LOCALS TAKE GAME FROM WALLA WALLA

PENDLETON HIGH RETURNS WITH LAUREL WREATH

Boys Win First Interscholastic Game by 5 to 0 Score—Game Was Hard Fought—Score Came in Last Quarter.

Bearing the laurelwreath of victory the Pendleton High school football team returned on the early morning train from Walla Walla after defeating the Garden City high eleven by the score of 5 to 0. According to the boys, the game was one hard fought from start to finish, the local boys making the only touchdown in the last few minutes of the final quarter. And even then it looked for a time as if the contest might be a tie for, with but two minutes to play, the Washingtonians executed three forward passes and, by the assistance of recovered fumbles, worked the leather oval to the Pendleton three-yard line where the final whistle stopped its progress.

The Pendleton team was handicapped by the absence from the game of Richard Thompson, who is suffering from a bad ankle. Kimball, the speedy little quarterback, sustained a twisted ankle during the game and may be kept out of the scrimmages for some time.

Coach Lytle and Captain Devine are both immensely pleased at winning the first interscholastic game, and the hopes of the entire team of winning the championship of eastern Oregon have been perceptibly raised.

According to Coach Lytle, Williamson, who played guard on the Pendleton team, was one of the stars of the day. Being one of the lightest men in the line, the Walla Walla players concentrated their line attacks on him but without effect. He proved a tower of strength, stopping every play that was aimed in his direction and frequently breaking up the plays of his opponents before they got started.

Regarding the game yesterday this morning's Walla Walla Union has the following to say:

"Pendleton high school defeated Walla Walla high school yesterday afternoon by a score of 5 to 0 in one of the best games ever played on Ankeny field, both as an excellent exhibition of football and as a manifestation of true sportsmanship.

Though the game was a struggle clear through, there was no ungentlemanly conduct whatever. The Pendleton boys averaged about five pounds heavier than the local team but the difference in weight was not great enough to make a perceptible difference in the playing of the two teams. Pendleton's only advantage lay in the greater experience of the men. Coach Shaver of the Walla Walla team said that the game was well played and that he was well pleased with the showing made by his players. He said that Pendleton won by good clean playing, and that he had no fault to find. Coach Lytle of the Pendleton team commented on the equality shown by the teams. He said that he thought the yardage made by the two teams, both by forward passes and otherwise, was about even. He said that the horseshoe just happened to fall Pendleton's way, and that Walla Walla would probably have scored had the game continued longer. For the local boys, Booker, Cowan, Hawkins and Sharrod played great ball, and for Pendleton Devine, Chapman, Kimball and Bowman deserve special mention, Chapman doing well with forward passes."

The following was the lineup of the two teams:

Walla Walla. Pendleton.
Martin..... Jordan
Harrington..... Williamson
Roberts..... Hinderman
Shannon..... Chapman
Swanson..... Houser
Russell..... Snyder
Cowan..... Carlander
Bowers..... Kimball
Booker..... Milne
Sharrod..... Devine
Hawkins..... Bowman
Substitutes—Walla Walla, French, Stanfield and Burns; Pendleton, Chapman, Fennell and McDonald.

Officials—Reser and Scott. Head linesman, Applegate.

MESSENGRERS ON SKATES ARE BERLIN NOVELTY

Berlin. — Roller-skating is quite general in all the streets of Berlin and roller-skaters have become one of the most remarkable features of this capital. Roller-skating was introduced here by an enterprising American firm which opened the first rink and sent excellent roller-skaters through the streets by way of advertising the attractions of their own establishment.

Roller-skating quickly caught on and the Berliners soon found that it was not only pastime, but could also be utilized in the more serious affairs of their every-day life. Now, many big business firms supplement their delivery carts by express messengers on roller-skates who in this way can traverse great distances at a great speed, so that it is quite common experience for customers at shops to have their purchases sent to their homes by roller-skaters.

The Berlin Messenger Boys Company, realizing the advantage of the roller-skate in their particular line of business, introduced some time ago a brigade of juvenile skaters for the conveyance of express communications.

STATISTICS ON WHAT CANAL WORKERS EAT

Washington.—Feeding the army of Panama Canal builders is a matter of tremendous expense and, to keep tab on the money, the government makes a record of wonderful detail that shows the cost per meal per man. It is shown by the annual report of the Isthmian canal commission that there are in operation 19 hotels, 10 European laborers' messes, and 20 common laborers' kitchens.

The total number of meals served at commission hotels was 2,176,451. The cost of supplies was 24.87 cents and the expense 6.23 cents a meal, a total of a little over 31 cents.

The meals served in the European laborers' messes made a total of 1,092,487, which cost 26.84 cents each for supplies and expenses. The meals in the common laborers' kitchen totaled 781,746 and cost 27.09 cents each. The average daily attendance during June in the line hotels was 1,178 and in kitchens 1,496.

The average weight of the ration supplied each person daily in the laborers' kitchens was found to be approximately 4.41 pounds, with a value of 22.26 cents. It is a coincidence that the net weight of the ration furnished the European laborer is exactly equal to the gross weight of the United States army garrison ration, and the net weight of the ration furnished the negro laborer is exactly equal to the gross weight of the United States army field ration.

The year's operation showed a loss on hotels of \$22,168, a profit on the European laborers' messes of \$24,504 and a profit on the laborers' kitchen of \$21,211.

Things are becoming awfully uncertain. Minnesota may not levy any tax this year.

5 Per Cent. Daily Reduction Sale on Hand Bags

Beginning the seventeenth of this month and running up to the first of November we will place on sale every hand bag in our store on a gradual reduction plan.

15 days, 15 prices on every bag, or 5 per cent. Reduction each day

Come in the first, second or any other day. Select the bag and state price you wish to pay for same. Should we not receive a larger offer before the date corresponding to the price you offer the bag will be delivered to your address.

AT THE MOVING PICTURE SHOWS

Sunday's Music Program.
March—Blaze of Glory.
Waltz—Rose of Mexico.
Medley Selection—Plantation Songs.
Indian Intermzzo—Silver Bell.
Waltz—New Year's Dream.
Intermezzo—Indolence.
March—Diamond Flush.

The Pastime.

Sunday's change of program follows:

"The Arizona Romance." Pathé. American drama. A great western drama that has its beginning in New York, but culminates in the wilds of Arizona. A love story of great interest that will thrill all. Something different from the usual run. "Alice in Wonderland." Edison. comedy. A treat for young and old. The many thousands who have read this story will appreciate the enterprise which prompted such an excellent production. The dramatic features are developed so they seem even more surprising than they do in the book.

"Poems in Pictures." Gaumont. The five poems of the series have in order, "Love," "Bereavement," "Friendship," "Meeting and Parting," and "War" as the subjects. The effect produced by seeing these pictures for the first time is likely to be one of regret that they cannot at once be repeated. It has so much beauty and merit that one cannot grasp its full meaning at one showing.

"A Dummy in Disguise." Comedy. Full of amusing situations.

HORSE MARINE MUST FURNISH OWN STEED

Washington, D. C.—A horse marine who takes part in a 90-mile test ride prescribed by presidential order must provide a steed at his own expense. Such is a decision rendered in a contested case by the comptroller of the currency. A colonel in the marine corps, after making the ride, collected \$15 in his expense account. The item was disallowed and the colonel was requested in military language to remit. He replied politely that in his opinion the law provided that the government should pay the horse bill and therefore he wished to be excused from yielding up \$15. The money was then deducted from his pay. The colonel appealed to the Comptroller and in due time was informed that the bill was properly charged against him. He was informed that officers above the rank of captain are not entitled to be furnished with horses, forage and equipment at the expense of the United States for the 90-mile ride. The use of the horse was declared to be entirely for the benefit of the colonel and he was held to be liable for the expense.

Tutor.

Miss Anna Waugh wishes to announce that she is prepared to tutor pupils in both grade and high school subjects. Miss Waugh is well qualified to do this work for she is a graduate of Cornell College, Mt. Vernon, Iowa, and the University of Chicago and has had experience in teaching in the rural and high schools. For several years she has been engaged in tutoring in her home town where the results obtained in all branches but especially in mathematics, have been very satisfactory, both to the parents and pupils themselves. If you are interested call and see her at Mrs. Flora Harper's, 300 S. Main street.

It was shortly after midnight, and the colonel had caught Rastus red-handed.

"Well, Rastus, you old rascal, you," said he. "I've caught you at last. What are you doing in my henhouse?"

"Why, Mars' Bill," said the old man, "I— I don't heerd such a cacklin' in dis yere coop dat I—I thought mebbe de old hen done gone lay an' aig. an' I—I wanted ter git it fo' you' breakfas' while it was fresh, suh."—Harper's Weekly.
