told of the advance in values due to irrigation in the Milton-Freewater country.

R. W. Allen, superintendent of the experiment station at Hermiston voiced his belief that the land lying under the extension is more desirable land than that of the present project.

United States Senator George E. Chamberlain responded in his usual affable manner to the call for a few remarks. He urged the engineers to order the extension of the project and spoke enthusiastically of the outlook for the extension. The senator also paid a high compliment to the men of the reclamation service.

Jay Bowerman, acting governor declared he was present at the meeting in order that the engineers might know that the sanction of the state was behind the request of local people that the extension be made.

Judge S. A. Lowell was the closing speaker and voiced the sentiment of all present in the hope that the action of the board would be of a nature favorable to the growth and development of this section.

Following the banquet the cars containing the engineering party and also a car for the Pendleton delegation were attached to the fast mail when it came through Hermiston at 2 o'clock. The train arrived in this city at 3:15 a. m.

From Hermiston the reclamation party goes to Boise where an inspection of the Minidoka project is to be made. Those of the army board with the party were General Marshall, Col. W. C. Langfitt, Lieut. Col. John Bidle, Major Charles W. Kutz, Major W. W. Horts and Major Harry Burgess. Aside from Director Newell, E. G. Hopsan and C. S. Blanchard, both high reclamation officials, were present. William McMurray, general passenger agent for the O. R. & N. and Jack O'Neill, traveling passenger agent, likewise accompanied the party to Idaho.

GOOD WAY TO USE HYOMEI FOR CATARRH

Besides breathing through the inhaler a few times a day, many catarrh sufferers write that they find inhaling HYOMEI (pronounce it Hy-o-me) from a bowl of steaming water each night before retiring, a great aid in curing stubborn cases.

Try it! It's simple; gives quick relief and makes you breathe easier.

Fill a bowl half full of boiling water; pour into the water a teaspoonful of HYOMEI, cover head and bowl with a towel, and breathe through nose and mouth the pleasant, medicated, antiseptic and healing vapor that arises.

This method relieves that stiffness at once and makes your head feel fine.

You can get a bottle of HYOMEI at Tallman's and druggists everywhere, for only 50 cents. Ask for extra bottle HYOMEI inhalent.

But bear in mind that a HYOMEI outfit which includes inhaler and bottle of HYOMEI costs \$1.

HYOMEI is guaranteed by Tallman & Co and druggists everywhere to cure catarrh, sore throat, coughs, colds, asthma and croup, or money back. Try it on that generous basis.

NEW GRANDSTAND FOR COUNTY FAIR

Ontario, Ore.—The big grandstand at the fair grounds at Ontario, where the Malheur county fair will be held annually is nearing completion and another week will see the structure completed. Every seat will have a back and plenty of room allowed for aisles. The grandstand will be a credit to the county.

The three flags for the buildings have arrived and are first class, having the stars to represent the new states added to the Union. These flags were presented to the fair association by 60 Malheur county people through the efforts of Mrs. Fred Stewart, who solicited the money to purchase them.

VEGETABLE GROWING FINDS GOOD PROFIT

Walla Walla, Wash.—That vegetables are more profitable than fruit is the opinion of some of the farmers of this valley, and with this in mind they are to try farming produce on a large scale. Vegetables are now commanding a much higher price in the market than fruit, and it is pointed out by those who have the project in view that this is always the case.

For instance, tomatoes are now commanding twice the price of the same bulk of peaches, and cantaloupes at twice the price of last year, are hard to obtain. All kinds of vegetables are in strong demand, and the Italian gardeners are reaping a richer harvest than are the fruit growers.

"The county is so interested in the growing of fruit that the production of vegetables is almost forgotten," says a well known local dealer. "The production of vegetables is more profitable, in my mind than the raising of fruit, besides being more certain. From observations I have made since I have been in the business, I believe that there is no industry that will pay more just now than the raising of vegetables."

"Potatoes are in big demand now, and so are onions and all other kinds of vegetables. We will find a good market for all the produce we can ship this year, and this will be not a little. This market will be better than that of fruit, too, although I look for apples to bring a good price this year."

FARMERS WILL STUDY BENEFITS OF IRRIGATION

Weston, Ore.—Promoters of the Pine creek irrigation project have planned a public meeting for September 16 with a view to acquainting farmers with the benefits of irrigation. It is proposed under this project to conserve the flood waters of Pine creek with an immense dam, to be built about three miles above Weston and to irrigate thousands of acres of rich land now devoted to wheat raising. Plans and maps have been prepared and filed with the secretary of state, and the preliminary work completed. Dr. N. G. Blalock and E. C. Burlingame of Walla Walla, and H. P. Marble of North Yakima, have promised to address the meeting.

Indian Statue to Edward

Calcutta.—The maharajas of ashmir, Jodhpur and Mysore and the nizam of Haiderabad have each given 5000 rupees toward the cost of an all-Indian memorial to the late King Edward. At a meeting held at Simla, presided over by the viceroy, an executive committee was formed to carry through the proposal. The memorial will take the form of an equestrian statue to be erected in the gardens at Delhi.

Building Sewer System.

Vale, Ore.—Work has begun on Vale's water and sewer system, to cost \$75,000. Several carloads of sewer pipe have already been unloaded in the railway yards and the rest of the material will arrive soon.
