The attendance at the fair yesterday was larger than for the opening day a year ago and so is pleasing to us, said Secretary Thomas Fitzgerald of the fair commission.

Farmers' Day Tomorrow. Tomorrow will be farmers' union day at the fair and the program during the afternoon will be managed by the officers of the union. It promises to be one of the big days of the week.

Farmers' Union Exhibit. A new exhibit this year and one of the most interesting within the pavilion is that maintained by the farmers' union of this county.

Pueblo, Colo., Sept. 27.—Two resolutions deprecating federal control of irrigation projects and recommending that the national irrigation congress go on record as favoring state control of irrigation works were prepared today by Colorado delegates who will present them to the convention immediately.

SERIOUS AUTOMOBILE ACCIDENT IN STREET

MRS. ED BARR AND CHAS. M'BEЕ INJURED

Machine Collides With Cab and M'Bee is Thrown From Car—Without Driver, Auto Runs Amuck and Crushes Mrs. Barr Against Building.

Mrs. Ed Barr lies at St. Anthony's hospital with a fractured thigh and other serious injuries while Charles M'Bee, the well known stockman, lies at his home in North Pendleton with two ribs torn loose from his breast bone and suffering from bruises and sprains as a result of an automobile accident which occurred on Main street last evening.

McBee was returning from the Round-up grounds in his touring car, having but one other passenger, Chester Reed, an East Oregonian carrier boy, who occupied the back seat. McBee came up Alta street and slowed down to make the turn onto Main which was crowded at the time with vehicles and pedestrians.

Without a driver and with the steering gear wrecked the car plunged on and turned onto the sidewalk in front of the Office saloon. The walk was crowded with pedestrians, all of whom made frantic efforts to escape.

Few, if any of the eye witnesses to the accident have attempted to place the blame. McBee has the reputation of being an exceptionally careful driver and is said never to have driven the car fast during all the months that he has owned it.

Ray State Endeavorers. Springfield, Mass., Sept. 27.—For the third time in the twenty-one years' history of the organization Springfield is today entertaining the state convention of the Massachusetts Christian Endeavor Union.

TEDDY DOWNS "OLD GUARD"

Roosevelt is Elected Temporary Chairman After a Hard Fight.

BITTER FEELING IS EVIDENT OVER ELECTION

T. R. Precedes Convention by Statement Denouncing Sherman as Trickster—Quells Movement to Nominate Him for Governor by Strident Move—Police Forced to Clear Floor Before Vote Taken—"Old Guard" is Repulsed.

Saratoga, Sept. 27.—Theodore Roosevelt was elected temporary chairman of the New York convention after a hard fight today. The convention was called to order at noon and State Chairman Woodruff presented Sherman's name as temporary chairman saying afterwards: "President Taft decried the convention to endorse his administration unequivocally."

Saratoga, Sept. 27.—Before the opening of the republican state convention which is expected to develop a most bitter struggle between factions, Colonel Roosevelt issued a statement denouncing the boss control of the other faction. The statement follows last night's wrangling during which the committee endorsed Vice-President Sherman for temporary chairman declaring the charges that Sherman used trickery were false.

Just before the convention came to order, Roosevelt ended a plan to stampee the convention to name him for governor. He told followers that if anyone tried to bring his name up he would deal personally with him.

Tri-State Fair. Memphis, Tenn., Sept. 27.—Tennessee, Arkansas and Missouri industries and arts are well represented at the Tri-State fair, opened today in Memphis.

PRIZE SADDLE FOR ROUND-UP IS MASTERPIECE OF CRAFT

The finest saddle ever made in Oregon is now on display in the window of the Hamley harness and saddle store on Court street. It is the \$250 saddle to be given to the man winning the championship of the northwest in the bronco busting contest at the Round-up.

On each back skirt and back jockey is a large silver horseshoe, held in place by gold headed nails. On the front skirts and front jockeys are silver crescents and stars. The horn is capped with silver and over the forks there is a half circle of silver stars and buttons.

WEST POINT CADETS REBEL

500 Students at Military Academy Mutiny Against Officers.

"SILENCE" OFFICER BUT REFUSE TO SAY WHY

Serious Situation at West Point Faces Authorities—Captain Longan "Silenced" by Cadets Who Refuse to Disclose Reason at Investigation—Refusal May Mean Wholesale Dismissal—Cadets Incensed at Longan.

West Point, Sept. 27.—Cadets of West point today are in open rebellion and the authorities are facing the worst mutiny in the history of the academy as the outcome of the Captain Longan incident, in which 500 cadets joined in showing their disapproval by "silencing" him. The cadets are united and routine work is suspended in an effort to restore discipline.

It is not often that the "silence" treatment is inflicted upon a superior officer and the present case is the first that has occurred since Captain Lindsay was "silenced" ten years ago.

With all recreation abolished, football practice necessarily has been temporarily suspended and all hot dates in the near future cancelled.

The under classmen, it is believed, will follow the lead set by the upper classmen. The cadets are still under arrest. According to campus gossip, antagonism toward Longan arose first when he refused to allow "the punishment" squad to wear overcoats when it was raining at night.

BOLD TRAIN ROBBERY NEAR NEW ORLEANS

New Orleans, Sept. 27.—Sheriff's posse and bloodhounds, today are trailing the train robbers who held up and robbed the mail car of the California limited last night, and reported 10 miles distant with the robbers surrounded in a swamp. The bandits made no attempt to molest the passengers, and no one knew the robbery was in progress until the robbers fled and the alarm was given.

Seattle, Sept. 27.—With Chief of Police Waspenstein hurrying back from Los Angeles where he has been trying to enjoy a vacation and with friends searching for Mayor Gill who is on recreation bent, the city council today went on record almost unanimously as being in accord with Acting Mayor Wardell in his campaign to clean the city.

Hearst Favors Taft.

New York, Sept. 27.—W. R. Hearst who is in Paris, cabled this morning to the New York World saying he preferred to support Taft rather than Roosevelt. He said: "Roosevelt's methods constitute a policy of windy disturbance, while Taft's policy is quiet and unaffected."

WELL-KNOWN FARMER ACCIDENTALLY KILLED

JOSEPH SALTSMARSH IS VICTIM OF OWN GUN

Took Gun and Shot at Coyote—Supposed to Have Tripped on Return to House and Shot Himself—Bullet Entered Head.

Joseph Saltmarsh, a prominent farmer residing ten miles south of Pendleton for many years, accidentally shot and killed himself at his farm home about 8 o'clock this morning.

According to the testimony of his daughter, Bessie Saltmarsh, her father, who is about 60 years of age, had taken his gun out to shoot a coyote. While he was out she went to the cellar a short distance from the house to get some milk.

From the appearances and the circumstances, Coroner Folsom believes the man was placing his loaded gun in the corner where he always kept it, when in some manner the weapon was accidentally discharged.

The deceased is survived by four children. Ethelne McDonald, who lives about a mile from her father's home, Carl and Bessie Saltmarsh, who live at home, and Earl Saltmarsh, who is a marine in the Philippines.

FULL ELECTION RETURNS ARE IN

Ellis Carried Own County by Over Two to One Vote Over Lafferty.

MANN AND PETERSON WIN IN CLOSE RACE

Milton Candidate Noses Out Hinkle and Henneman—Wilson Leads Barrett in Umatilla County by 27 Votes—Barrett Said to Be Little Ahead in Union and Morrow—West Defeats Myers—Judge Bean Makes Splendid Race—Strain Runs Well.

BARRETT IN LEAD OF S. F. WILSON

According to the latest returns available at 3 o'clock this afternoon, Barrett is slightly in the lead of Wilson for joint senator. The official count has not yet been completed in Union county and it is probable that Wilson will demand a recount on the ground that election officials in some of the precincts are said to have erred in counting democratic votes on the republican ticket.

Complete official returns received at 3:45 give Barrett a majority of 46 votes over Wilson.

Though W. R. Ellis failed for re-nomination to congress in the primary election Saturday, he carried his own county by a more than two to one vote over Lafferty, his successful opponent, and polled more votes in the county than all the other three candidates combined.

Mann and Peterson will be the republican nominees for the offices of state representative, while Wilson leads Barrett in this county for joint senator by 27 votes, while Barrett is said to lead his opponent in Morrow and Union counties by a very few votes.

West Carries County. In the democratic primaries, West defeated Myers for the nomination for governor by a vote of 197 to 154, while Lane led Manning for congressman by 57 to 48.

One of the best races made in the county was by Judge Henry J. Bean for the four year term for the supreme bench. He won out in his home county with nearly 1000 votes ahead of McCamant, nearly four to one. He polled nearly four times as many votes as did the assembly candidate.

The vote on governor shows that a united assembly vote would probably have easily encompassed the defeat of Bowerman, the assembly nominee. Bowerman secured 600 votes, while his opponents polled 757.

Strain Gives Good Vote.

County Assessor Strain was given a good vote in his home county in his race for nomination for railroad commissioner, considering the light vote cast in the democratic primaries. He was given 293 to his opponent's 74.

The other democratic nominees are Turner Oliver of La Grande, secretary of state; Slater and King, supreme court justices; Saxton, water commissioner; Lewis (republican incumbent and nominee) endorsed for state engineer; Will Moore and J. T. Lieualten, representatives; T. J. Tweedy, treasurer; Chamberlain, clerk; C. J. Smith, senator; J. W. Maloney, judge; J. B. Saylor, commissioner.

Republican Nominees.

The following is the complete official count for the republican primaries: For surveyor—Kimbrell 849; Macomber, 459. For coroner—Ralph Folsom, 1226. For commissioner—Cockburn 796; Wellman, 408. Sheriff T. D. Taylor's name was also endorsed by the republicans by a vote of 215 to 141 for Zoeth Houser.
