AMATEUR COMIC OPERA IS PLANNED

LADIES OF CIVIC CLUB ARRANGE ENTERTAINMENT

"H. M. S. Pinafore" Well Known Gilbert and Sullivan Opera Will Be Put on by Young Men and Young Ladies of City.

The ladies of the Civic Club have perfected arrangements to present for the benefit of the public library and the rest room, the comic opera H. M. S. Pinafore in the theatre in the near future. The date is not yet set but as soon as the cast has been selected and the parts assigned all will begin regular rehearsals and the opera will be given in about two weeks.

Pinafore is the most popular of the Gilbert and Sullivan operas, having enjoyed phenomenal runs in many of the largest cities of this country and Europe. Unlike many of the musical comedies of the present day, Pinafore has an excellent plot and many of the situations are very amusing, while the dialogue is bright and witty. The music is perhaps the best ever written by that eminent composer, Sir Arthur Sullivan, although his opera of "Pirates of Penzance" and "The Mikado" have, also been popular. Still some of the arias of Pinafore compare favorably with some of the music of grand opera.

The management has been fortunate to secure as director, Mr. Martin C. Robinson, who having had excellent training and years of experience in this line of work is eminently qualified for producing these operas and able to accomplish excellent results in a short time. Mr. Robinson brings with him the necessary scenery and costumes to make this a first-class production and in two weeks will train a company of good amateurs to produce Pinafore better than many professional companies. The cast of Pinafore re-

quires three excellent voices for the women's parts and five men, and these will be selected from among the local singers with reference to their ability to act the parts as well as the singing of the music.

As Pinafore is a musical opera and is represented to take place on ship-board much of the chorus work falls to the men of the company and for this at least twenty good voices will be required.

At the first rehearsal held last night in the armory nearly enough ladies were present to fill the ranks of the chorus, but more men are required for bass and tenor parts and it is the earnest wish of the management that all the young men who will join in the chorus should attend the next rehearsal, held at the armory tonight at eight o'clock.

Not only is the object for which this opera is being prepared, worthy of loyal support, but the drill and training received by all who take part is well worth the time given to it. Many remember with pleasure the production of Queen Esther given here a few years ago by Mr. Robinson, under the auspices of the high school and as the opera of Pinafore is of a bright and catchy nature this opera is bound to be even a greater success than was Queen Esther.

To Voters.

Less than 300 voters in the district affected signed the Washington-Multnomah county annexation petition; 500 in the district have signed a remonstrance, practically all outside the district are against annexation, yet you are called upon to vote the addition of practically one-fourth of Washington one of the smallest counties, to Multnomah, already the wealthiest, most influential and powerful. Voters of the state outside of the counties affected can know but little of these county division measures. We of Washington know nothing of the merits of those not affecting us, and believe such questions should be left to the counties affected. Washington county cannot afford to lose this territory and Multnomah does not need it. We ask you to vote 339XNo. —W. D. Wood, Chairman Anti-Annexation Committee, Hillsboro, Oregon.
