**THE LEGISLATIVE CONTEST.**

In the legislative contest in this county the principal issue has to do with the attitude of candidates towards statement No. 1. This is particularly true of the senatorships because the senators who are to be elected this year will holdover and so will vote for the next United States senator.

For state senator from this county Dr. C. J. Smith is seeking the democratic nomination and a re-election. He is and has always been a statement No. 1 man and is a staunch advocate of the direct primary law. In view of his views and his creditable record as state senator during the past eight years it seems certain that he will be re-elected. Especially so if the republican nomination goes to an anti-statement man as now seems inevitable.

For joint senator there are two candidates for the republican nomination. C. A. Barrett, representative during the past four years, is seeking the nomination upon his record. He is a statement No. 1 man and represents the anti-assembly sentiment. He has been tried in the fire and found true to the principles for which he stands. His opponent, S. F. Wilson, is the assembly selection and has refused to subscribe to statement No. 1. Under the circumstances it will be surprising indeed if Mr. Barrett is not nominated.

For representatives from this county there are two statement No. 1 candidates. They are R. W. Henneman and Dr. M. S. Kern. Both have taken the statement No. 1 pledge. S. D. Peterson also asserts his fidelity to the statement No. 1 cause but has not subscribed to the statement. Other candidates for representative are L. I. Mann, J. T. Hinkle and Henry Schmitt. None of these men have taken statement No. 1.

Though no senator is to be elected at the coming session of the legislature it is important that statement No. 1 representatives be chosen. Further efforts may be made in the legislature to re-establish the old manner of electing senators and the people should see that the legislature is composed of men who favor the statement No. 1 system. Do not take chances on any more infamous measures like the Brooke-Bean bill.

If you favor the principle of electing United States senators by direct vote of the people then vote only for statement No. 1 men at the primary election Saturday.

**A REPUBLICAN POLICY.**

Judge Grant B. Dimick, leading anti-assembly candidate for the republican nomination for governor, points out that the republicans of this state favor the direct election of senators and therefore statement No. 1. The following utterance by Judge Dimick is from the Oregon City Courier:

"Before the adoption of the direct primary law by the legal voters of this state, the republican state convention went on record by inserting a plank in its platform strongly endorsing the election of United States senators by direct vote of the people, and we practically have the system in our state at the present time under and by virtue of statement No. 1 provided for in our direct primary law, and which I contend should be preserved by our people as a safeguard against the corrupt practices usually incident to the election of United States senators by the members of the legislature."

John H. Lewis, who is running for re-election as state engineer seems to have no opposition in either party. So his re-election is practically assured. The argument is made in his behalf that no change should be made in his office for the reason that he was practically the author of the present irrigation code and is in a position to see that the law is carried out.

When Representative Tawney of Minnesota was defeated for a renomination another stiff jolt was given

the standpat cause. As chairman of the committee on appropriations Tawney was right hand man for Speaker Cannon. His association with Cannonism was so repugnant even to Tawney's own people that they turned him down.

Surely this is a day of political upheavals. Even W. J. Bryan has joined the bolters and will not support the democratic candidate for governor of Nebraska.

There is nothing creditable about a mob that attacks a woman even though she may be charged with complicity in a murder.

If it is a fair fight Sunny Jim will have to take the count.

**FROM JESSE FAILING.**

Pendleton, Ore., Sept. 22.  
 Editor East Oregonian:

Do you know there is a United States law defining how U. S. senators shall be elected? Take particular notice of the word shall. I presume you are aware that a man elected to the state legislature before he takes his seat must take an oath to support the constitution and laws of the United States. Now are you not aiding and abetting these so-called republicans to commit perjury when you advise them to subscribe to statement No. 1? As a democrat I am expected that you will do all you can to divide the republican party, but don't ask them to commit a crime for the sake of a few democratic votes. Again a state law forbidding the people to assemble for any purpose would conflict with the constitution of the United States, therefore would be null and void. It seems to me that the assembly is the very essence of the primary law. Without this it has proved to be a delusion and a snare. It sounds nice to say the people rule, but how does it work. Two or more, perhaps half a dozen, nominate themselves for office. They may all be good men, and then perhaps not one of them capable to fill any office, what is the voter to do, pick out the best of the lot or lose his vote, only one can be selected and the chance is the other five will vote the democratic ticket. This is why we have two "stolen bottles" in the upper house of congress that no body wants. It was enough to make the bodies of Mitchell and Dolph turn in their graves when that state of Oregon loses its proper share. If they had been in place of Bourne and Chamberlain; if they had not been closely watched they would have got away with the whole "cheese".

Goodness knows that the old convention was bad enough but compared with the way the primary is worked it was a prayer meeting. This with statement No. 1 the democratic party have found a trap ready set to catch Geudeon.

**NATIONAL ALARM CLOCK.**

An American and a Highlander were walking one day on the top of one of the Scotch mountains when the Scotchman, wishing to impress his boastful "cousin" produced a famous echo to be heard in that place. When the echo returned clearly after nearly four minutes the proud Scotchman, turning to the Yankee exclaimed, "There, man, ye canna shaw anything like that in your country."

To which the other replied: "I guess we can better that some, stranger. Why, in my shooting lodge in the Rockies when I go to bed I just lean out of my window and call out: 'Time to get up; wake up!' and eight hours afterwards the echo comes back and wakes me."—Truth.

**Knees Became Stiff**

Five Years of Severe Rheumatism

The cure of Henry J. Goldstein, 14 Barton Street, Boston, Mass., is another victory by Hood's Sarsaparilla. This great medicine has succeeded in many cases where others have utterly failed. Mr. Goldstein says: "I suffered from rheumatism five years, it kept me from business and caused excruciating pain. My knees would become as stiff as steel. I tried many medicines without relief, then took Hood's Sarsaparilla, soon felt much better, and now consider myself entirely cured. I recommend Hood's. Get it today in usual liquid form or chocolate tablets called Sarsatabs."
