ward Very Ill—Other Notes.

(Special Correspondence.)
Milton, Ore., Oct. 26.—The funeral of Orin Kelly, the little two-year-old son of V. O. Kelly of Freewater, was held from the Congregational church this afternoon. Dr. Bleakney officiating.

This was a very sad death as the little fellow was drowned while trying to cross Little Walla Walla river on a plank. The little one was carried a quarter of a mile down the stream, passing through the flumes of the Pencock mill, and as the end of the flume is quite a distance from the water it was thought death resulted more from the fall than the water, as the head and face were badly bruised. Alta Rogers discovered the baby while he was fishing and notified the parents who had not noticed that the little one was missing.

DON'T BE THIN.

No Need of Being Scrawny, Weak and Emaciated.

Good healthy flesh can only be gained by the use of the proper food with thorough assimilation of the fat-giving elements. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food. Weigh yourself before commencing the use of these little tablets, and see how your weight increases.

Samose has valuable flesh-forming and tissue building properties, and when it is assimilated with the food, it causes the flesh-making elements to be retained and the weight is naturally increased.

Koepen Bros., the popular druggists, have sold in the last few weeks a great many packages of Samose, every one with their personal guarantee to refund the money if it did not give satisfaction and have had but one person ask for the money back. Sent postpaid on receipt of price, 50 cents.
