Mrs. Anna Z. Crayne has been elected dean of women at the Oregon Agricultural college for the year which opens September 23, and has arrived at Corvallis to take up her residence at Waldo Hall, the women's dormitory of which she will be preceptress. She will also hold the position of instructor in English.

Both training and experience have fitted Mrs. Crayne admirably for her present position of responsibility as director of the activities of the women students in a large educational institution. Upon completion of her cellege course at the University of Virginia, she studied at the St. Louis Medical college and for a number of years practised with her husband in this state, in the vicinity of Pendleton, and in Washington, near Walla Walla. Whitman college made her dean of women and instructor in English, and for six years she held this position, having charge of the men's dormitory as well. She subsequently filled a similar position at the eastern Oregon normal at Weston.

ENGLAND'S KING MAKES PROBE OF HOSPITALS

London. - King George related Haroun-al-Raschid adventure of his when visiting the London hospital, Whitechapel, the other day. While he was Prince of Wales he had been concerned to read newspaper articles alleging bad treatment of women in the out patient's department of the hospital. The prince was deeply interested in the welfare and management of the hospital, and determined to see for himself if there was any truth in the accusations.

In the guise of a medical student the prince visited the department, taking Sir Frederick Treves, the famous surgeon, and Secretary Norris into his confidence and pledging them to secrecy. The prince left the hospital "perfectly satisfied that every possible care for the efficient, respectable and decent treatment of wo-men was taken."

So well had the secret been kept that members of the hospital committee heard the story for the first time from the king's lips.

STOMACH MISERY JUST VANISHES

NO INDIGESTION, DYSPEPSIA OR GAS IN FIVE MINUTES

A Little Diapepsin Now Will Make Your Out of Order Stomach Feel Fine-Digests All Your Food, Leaving Nothing to Ferment and Sour.

As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep some Diapepsin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort and overcome a sour, gassy stomach five minutes af-Tell your pharmacist to let you read the formula, plainly printed on these 50-cent cases of Pape's Diapensin, then you will readily see why it makes indigestion, sour stomach heartburn and other distress go in five minutes and relieving at once such miseries as belching of gas, eructations of sour, undigested food, nausea, headaches, dizziness constipation

and other stomach disorders. Some folks have tried so long to find relief from indigestion and dyspepsia or an out of order stomach with the common every day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of nervousness, gastritis, catarrh of the stomach or cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, gas and stomach poison, which putrefy in the digestive tract and intestines, and besides, poisons the breath with

nauseous odors. A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the stomach, is cide to try Pape's Diapepsin.
