### SPORTS

**COAST LEAGUE.**  
Oakland 4, Frisco 2.  
Oakland, Cal., Oct. 18.—When "Ping" Bodie put the ball over the left field fence in the fourth inning at Freeman's park yesterday, he established the home run record for the Pacific Coast league, his long drive being the 29th four-base hit to be chalked to his credit this season. This is one more than the total piled up by "Truck" Egan several years ago when he was a member of the Tacoma team.  
Shaw scored in the sixth on Bodie's single, making up San Francisco's quota for the day. Oakland gathered two runs in this frame and added two more in the seventh.  
Score: R. H. E.  
Oakland ..... 4 9 1  
San Francisco ..... 2 4 3  
Lively and Mitze; Sutor and Williams.  
**Vernon 4-0; Sacramento 0-3.**  
Los Angeles, Oct. 18.—Vernon and Sacramento exchanged courtesies in the final double header of the season yesterday. The villagers shut out the Senators in the first game 4 to 0, and the northerners retaliated in the afternoon by blanking the packing town aggregation 3 to 0. Carson was wild in the afternoon game. On two hits, Sacramento, with the aid of wild pitches, scored three runs—the only tallies they made. The game was called in the seventh inning on account of darkness. Scores:  
R. H. E.  
Vernon ..... 4 9 1  
Sacramento ..... 0 5 3  
Schaffer and Brown; Pape and LaLonge.  
Second game: R. H. E.  
Vernon ..... 4 9 1  
Sacramento ..... 3 5 0  
Carson, Hitt and Brown; Whalen and LaLonge.

**France Honors German.**  
Paris.—Prince von Radolin is being made the object of signal marks of the French government's esteem on the occasion of his retirement from the post of German ambassador to France. President Fallieres, Premier Briand and Foreign Minister Pichon in turn have given luncheons in his honor, and today M. Fallieres, as a souvenir of his keen friendship, presented him with a superb epervier of Sevres china, representing hunting scenes.

### EARTH'S WEIGHT IS SEVEN TRILLION TONS

New York.—Reinhardt A. Wetzel, instructor of physics at the College of the City of New York, has just finished a series of experiments by which he has computed the weight of the earth to be seven trillion tons. According to instructor Wetzel, the result is more accurate than has hitherto been obtained.  
The apparatus used by the weigher in his experiments was so extremely delicate that they were carried on entirely after midnight to avoid the jarring of footfalls in the farthest corridor.  
**Reinstate Smoking Player.**  
Walla Walla, Wash.—By vote of the football squad of Whitman college, Eddie Johnson, the sophomore who was suspended from the team for breaking training rules by smoking, has been reinstated. Coach McCaa refused to reinstate him upon his own volition, but put it up to the members of the squad. They voted to let the crack halfback into the game again, but only under conditions that he obey the rules.  
Headmaster (to father of boy entering school)—Our teaching embraces writing, arithmetic, algebra, geography, trigonometry.—
