

# MANNING TRAINS GUNS ON TRUSTS

### MAKES FIRST CAMPAIGN SPEECH IN THIS COUNTY

#### Democratic Candidate for Congress Takes as Slogan "Reduce the Cost of Living"—Chamberlain Attacks Bowerman and Assemblyism.

(Special Correspondence.) John Manning, democratic candidate for congress in the second district, opened his campaign in Umatilla county at Echo yesterday afternoon. At the same time, United States Senator George E. Chamberlain spoke to an enthusiastic gathering at Hermiston.

Mr. Manning confined his speech, chiefly, to his campaign slogan, "Reduce the cost of living." He pointed out that under the present state of industrial affairs the people are staggering under the burden of high prices. He charged this condition to the great trusts and monopolistic combinations which control the markets of the country and force the supply of goods and prices at their own sweet will.

The speaker declared that never since the civil war have the people been concerned in a more serious question than the trust problem. The French revolution grew out of the price of food and the people of the United States, and particularly in the large cities, find the matter of earning sufficient to keep body and soul together a problem of gravest concern.

He showed how every article that goes to make up the list of living necessities has gone up in price, until now living is higher than ever before. And for every commodity purchased

#### Good Way to Do Business.

In ordering a 50c bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at 25 cents Koeppen's are giving one of the greatest trade chances ever offered to the people of Pendleton.

If food does not digest well, if there is gas or pain in the stomach, if the tongue is coated and the breath bad, if there is constipation and straining, Dr. Howard's specific will cure you. If it does not, you have Druggist Koeppen's personal guarantee to return your money.

This remarkable remedy comes in the form of tiny granules, and can be carried in the vest pocket or purse. It is very popular in New York City and it is not unusual to see someone after a meal at one of the large hotels or restaurants, take a dose of this specific, knowing that it will prevent the uncomfortable feeling which frequently follows a hearty meal.

by the ultimate consumer, he said, there is collected toll by some trust, until the people can turn no way to escape.

Mr. Manning proposed to change this condition by taking the high tariff off trust-made, trust-priced goods and permit honest and legitimate competition to enter the field of manufacture and supply. This he said, would not hurt business nor injure the labor market, but it would hurt those unlawful and unconscionable combinations known popularly as the trusts. This would be entirely right, he said, because trusts and combinations in restraint of trade are clearly forbidden by the Sherman anti-trust law.

As a matter of raising public revenue and driving the trusts out of existence, Mr. Manning advocated imposing a tax upon the earnings, stocks, bonds and deposits of the trusts. This, he said, would more than make good to the government any loss of revenue that might result from taking the tariff off trust-controlled goods.

#### Chamberlain for "Oregon System."

Senator Chamberlain's address at Hermiston was an eloquent appeal to the people to stand by the "Oregon System" of popular government embodied in the initiative and referendum, the direct primary law, the recall amendment and the corrupt practices act. He earnestly denounced the effort now being made to return to the old corrupt system of the convention with its attendant evils of fraud, corruption and dishonesty in politics.

The senator revealed Jay Bowerman as the head, front and founder of the assembly scheme in Oregon and as the leader of those who aspire to overthrow the direct primary. He showed how Bowerman, as a member of the state senate, openly opposed the direct primary law, helped organize and pack the state assembly, prevented the state republican central committee, since the primaries, from adopting a resolution declaring opposition to the assembly and is now trying to make the people believe that he is a friend of the direct primary law and in favor of it. Oswald West, he said, had never been found on the side of the people and in favor of their laws; had never flopped, as Bowerman has, and is the right man for governor.

A. W. Lafferty, republican candidate for congress, the speaker said, got his nomination on the sole ground that he made a campaign as an implacable foe of the assembly and all its candidates, and then, after he had snatched the nomination from Judge Ellis, had hedged and trimmed in the hope of capturing assembly votes, by coming out the morning after the primary election and saying he was going to support the ticket, including Bowerman, organizer of the assembly, for governor. Rather than elect a man who has thus trimmed his sails and sought to be on both sides of a question the senator said the second district should cast its vote for John Manning, who has been tried and found true and who has never trim-

med or flopped on any question affecting the people's interests.

#### Vote No on Annexation.

The portion of Washington county proposed to be annexed to Multnomah is seven miles wide, contains 112 of our 730 sections, four and a half of our fifteen millions of taxable property, one fourth of our voters and population and one-half of our railroad mileage. 500 voters of this strip have signed a remonstrance against annexation—a clear majority, as less than 300 signed the petition and about 900 votes were cast at the last general election. In addition many who first favored annexation now oppose it and say the cut was made too deep. We ask you to vote No on Washington-Multnomah division—W. D. Wood, Chairman Anti-Annexation Committee, Hillsboro, Oregon.

#### For Over Three Decades.

Foley's Honey and Tar has been a reliable household medicine and the "children's children" find at today the same safe and sure remedy for coughs and colds that their grandfathers did. Mahala Stockwell, Hannibal, Missouri, writing under date of August 28, 1910, has this to say about this great medicine. "I have recently used for the first time Foley's Honey and Tar cough medicine. To say that I am pleased with it does not half express my feelings. It is by far the best I ever used. I had contracted a bad cold and was nearly sick in bed, having a terrible headache as well as a cough and was threatened with pneumonia. I used but one bottle of your Foley's Honey and Tar and was completely cured. It beats all the remedies I ever used and I have used many different kinds." A. C. Koeppen & Bros.
