrilling as the sound of a trumpet," is the manner in which the Puget Sound papers speak of her first night's performance.

Judging from the sale of seats, a large audience will greet Miss Illington in her first appearance in this city this evening.

### WORK OF PHANTOM BANDIT.

**Mysterious Crimes Terrorize Village of Pergomas.**

Paris.—Twelve gendarmes are patrolling the little village of Pergomas, in the Alps Maritimes nightly, to protect the villagers from "phantom bandits," who have been the authors of a veritable epidemic of mysterious All the inhabitants have been ordered to submit any weapons they possess to careful examination, and the prefect of the Alps Maritimes is investigating the mystery. The extraordinary feature of the crimes is that nobody in the village has yet caught sight of the criminals.

In one case a man named Rizzo was playing cards in a cafe, when a bullet whistled into the room and penetrated the player's hand.

On another occasion a boy named Musse noticed some one lurking near the house as he was going to bed. As he stooped to pick up a gun a bullet crashed through the window and lodged in the wall opposite the place where he had been standing. The tiles and window of the house of a villager named Mul were known to have been broken with stones and Mul was wounded in the shoulder with a gunshot. Nearly 30 such incidents have been reported during the last few weeks and a similar series of crimes were committed in 1908. The perpetrators were never discovered.

### "Back to Scotland" for 2000.

Edinburgh.—News comes from across the Atlantic that arrangements are being made by more than 2000 Scots, mostly from the United States, to charter two Allan line steamers to Glasgow in connection with a "Back to Scotland" movement next year.

## SPORTS

### NORTHWEST LEAGUE.

Seattle 7, Tacoma 0.  
Tacoma, Aug. 29.—Seattle batted McCammet and Kane, Tacoma's pitchers, all over the field today, while the Tigers could do nothing with Henkle, Seattle's southpaw. Seaton, Bennett and Kelly each got three hits, the latter a double and triple. Besides being unable to hit, the Tigers played bad and stupid baseball.

Batteries—McCammet, Kane and Blankenship; Henkle and Hemmenway.

### Spokane 1, Vancouver 0.

Spokane, Aug. 29.—Jack Killilay gave the finest exhibition of the season this afternoon when he shut out the Beavers. Vancouver failed to secure a single hit. Gardner was wild, walking men frequently, while Killilay got away strong. Score:

R. H. E.			
Spokane	1	4	0
Vancouver	0	0	1

Batteries—Killilay and Shea; Gardner and Sugden.

### White Sox Lose.

Boston, Mass., Aug. 29.—In a poorly played game today, Pitcher Hunt, formerly of the Sacramento club of the Coast league, won his second game since rejoining the Red Sox, defeated the Chicago White Sox by the score of 10 to 3. Both teams played poorly in the field, Boston being charged with 7 errors and the Chicago nine with 4. Hunt allowed 9 hits.

Score:

R. H. E.			
Chicago	3	9	4
Boston	10	9	7

Batteries—White, Lang and Payne; Hunt and Kleinow.

At Washington—

R. H. E.

St. Louis	0	5	1

Detroit	7	10	2
Philadelphia	4	5	3

Batteries—Willetts and Casey; Blank, Krause and Thomas.

### Another 2-1 Game.

Pittsburg, Pa., Aug. 29.—For the fifth straight time the New York and the Pittsburg teams have played games that have ended with the score being two to one. New York captured two of the four same score games the last time the Pirates visited New York and the Pirates took the other two. The first game of the double-header here today ended with the like score. Both teams played good ball in the field and batted well.

Score:

R. H. E.			
New York	2	9	0
Pittsburg	1	10	0

Batteries—Drucke and Meyers; Leifield, Leever and Gibson.

At Chicago—First game:

R. H. E.			
Philadelphia	5	10	0
Chicago	6	14	1

Batteries—Moren and Moran; McIntyre, Braun, Richie and Kling. Eleven innings.

## S. D. PETERSON WOULD REPRESENT COUNTY

Another political aspirant has entered the race for legislative honors. He is Attorney S. D. Peterson of Milton, and by the following statement which he filed today with the county clerk it will be seen that while out for the republican nomination he is an ardent advocate of the direct primary law:

To Frank Salling, County Clerk, Umatilla County, State of Oregon, and to the members of the Republican party, and the electors of the Twenty-third Representative District comprising Umatilla County in the State of Oregon:

I, S. D. Peterson, reside at Milton, Umatilla County, Oregon, and my post office address is the same. I am a duly registered member of the Republican party. If I am nominated for the office of member of the House of Representatives for the Twenty-third Representative District of the State of Oregon, at the primary nominating election to be held in said District on the 24th day of September, 1910, I will accept the nomination and not withdraw, and if I am elected, I will qualify as such officer.

If I am nominated and elected I will during my term of office serve the people honestly.

I heartily endorse the direct primary law.

In 1908 by a majority of 48506 votes, this law was enacted: "Be it enacted by the people of the State of Oregon: Section 1. That we, the people of the State of Oregon, hereby instruct our representatives and senators in our Legislative Assembly, as such officers, to vote for and elect the candidates for United States senator from this state, who receives the highest number of votes at our general election."

I shall carry out the will of the people.

I wish printed after my name on the nominating ballot, the following, to wit: "Direct Primary, Will of the People Obeyed; Equal Rights for all." Dated this 30th day of August, 1910.

### HUNDREDS TONS FIGS GO TO WASTE IN TEXAS

San Antonio.—Hundreds of tons of figs are going to waste in southwest Texas because preserving plants cannot take care of them. The fig crop has been unusually good this year and moreover the acreage of orchards has been added to considerably. Owing to the fact that the fruit cannot be transported in its raw state any great distance, growers depend entirely on the local market and the preserving plants. While the latter have increased their capacity during the last two years by at least 200 per cent, they have been unable this season to take up more than about three-fifths of the crop.
