NEWS OF THE NORTHWEST

Shoots Man for Deer.

Gold Hill, Ore.—R. M. McLean, a hardware dealer of Woodville, eight miles west of here, mistook John Magerle, also of that place, for a deer while hunting in the hills Wednesday and shot and instantly killed him. The men belonged to separate hunting parties, neither of which knew the other was out. No arrest has been made, as the shooting is regarded as clearly accidental.

Coroner Kellogg is conducting an inquest at Woodville this evening. Magerle leaves a wife and family.

Body of Dead Man Found.

Baker City—The body of W. H. Campbell, who disappeared last April from his home in this city and was last seen alive on the morning of April 29, 1910, was found Thursday morning in the river at the old Baldock dam in Chinatown. Whether he committed suicide or was murdered is not known, but indications point to murder. His body was found upstream before the large center support and his limbs were down in the sand and mud, while his body had been doubled over, placing it in a stooping position.

Kills Herself and Baby.

Seattle.—Mrs. Nina Bennett and her three months old son are dead following administration of strychnine to the child and herself by Mrs. Bennett Wednesday afternoon. After drinking the dose Mrs. Bennett called a neighbor and lay down beside her child to die. Her husband is a tailor. They were married three years ago in South Dakota.

Mrs. Bennett left a note for her husband bidding him take care of the daughter, two years old.

Mrs. Bennett killed herself because she feared she was losing her mind.

Eugene Man Killed by Train.

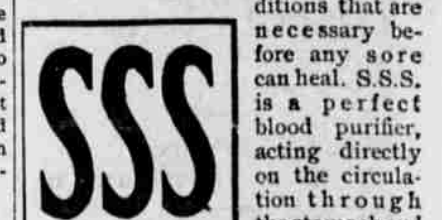

Salem, Or.—Fred F. Saxton of Eugene, was struck and instantly killed by the first section of the Shasta Limited Southern Pacific train at the entrance to the fair grounds Wednesday night. Saxton attempted to run across the track in front of the approaching engine, when the pilot of the large engine struck him and threw his lifeless body 50 ft away. When picked up Saxton was dead, having been instantly killed. The body was turned over to Coroner Clough who examined it and found that the engine pilot had crushed the skull and breast. The body will be held pending directions from his mother in Michigan.

Investigate Death of Man.

Klamath Falls, Ore.—A coroner's jury is sitting to pass judgment on the death of Joe Powell, who died Wednesday after being shot by Thomas Alexander. The two quarreled over a trifling affair and Alexander was knocked down in a cafe. He is alleged to have borrowed a rifle, returned to the cafe and shot Powell through the stomach. Powell was a logger, 28 years old, and Alexander a laborer, aged 40, and a veteran of the Spanish-American war. The gun used was a 22-caliber rifle and Alexander, after renting it

OLD SORES DUE TO DISEASED BLOOD

Every symptom of an old sore suggests diseased blood. The inflammation, discharge, discolored flesh, and the fact that local applications have no permanent effect toward healing the ulcer, shows that deep down in the system there is a morbid cause for the sore. But more convincing proof that had blood is the cause for these places is furnished by the fact that even removing the sore or ulcer by surgical operation does not cure; they always return. Nature will heal any sore if the blood is pure and healthy, but until the circulation is cleansed of all impure matter and supplied with nourishing and plasmic qualities the infected condition of flesh is OBLIGED to remain. S.S.S. heals Old Sores in a perfectly natural way. It goes into the blood, removes the impurities and morbid matters, adds nourishing qualities to this vital fluid, and brings about the very conditions that are necessary before any sore can heal. S.S.S. is a perfect blood purifier, acting directly on the circulation through the stomach and digestive members. Its use makes rich, red, healthy blood, which nourishes all flesh tissues instead of infecting them with the virulent matter which keep old sores open. Special book on Old Sores and any medical advice free.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

for four days, secured three boxes of cartridges, and while loading the gun outside the store is said to have made a threat to "get" Powell.

Milton Boy Has Dread Malady. Walla Walla, Wash.—Stricken with myelitis a disease similar to infantile paralysis, Palme Eichenberger of Milton, Oregon, is in a local hospital with no hopes of recovery.

The young man 21 years old, is paralyzed from his waist down, and the paralysis is slowly but surely working toward his heart. Myelitis is similar to infantile paralysis and often follows pellagra, a case which was recently discovered here. When it attacks a person over 16 years old it is nearly always fatal, say physicians in charge.

Los Angeles	84	85	.497
Vernon	82	84	.494
Sacramento	59	102	.366

Vernon 1, Frisco 2. Oakland, Cal., Sept. 15.—Despite the fact that Hitt was in splendid form and allowed the Seals only four hits while his teammates garnered seven, errors at critical times lost Vernon a ten inning game. R. H. E. Vernon 1 7 2
San Francisco 2 4 0
Batteries—For Vernon, Hitt and Brown; for San Francisco, Henley and Berry.

Oakland Forfeits Game. Los Angeles, Sept. 15.—The Oakland-Los Angeles game yesterday afternoon at Chutes park ended in a general riot of the players during the last half of the seventh inning, and umpire McGreevy declared the game forfeited to Los Angeles, 9 to 0. Wholesale suspensions are expected to follow.

The trouble began when McGreevy called Dillon safe on first on a drive to Cutshaw, Orendorff and Nagle scoring during the wrangle following the play. The entire Oakland team gathered about McGreevy and haggled over the decision. He pulled the watch on the players and as they refused to take to the field he declared the game forfeited.

CATARRH GERME.

Moves Out When Hyomei Moves In. stomach dosing. HYOMEI (pronounced High-o-me) is made from the highest grade of eucalyptus, taken from the eucalyptus forests of inland Australia, and combined with the excellent antiseptics employed in the Listerian system. In inland Australia the atmosphere is so impregnated with balsam thrown out by the eucalyptus tree that germs cannot live, and in consequence catarrh and consumption are unknown. Breathe HYOMEI and get the very same, pleasant, healing, germ-killing air as you would get in the eucalyptus forests and kill the germs. Hyomei is sold by Tallman & Co. and druggists everywhere, at \$1 a complete outfit. An outfit consists of a bottle of HYOMEI, a hard rubber pocket inhaler and simple instructions for use. The inhaler will last a lifetime, but bear in mind if you need another bottle of HYOMEI you can get it at druggists for only 50 cents. Guaranteed to cure catarrh, croup and throat troubles, or money back. Trial sample of Hyomei free to readers of the East Oregonian. Address Booth's Hyomei Co., Buffalo, N. Y.

THEEVES STEAL GERM LADEN CORN BUT ESCAPE DISEASE

Germ laden corn is cultivated at the agricultural experiment station on the Virginia side of the Potomac and a fair share of the crop is stolen by petty thieves. As no epidemic of the kind supposed to follow a diet of diseased corn has been reported experts have had to admit that there are exceptions to their theories as to the effect of germs on the human frame. In planting the field the sharps of the agricultural department took their seeds from cobs infected with some of the diseases that afflict the king of crops. The object of course, was to find by experiments means for destroying the deadly germs. Scientific cultivation has brought about a good looking field of corn but it is stuff that is not to be recommended for man or beast. Neighbors understand about it but stray victims of the lure of corn do not. So from time to time messes of the grain disappear. A negro caught in the act by a policeman was up in court a few days ago. He had been seen on a previous occasion with an armful of ears of corn but he had a good start and got away with the loot. In court he quivered when the judge explained the kind of corn with which he had been dallying. "Germs! Do you know what that means?" asked the court. "That corn was full of 'em. It was poisonous if the agricultural department has the kind of corn it planned to get."

"Judge, I did feel a little queer last week," the prisoner answered, conjuring up symptoms in his fear. "What does it mean, judge, when a colored man feels hollow behind the ears?" "It may mean crossing the River Jordan and angel voices." "Judge, ain't you kiddin' me?" begged the prisoner. "An I was going to be married Saturday night."

He was given thirty days in the workhouse as a penalty and for observation.

Make a note now to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membrane that lines the air-passages. It is made to overcome the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros., 55 Warren Street, New York.

Call for Warrants. All general fund warrants registered during the months of April, May, June and July, 1910, will be paid at my office in the county court house upon presentation. Interest ceased upon date of publication. Dated, Pendleton, Ore., Sept. 16, 1910. G. W. BRADLEY, County Treasurer.

Boy Wanted at Once.

To work in the mechanical department of the East Oregonian. Good chance to learn trade and work up. Must be over 16 years old. Apply at once to office or call Red 2291 after 6 o'clock evenings.

The Brilliancy of Sunlight

is more nearly approached by the new General Electric MAZDA unit than by any other lighting fixture on the market excepting an electric arc lamp. It is destined to put electric light in every store, however small. No illuminant can compare with the G.E. MAZDA light in low cost or high efficiency for electric current.

The Small Storekeeper Can Save Money

by installing three or four or five of these units to illuminate his entire premises. They are unrivaled for show window lighting. Consult with us about our special offers for store lighting with G.E. MAZDA lamps.
