

WEATHER REPORT

Fair tonight and tomorrow.

COUNTY OFFICIAL PAPER.

VOL. 23.

PENDLETON, OREGON, THURSDAY, OCTOBER 6, 1910.

CITY OFFICIAL PAPER

NO. 7025

PORTUGUESE SUCCESS MAY PRECIPITATE REVOLUTION IN SPAIN

REPUBLICANS IN POSSESSION

Manuel Has Fled From Kingdom and Revolutionists Are in Control.

BIG BATTLE REPORTED TO BE PENDING

Provisional Government is Established Firmly and Prepared to Put Down Opposition of the Royalists—Manuel Allowed to Escape With Life—Rigid Press Censorship Prevents World From Learning Casualties.

Lisbon, Portugal, Oct. 6.—With His Majesty, King Manuel of Portugal, a refugee from his home and royal honors, the situation in Portugal clears, according to the first official statement issued by the provisional government this morning.

The statement was made by Senor Costa who is provisional minister of justice of the revolutionists. With a scant shrug of the shoulder, Senor Costa disposed of the story that King Manuel was organizing troops at Mafra for an attack on the capital.

It was in accordance with the plans of the revolutionary forces that the king escaped safely, the leaders not wishing his death and knowing that he would be cared for by the British forces. Under Costa the revolutionary forces are sternly repressing all disorders and in a printed statement this morning announced that martial law will for the present take effect in this city.

A rigid press censorship is being maintained so it is impossible for the correspondents to wire details regarding the slaughter, the dead and the dying.

Revolutionists in Control.

Badajos, Spain, on Portuguese Frontier, by courier from Lisbon, Portugal, Oct. 6.—Owing to the rigid press censorship being maintained over the telegraph wires at Lisbon, authentic details regarding the casualties are not forthcoming. From what was learned from a courier this morning over 200 were killed and 400 injured yesterday in Lisbon. Refugees are arriving hourly.

According to the fleeing ones the revolutionists are fortifying Lisbon in preparation for an attack by the loyal troops in the eastern provinces, who demand that His Majesty be restored to the throne of his fathers.

It is not believed the provincial troops are strong enough to overthrow the provisional government but a civil war is imminent. Provisional President Braga is doing everything in his power to prevent this.

Quite a favorable impression has been created by the provisional government, the ministers being popular. Practically the entire navy is pledged to the new republic.

Even royalist support is being obtained by reason of a pronouncement which declares that reprisals are not to be taken upon royalists, who evidently acted in the belief that they were defending their king and country.

The royalists still hold many strongholds throughout Portugal. It is reported this afternoon that a battle is expected before night. According to dispatches the republican government is unpopular and the royalists are gathering to resist the provisional government.

Manuel Fleeing to France.

London, Oct. 6.—Router's agency today carries a dispatch from San Sebastine which says King Manuel and his exiled Queen Mother Amelie of Portugal passed through San Sebastine this morning enroute to France. The route of the deposed king's uncle, the Duke of Oporto is unknown. The

party is reported to be traveling incognito.

Republic is Proclaimed. Lisbon, Oct. 6.—Provisional President Bragat today telegraphed foreign offices throughout the world announcing the proclamation of the republic of Portugal. "The provisional government guarantees public order and safety," it is said.

King's Mistress Interviewed. Vienna, Oct. 6.—In a copyrighted interview with the United Press today Mlle Gaby Des Lys glorified her relations with King Manuel of Portugal. The young woman who set the heart of the boyish king aflame when she appeared in her dance, admitted that she was the king's mistress but said he did not give her a million dollars worth of jewelry. However, she admits she gets an enormous salary for her dance. She said she saw the king the last time in Paris in August. "It's much better for him to abdicate. I know he will be happier now than when he was king," she said.

France May Recognize Republic. Paris, Oct. 6.—It is reported unofficially that France is preparing to recognize the republic of Portugal.

To Open Forest Lands. Washington, Oct. 6.—Thousands of acres of forest lands restored to the public domain by President Taft will be made subject to settlement this month. The lands are in the states of Colorado, Washington, Oregon, Utah, Idaho, Wyoming and New Mexico.

JACK O'NEAL ENTERS PLEA OF GUILTY

DRAWN \$50 FINE FOR ILLEGAL SALE OF BOOZE

Bartender of Tent Saloon at Coe Changes His Plea and is Now Serving Out Fine in Jail—Dozier and McDonald Also Pleaded Guilty—Other Near Beer Cases Pending.

Changing his mind after his case had been called for trial, Jack O'Neal, bartender in one of the tent saloons at Coe, late yesterday afternoon withdrew his plea of not guilty to the charge of selling intoxicating liquor and entered a plea of guilty. He waived time for passing sentence and was fined \$50. Being without funds he was remanded to the custody of Sheriff Taylor and is now engaged in serving out the fine at the rate of \$2 per day.

Following the disposition of the O'Neal case, George McDonald and Neil Dozier, two other tent saloon men were arraigned. McDonald was the first one called and he announced he would stand by his original plea of not guilty and fight the case. When Dozier was called and entered a plea of guilty, McDonald also changed his mind and pleaded guilty.

McDonald will be sentenced tomorrow and Dozier Monday.

The other near beer cases, including the Bendleton and Athena near beer men, will be up tomorrow morning for consideration.

Dave Myers who entered a plea of guilty to the charge of stealing a vacuum carpet cleaner from his brother-in-law, Louis Cargill, will receive his sentence tomorrow. The theft was committed last spring. Myers was arrested in Spokane, was brought back to Pendleton, released on bail and then jumped to Canada. He was arrested there by the Canadian authorities on a charge of trespassing on railroad property, was sentenced to serve 90 days in jail. In the meantime the Bendleton authorities were notified and a special officer was sent to bring him back to this city.

Tots-la-ma, the Indian found guilty of the larceny of a saddle and bridle was this morning sentenced to pay a fine of \$75. So far he has been unable to raise the money and is still in jail where he has been for the past several weeks.

W. W. Atfield, the embazeling express agent will receive his sentence Tuesday, according to an announcement made by Judge Bean.

HEARST COULD NOT DICTATE

Independence League Disregards Instructions From Its Leader.

REFUSES TO ENDORSE REPUBLICAN TICKET

John T. Hopper Is Named for Governor and Hearst Himself for Lieutenant Governor—Platform States It Is Duty to Deal Crushing Blow to Murphy Schemes—Declares for Direct Primary, Initiative, Referendum and Recall.

New York, Oct. 6.—Disregarding the wireless instructions from W. R. Hearst, who is en route home from Europe, the independence league in convention here today nominated a ticket of its own. Hearst's message suggested that the league endorse the republican ticket.

John J. Hopper, state chairman and William R. Hearst were duly chosen to lead the ticket respectively for governor and lieutenant governor, and the convention adjourned until Friday to give time for discussion as to the rest of the ticket.

The platform after stating that it is the duty of the party to deal a crushing blow to Murphy's scheme to Tammanize New York state, declares for direct nominations for every elective office, for the initiative and referendum and recall, and calls for a plebiscite on a constitutional amendment granting woman suffrage in New York.

After the platform was adopted Mr. Shearn introduced a resolution that the convention decide whether to nominate a straight ticket or to endorse the republican ticket.

The Rev. Ivan M. Jones of Syracuse begged the convention to help the up state people defeat the democratic ticket and said that the best way to do it was by nominating a straight ticket.

CHIEF ENGINEER SAYS CANAL WILL BE OPEN IN 1915

New York, Oct. 6.—"The Panama canal will be cut through by 1915," said Colneal Goethals, chief engineer of the construction who is here today for the wedding of his son. "Everything is doing nicely. We are pushing the concrete work in the locks rapidly and the excavation is going ahead faster than at any time since the canal started. The new line from Gatun to Gamboa will be completed by Jan. 1912. Then begins the work of raising Lake Gatun to the fifty-foot level. The work has already been begun on the Atlantic side and that on the Pacific is doing fairly well. The actual digging should be completed long before Jan. 1915, but the details will take to the limit."

SEARCH FOR CRAFT THAT CARRIED THE DYNAMITE

Los Angeles, Oct. 6.—Detectives today are detailed to search Southern California ports for the gasoline launch Kate which cleared San Francisco Sept. 25th. It is believed part of the dynamite taken from the launch Pastime was put aboard the Kate and taken to Los Angeles. Detective Wm. Burns, in charge of the investigation, was closeted today with Chief of Police Galloway. Later, he said the dynamiters would be caught. The search for bodies continues.

Teach Wireless Telegraphy.

Philadelphia, Oct. 6.—The University of Pennsylvania is the first great educational institution to give wireless telegraphy a place in its course of study. The department of physics is in charge of the instruction, and two wireless stations will be operated by students.

ROOSEVELT ON ANOTHER TOUR

Strenuous Ex-President Off for Rapid Dash Through Several States.

WILL MAKE MANY ADDRESSES ON TRIP

Colonel Leaves New York With Pockets Bulging With Manuscripts—Will Invaade South and Central West—Is Scheduled to Deliver Eulogy on Joel Chandler Harris, Make Address on Conservation, Explain Attitude on Vatican Incident, and Make One Political Address.

New York, Oct. 6.—With his pockets bulging with manuscripts of addresses, Col. Theodore Roosevelt departed today for another grand tour which will take him through the south and central west. His first speech will be delivered at the Appalachian Exposition in Knoxville, Tenn., and will be on the subject of conservation. On Saturday he will take part in the celebration of "Uncle Remus Day" at Atlanta. The late Joel Chandler Harris, creator of "Uncle Remus," was a close personal friend of Col. Roosevelt, and the tribute of the latter to the gentle humorist will doubtless be a masterpiece.

From Atlanta Col. Roosevelt will go to Hot Springs, Ark., where he is scheduled to speak next Monday. He will then proceed to Georgia, where on Wednesday he is to deliver an address before a gathering of the Knights of Columbus, which it is believed will be one of the most important speeches of his trip. Mr. Roosevelt probably will tell his side of the controversy which resulted from his decision not to visit Pope Plus because of the restrictions imposed by the Vatican.

On the following day Col. Roosevelt will invade Indiana and deliver an address in behalf of Senator Beveridge. This speech will deal with politics pure and simple, unlike the other addresses of the tour, and will be an open plea for the success of the senator in his campaign.

BRODERICK DENIES HE GAVE BRIBE FOR VOTE

Chicago, Ill., Oct. 6.—State Senator Broderick today testified before the senatorial committee that he did not give State Senator Holtzlaw \$2500 to vote for Lorimer. He declared he never bribed any man. This testimony contradicts Holtzlaw's testimony, which was to the effect that Broderick gave him money for the specific purpose of securing Lorimer's vote.

MOTORMAN WHO CAUSED WRECK SAYS "I FORGOT"

Stanton, Ill., Oct. 6.—"I forgot." This is the only explanation Motorman John Lierman has to offer for the wreck which killed 36 and injured as many more Tuesday. Lierman has been arrested and it is likely will be held responsible for the deaths. The hearing was begun today and will probably continue two weeks. All of the bodies have been identified.

Earth Tremors Recorded.

San Jose, Cal., Oct. 5.—Seismographs at Santa Clara college recorded several slight earth tremors yesterday. The seat of the disturbance is placed by the college observatory at several thousand miles away in a southeasterly direction.

RELEASE PASSENGERS FROM QUARANTINE

New York, Oct. 5.—Six hundred and fifteen cabin passengers detained at quarantine since Monday night aboard the steamers Santa Anna and Molke, from Italian ports, for fear cholera might break out, were released today. The vessels are still held, however, and the steerage passengers of both, 200 in all, probably will be transferred tomorrow to Hoffman island for observation.

The steamer Virginia which completed the trio of cholera suspects held up last night, received a clean bill of health today and was allowed to proceed from quarantine with all hands, steerage included.

SAYS CROPS BETTER THAN HE EXPECTED

Seattle, Oct. 6.—J. M. Hannaford of St. Paul, second vice president of the Northern Pacific railway, who arrived in Seattle yesterday on an inspection of traffic conditions expressed the opinion that crop conditions are much better than have been reported. "Instead of crop failures in North Dakota, my reports indicate a 60 per cent yield along the line of the Northern Pacific," he said. "The wheat shipments this year from eastern Washington to coast terminals, will be about 70 per cent of normal."

Mr. Hannaford estimates that 3000 cars of apples will be sent to the east from the North Yakima country.

COAST LEAGUE WILL REMAIN AS IT IS

DIRECTORS DECIDE NOT TO ENLARGE NEXT YEAR

Disagreement Over Division of Clubs Prevents Enlargement to Eight Club League—Portland Will Have Northwestern Team.

Portland, Ore., Oct. 6.—The Pacific Coast league will not be enlarged to admit teams other than Portland from northern cities. The Northwestern league will be permitted to place a team in Portland next season, providing Congressman W. W. McCredie will finance the Northwestern league team.

This was the upshot of the meeting between a committee from the Pacific Coast league and the managers of the Northwestern league teams held here yesterday. Those who participated were Charles Graham of Sacramento, representing Henry Berry and Edward Walter of Los Angeles, W. W. McCredie of Portland; David E. Dugdale of Seattle, Edward Quinn of Tacoma, Joseph Cohn of Spokane and R. P. Brown of Vancouver, B. C.

The original purpose of the meeting was to devise a plan whereby the Pacific Coast league could be enlarged into an eight-club league. Both the Coast and Northwestern magnates were agreeable to the idea, but they split upon the makeup of the league. Graham, representing Berry and Walter, declared for five teams in the south and three in the north. Congressman McCredie supported the northerners in their demand for a league with four teams north and four south. Graham stated that if the idea of the northerners was adopted, it would be necessary to withdraw the franchise now held by Vernon. This he said, would be unfair. Berry and Walter, Graham said, had entered into a ten year lease of a baseball park at Vernon and to take away their franchise would be to cause them a heavy financial loss.

Both sides were unyielding, and the proposition was deadlocked.

Next came the proposal to allow the Northwestern league to place a team in Portland. To this Graham assented, providing the team should be financed by Judge McCredie, which McCredie agreed to do. This means that Portland will have continuous baseball next season as in 1909, the Northwestern league playing here on dates when the Pacific Coast league's Portland team is away from home.

VIOLENT CLASH IS IMMINENT

Republicans in Spain Are Jubilant Over Victory in Portugal.

BOTH FACTIONS PLAN GREAT DEMONSTRATIONS

Alfonso's Ministers Prepare for Uprising Throughout Kingdom—Republicans Are Raising Flags and Troops Are Applied For—Big Demonstrations Are Planned and Clashes May Result—King Alfonso Reported to Be Near Death.

Madrid, Oct. 6.—Formidable military preparations have been made throughout Spain for a great uprising of republicans supported by the clerical faction that is bitterly opposed to the king and his cabinet. Plans for a great demonstration of the anti-royalists have been discovered by government spies and should they be carried out, there is bound to be the utmost difficulty in handling the trouble makers. There is no concealment that the demonstrations are to be of an anti-dynasty character. To make matters worse, counter demonstrations are planned by the anti-clericals. A clash of these opposing factions would provide an opportunity for the precipitation of a revolution.

Police and Republicans Clash. Barcelona, Spain, Oct. 6.—The police and republicans clashed frequently today and the situation is fast getting beyond control. The republicans are raising flags and as a last resort, Madrid has been asked to send reinforcements at once. Similar conditions prevail in other cities and the enthusiasm over the Portuguese success is great.

Spain May Aid Portugal. Madrid, Oct. 6.—The flower of the Spanish army has been ordered to the Portuguese frontier. Madrid is seething with excitement. Republicans declare the action foreshadows an attempt on the part of Alfonso's ministers to aid Manuel against the Portuguese republicans. Republicans here predict that an attempt to aid Portugal means a civil war in Spain.

Alfonso Is Doomed. Madrid, Oct. 6.—King Alfonso is fatally ill, according to a statement made by a high medical authority here today. The disease is described as caries of the bone and a fatal termination is feared in the near future. Dr. Moore, the celebrated Bordeaux scientist, to whom Alfonso has made frequent visits lately, has been able only to retard the progress of the affliction slightly. One of the king's ears has been affected and the bones of the right cheek and nose are disintegrating. Since birth, the king has suffered from hereditary diseases and is a sufferer mentally also. This is the reason why he remained away from Spain during the recent troubles as it was feared by the ministers that the constant worry would bring him to a sick bed sooner.

To Erect Theater in Portland. Portland, Ore., Oct. 6.—Klaw and Erlanger have closed a deal in this city by which they have secured property at 11th and Morrison streets, and will erect a theater building to cost about \$200,000. The theater will be ready for occupation September 1, 1911, according to Marc Klaw, who has been in Portland several days concluding arrangements for the site and building.

Edgar Smith came in this morning from the ranch near Vansycle.

PORTLAND DENIES ALLEGED MOVEMENT TOWARD APPROPRIATING PENDLETON ROUND-UP

That Portland business men do not countenance the alleged move to hold a Round-up exhibition in that city and that there is little probability of such a show being held in that city is indicated by the following message received today from C. C. Chapman, manager of the Portland commercial club.

Portland, Ore., Oct. 6, 1910. East Oregonian, Pendleton, Ore. I am not surprised that Pendleton

should be indignant over any suggestion that Portland would appropriate the Round-up. For Portland to steal that success from Pendleton or make any attempt along that line would not only be an outrage, but would be very much to Portland's disadvantage. In company with other members of the Portland commercial club I attended the Round-up, and every one of the party was tremendously enthused, regarding the affair as a great success. Many compliments

were paid to the local management for its unusual exhibition of forethought in planning the details of such a big affair. In all that Portland party who attended there was not one who seriously thought of an effort to bring the Round-up to Portland for the Portland fair or for any other Portland event. Many made the remark that an affair of that kind would be a great big credit to Portland or any other large city and that it was nothing short of a marvel that

a city the size of Pendleton could have made so great a success of it. Doubtless it was complimentary remarks along these lines that started the idea that Portland would try to steal the Round-up. Since publication of the articles criticizing Portland I have canvassed among leading business men to ascertain whether there is any movement on foot. Every one I questioned absolutely repudiated the idea that Portland would be guilty of anything of the kind.

It would be a great advertising mistake for Portland to have a Round-up. It smacks of the wild and woolly west and that is what Portland does not afford to feature as a great annual event. The Round-up peculiarly belongs to Pendleton and is a great advertisement for it. There is very little of the old west left and for an inland town right in the stock country, to perpetuate the traditions of by-gone days in an annual celebration, is entirely consistent and makes a splendid advertisement as well as source of

revenue for that town. Pendleton can count on Portland business men every year in increasing numbers to aid in sustaining the reputation established by the first great Pendleton Round-up. We do not blame the Pendleton people a particle for feeling very much incensed but wish to assure them that there is no real ground whatever for their fear. Portland will attend the Round-up in numbers annually but it will be at Pendleton. C. C. CHAPMAN, Manager Portland Com. Club.
