### NINE INDICTMENTS AGAINST SIX MEN

Nine indictments, charging six different men with crimes, were returned by the grand jury this morning. Four counts were presented to one man while one each was given to the five others.

Ed Peterson, proprietor of the Meacham near beer saloon, is the muchly indicted man, four true bills on the charge of selling intoxicating liquor in violation of the local option law, having been found against him. He was released under \$800 cash bonds.

### Newsy Notes of Pendleton

**Official Weather Report.**  
Maximum temperature, 72.  
Minimum temperature, 56.  
Rainfall, .32 inches.

**Son Is Born.**  
To the wife of Ralph Shafer, a 10-pound boy. Mr. and Mrs. Shafer reside on the Godfrey Neuman place on McKay creek.

**John H. Richardson Dies.**  
Seth Richardson received a message yesterday from Seattle, stating that his brother, John H. Richardson of that city, had died. The deceased formerly lived in this city and was well known to all the older residents.

**Princess Lehman Springs.**  
H. Kludas, of Connell, Wash., passed through here today en route home from Lehman springs at which resort he has been spending the summer for the past ten years. Sunday a big chicken dinner was given the campers at Lehman by Mrs. McNeill, landlady of the resort.

**Registration Still Grows.**  
Additional registration blanks were received this morning from outside precincts by Registration Clerk Sutherland, bringing the total up to 3728. Ukliah is still to hear from, but it is not expected that the final registration will reach 3800. Two years ago the registration was 3565.

**Would Foreclose Mortgage.**  
A suit to foreclose a mortgage for \$15,000 was filed yesterday afternoon by Manuel Pedro against George C. Ransier and T. G. Montgomery. Ransier recently went into bankruptcy and Montgomery was appointed as trustee. The mortgage was given to cover four notes, three for \$4000 and one for \$3000.

**Standpipe Broken Off.**  
The standpipe through which the O. R. & N. engines are supplied with water at this point, was broken off at an early hour this morning by a passing freight train. The top part of the pipe was caught by a carload of ties. The yards were almost flooded with water before the water could be turned off.

**Marriage Licenses Issued.**  
A marriage license was issued last evening to Sam E. Paine and Virginia May Berry, both of this county and this afternoon a license was issued to William H. La Course and Miss Maude E. Morissette, both of Adams. Miss Morissette, being but 18 years of age, the consent of her father, Frank Morissette was given to the marriage.

**Bought the Hilton Property.**  
Chris Breding, the well known wheat raiser, has just purchased the Hilton home at 312 South Main street and also the house at 317 Willow street which was formerly owned by William Hilton. The purchase of the two places was made from C. K. Cochran of Portland, who has owned the property for some months past. The sale was made through J. P. Walker, who has been living at the old Hilton home. That place will henceforth be occupied by the Breding family.

**Terry Buys Blooded Dog.**  
L. G. Terry, the well known traveling man who makes his home in this city and whose one hobby is fancy dogs, has just purchased a female bull terrier which is probably the best blooded bull terrier in this part of the country. Her name is Bonnybred Snowbird and her sire and dam were Chief Pohattan and Bonnybird, Chief Pohattan was the best son of Champion Woodcote Wonder, acknowledged to be the best specimen of a bull terrier ever produced, having won championships on both sides of the Atlantic. He was also probably the greatest producer this breed of dogs has ever known. The new acquisition is apparently as near a perfect specimen as can be secured and her new owner is exceedingly proud of her.

### MEXICO FREED 100 YEARS AGO

(Continued from page 1.)  
times haunt the streets unmolested are now being cared for by the government, and the uninitiated visitor is likely to think that poverty is unknown.

Although large sums have been spent in preparing for the transient spectacles of the centennial, the national and the various state and municipal governments are also observing centennial year by beginning vast public improvements. Schools, hospitals, museums, public monuments, streets and parks will be improved and extended as a permanent memorial of centennial year.

**HEAD OF ST. PAUL'S SCHOOL TELLS OF HER INSTITUTION**  
Miss Nettie M. Galbraith, principal of St. Paul's school at Walla Walla, has been in the city today in the interests of that institution. St. Paul's school is an Episcopal institution and is a boarding and day school for girls. This year the school has been recognized and strengthened to a considerable extent. Under the management of Miss Galbraith the standard of scholarship will be improved so that those desiring to enter higher institutions of learning may do so without being demoted.

As in the past, music will be made one of the principal features at St. Paul's this year. A new vocal instructor in Mr. Harry Casey has been secured and he has just arrived at Walla Walla. Miss Galbraith looks for a number of students from Pendleton this year.

**CLOSED SEASON FOR STRAWS.**  
Big Demand Now for Soft Hats and Derbies.  
New York, Sept. 15.—Derby hats opened strong this morning, with an

unprecedented demand. Quotations ranged above par, with the supply of the cheaper grades hardly sufficient for the demand. The market for soft felts was also good, but the great demand was for derbys. The bottom dropped entirely out of the straw lid market, and remainders were sent to cold storage until May 15 next, when the market for warm weather bonnets is expected to pick up.

Under the provisions of the unwritten law the open season for straw hats within the limits of Manhattan, the Bronx and Coney Island came to a close at midnight. In certain uncivilized sections of Greater New York including parts of Brooklyn and Staten Island, straw hats may legally be worn until Oct. 1. Married men may also wear summer lids in Manhattan for fifteen days longer, provided they are unobtrusive and avoid Broadway and other prominent thoroughfares. Despite the great sale of derby top pieces this morning, thousands of men appeared on the streets and in "L" and subway trains wearing lids on their heads which had evidently survived through the season of 1909-1910. Of these, it was easy to pick out the single bucks, for the married ones. The unattached boobs invariably wore a shameful expression, fully realizing that their head-covering looked like an 1889 model bird-nest. The married ones appeared content, and even gay, despite the dilapidated lids. It was easy to guess that wife, after rescuing the derby from the garbage can, had brushed it up and placed it on hubby's head with the delighted assertion, "Why, it looks just like new, and it's a lot more becoming than those ugly things they are showing in the shop windows."

**"Jim" Hill Is 72.**  
St. Paul, Minn., Sept. 15.—James J. Hill, affectionately known as "Jim" in the Northwest, which he has done so much to populate and develop, is today celebrating his seventy-second birthday. At an age when most men are ready to "go away back and sit down" the famous railway magnate continues lively and chipper. His brain is apparently as active as ever, and he seldom loses an opportunity to express decided opinions on matters of public importance in which he is interested. First and foremost a railroad man, his viewpoint is often that of the distributor rather than the producer or the consumer, but no man in the Northwest doubts that "Jim" Hill always has the welfare of the country at heart. His address before the recent National Conservation Congress was one of the hits of the session.

**New Rear Admiral.**  
Washington, Sept. 15.—Capt. William H. H. Southernland, member of the examining and retiring board of the navy, was advanced to flag rank today, succeeding Rear Admiral Albert G. Berry. The new rear-admiral is fifty-eight years of age and entered the naval academy in 1868. He is the youngest of the captains to be elevated to flag rank this year.

Capt. Charles E. Fox, who went to Annapolis the same year as Rear Admiral Southernland, will become a rear admiral next Thursday, assuming the rank vacated by Rear Admiral Herbert Winslow.

**Begin G. O. P. Fight.**  
New York, Sept. 15.—With the organization of the republican county committee of New York today, the fight between the Roosevelt and Sherman factions for the control of the state convention is fairly on. Delegates to the state meeting will be held next Monday, and candidates for Congress will be nominated the following day. Both factions of the party are claiming control of the Saratoga session and the fight will likely be ended on the floor of the convention.

**Asks for Injunction.**  
Astoria, Or.—A motion to dissolve the temporary injunction in the case of S. A. Cobb vs. Wilson, Rector & Daly was argued in the circuit court Tuesday. The suit was brought to restrain the defendants from interfering with the plaintiff in taking charge of the grading work for the Astoria Southern Railway company's road up the Kasikanine and Young rivers. The complainant alleged that the plaintiff let a subcontract to the defendants for doing the work, but they had delayed in prosecuting the work so long the plaintiff was in danger of losing his \$20,000 bond to have the contract completed by November 1. After hearing the argument Judge Campbell said the complaint was not sufficient to warrant an injunction being continued, as it does not specify how the contract had been violated, but as the plaintiff had requested permission to file an amended complaint, he was permitted to do so, the temporary injunction standing until this amended complaint can be argued next week.

**Concessions at Round-up.**  
All parties desiring to obtain concessions of any kind at the Round-up should see Morley & Campbell at Mark Moorhouse Co. office, 42 E. Court street.

**Special.**

## Roosevelt's Boston Store

### MILTON WILL HAVE BIG FRUIT EXHIBIT

Milton, the pioneer fruit center of Umatilla county, will be at the coming district fair with an exhibit of fruits, grains and vegetables, that will eclipse all former efforts made by residents of that end of the county. This was the information contained in a letter received this morning by Secretary Fitz Gerald from Manela & Jones of that town. The letter also stated that the committee would be down in a few days to arrange with the fair commission for space in the pavilion.

The exhibits from the Milton and Freewater country have been among the most attractive features of past fairs and the news that Milton, with an unprejudiced fruit yield, would attempt to eclipse all former efforts brought joy to the hearts of Secretary Fitz Gerald and the other members of the fair board.

Secretary Fitz Gerald also received notice of the special rates from the O. R. & N. this morning. The rate of one and one-third will apply all week to all points on the O. R. & N. from The Dalles east and north to Walla Walla and Wallula. On one day, September 30, the rates will apply to Portland and Spokane and to the Camas Prairie lines.

Bears the Signature of *Dr. J. C. Watson*

### VALE BEGINS WORK ON SEWER SYSTEM

Vale, Or.—Work has commenced on Vale's \$75,000 water and sewer systems. The big ditch digging machine of the contracting firm has arrived from Wyoming, while Superintendent W. A. Dutch has brought in a car of Bulgarians which he gathered in Portland. A large part of the water and sewer pipes are being scattered over the pipe line surveys. Construction will be commenced in different places about town and also on the 100,000 gallon reservoir to be erected on the hill east of town.
