This exhibit will be made by the Oregon Agricultural College and competent "bugologists" will be on hand to explain the effects of the pests on fruit crops and the best means of combating them. Proper sprays will be shown and the approved methods of applying them demonstrated. NEWS OF THE NORTHWEST

Tacoma Revives Curfew.

Tacoma, Wash.—Tacoma children under 15 years of age will have to stay in doors nights hereafter.

Chief of Police Maloney has issued an order to the department to enforce rigidly the curfew law which was much of a dead letter. It prohibits youngsters being out after 8 p. m., unless accompanied by a parent or guardian or bearing a letter granting the permission for the specific date.

At the first offense the children are taken to police headquarters. Particular attention will be paid to public dances or any questionable resorts.

Football Boy Be Fatal.

Walla Walla, Wash.—Striking his head on the hard ground when tackled in a football game, John McLaughlin of Baker grammar school suffered concussion of the brain, and his condition is serious. While he may not recover, physicians have hopes.

McLaughlin was playing on the Baker eleven against the Green Park team in the Grammar School league. Making an end run he was thrown by a tackler on the opposing team, and, in falling, struck the back of his head.

At first it was feared he would not live until he was taken home.

Kiss Stolen; Warrant Out.

Tacoma, Wash.—Mrs. Amelia Schwellenbuch swore out a warrant in the police court for the arrest of a delivery clerk employed by a grocery store at 5292 South Union avenue for stealing three kisses from her Tuesday.

The young man is charged in the warrant with third degree assault. The complainant is a prepossessing matron, said the clerk came into the house to deliver groceries and throwing his arms about her, kissed her three times.

"What were you doing all this time?" asked Judge Arntson.

"I didn't do anything," she said. "I just stood there."

College Secures \$25,000.

Salem, Or.—Rev. G. L. Lovell of the United Evangelical church of this city has received word that the general conference of that church, which has been meeting in Dallas, Texas, has granted \$25,000 for Dallas college, at Dallas, Or., to supplement the \$25,000 recently raised in this state for endowment purposes.

Dr. C. C. Poling and President Winter of the Oregon conference, represented the state at the National conference in Canton. Rev. U. P. Swengle of Lewiston, Pa., and Dr. Faulke of Chicago, were named as new bishops of the conference, according to the advices received by the local pastor.

Christmas Swim.

Portland, Ore.—Plans are being made for the Christmas swim in the Willamette river. Under the direction of the Multnomah club, a course 200 yards long will be marked off in the harbor near the Morrison street bridge and swimmers will enter the water from a barge and swim to another moored at the required distance.

Last year's Christmas swim, when the custom was inaugurated, proved a success. There were many participants and a swim in mid-winter was a great advertisement of the mild climate of the northwest. It is expected to hold the Christmas swim each year, hanging up attractive trophies for the winner and participants.

Six Fires Set in City.

Walla Walla, Wash.—Six attempts at incendiarism have aroused the police here to their utmost activity and the city is being watched more closely than for years. The firebug seems to have no particular regard for persons, and although one fire may have been a grudge, no reason can be assigned for the others.

Patrolman George Roff found that papers in his basement had been burned, but the flames had not grown hot enough to ignite the house. That happened Saturday. Sunday an attempt was made to fire the parsonage of the First Baptist church. Friday the Mulkey residence on Boyer avenue was threatened. Wednesday night a cellar on Rose street was fired, and two other attempts on residences were made last week.

Ax in Bed, Her Plaint.

Walla Walla, Wash.—Five times separated from her husband and having twice before begun divorce proceedings against him, Mrs. Rose Warren Elster, of this city, is now finally determined, she says, to rid her third divorce proceedings, alleging cruel and inhuman treatment. She asks for the custody of her six children, \$200 alimony and that the property they own be set aside for the children.

They were married in Nebraska, January 1, 1898. They separated first November 17, 1907. Then in June, 1908, she left him again and again in February, 1910. In May, 1910 she left him again and recently she deserted him again.

She filed her first divorce suit in August, 1908, the second last May and the third yesterday.

She says that prior to their last separation her husband, John Elster, drove her from the house and when she returned slept all night with an ax between them in bed.

Dr. J. C. Convery, a physician and chemist of high standing, extols the virtues of the great health restorer.

"There is always a great and lasting satisfaction to be derived from administering a remedy and obtaining the result desired and expected. I have been engaged in the practice since I graduated, over 45 years ago, both in pharmacy and medicine, and I have sold and prescribed hundreds of bottles of Duffy's Pure Malt Whiskey in cases to maintain and build up a patient's bodily resistance and shorten the period of convalescence, and patients who complain of headache, biliousness, want of appetite, lack of vigor and ambition, and a general run down and exhausted feeling. I have found nothing more beneficial than Duffy's Malt Whiskey. I am positive of its being pure and unadulterated."—Dr. J. C. Convery, 119 Sixth Ave., N., Nashville, Tenn.
