Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas medicines made with mercury merely dry up the secretions and leave you no better than you were. In a word, Ely's Cream Balm is a real remedy, not a delusion. All druggists, 50 cents, or mailed by Ely Brothers, 55 Warren street, New York.

**Notice to Public.**  
All parties knowing themselves to be indebted to me will kindly call and settle their accounts by November 3rd.

### AT THE MOVING PICTURE SHOWS

**The Orpheum.**  
1. Examination Day at School. Biograph, 1000 feet long. You can catch more flies with honey than with gall, and you rule easier by kindness than by tyranny. This fact is shown in the Biograph pastoral, which indeed might prove a lesson to educators. The subject is a most entertaining one, being a combination of comedy and pathos, with beautiful rustic setting.  
2. The Quarrel. rama, Urban, 1000 feet long.  
3. Reedham's Orphanage Festival 1910. Scenic. Urban.  
4. A Plucky American Girl. Melles, 1000 feet long. A story of a heroine that makes one wish there were more of them to go around. This picture is full of thrills and throbs.  
Song—When a Fellow's on the Level with a Girl That's on the Square.  
**The Pastime.**  
"The Footlights or the Farm," Edison, drama. A story showing a young country girl's ambition to go on the stage and how the attempt met with failure, making her only too glad to go back to the farm and her old sweetheart. A view of dramatic life is shown which is new to most of us and decidedly interesting.  
"The School Master of Maraposa," Selig, drama. A love story centering around a schoolmaster. Of course there is jealousy and the schoolmaster is badly beaten, but he wins the girl.  
"Lucy at Boarding School," Pathe. A story of a boarding school escapee.  
"The Belgian Army," Scenic. An excellent picture of the principal feature of Belgian army life.  
"Over Mountain Passes, Edison. A most interesting scenic and educational film.

**FRONTIER TROUBLE IN INDIA IS EXPECTED**  
Peshawar, India.—The situation on the frontier is becoming somewhat serious, owing not only to the continuance of the direct encouragement of raiding outlaws by Afghan officials of Kabul, but to a sinister attempt now being made by certain high personages at Kabul to stir up trouble among the tribes, notably the Afridis, who are already sufficiently sore against the British because of their interference with the arms traffic. It is anticipated that there may be trouble after Ramadan. Representations are being made to the Ameer, who is apparently ignorant of the true state of affairs.  
**Housekeeping Rooms for Rent.**  
Unfurnished housekeeping rooms for rent in the East Oregonian building. Steam heat, electric lights, hot and cold water and bath. Recently renovated. Enquire at East Oregonian office.

### HERMISTON WILL HAVE ELECTRICITY

#### CITY COUNCIL GRANTS FRANCHISE TO IDAHO MEN

Chisolm Brothers Will Start Construction of Plant Immediately—Will be in Operation in Six Months—Democrats Hold Rally—Other News.

(Special Correspondence.)  
Hermiston, Ore., Oct. 18.—At last night's meeting of the common council of the city of Hermiston a franchise was granted Chisolm Brothers of Meadows, Idaho, for the furnishing of electric lights and power for the city of Hermiston. The franchise extends for a period of 25 years, but in it the clause was inserted that the city could buy the entire plant after a period of ten years from the date of granting.

Work will be started at once on the power plant. Power is to be developed southwest of town on the Umatilla river and then transmitted into the city. The franchise states that the plant is to be in operation within twelve months from date, but in a conversation with the promoters last night they stated that if weather would permit, electricity would be available for all purposes within six months from today. They are here with their engineer ready to start work at once.

Last night in the Newport-Skinner hall there was held another democratic gathering. Among the main speakers of the evening were Sen. C. J. Smith, J. W. Maloney, candidate for County Judge; Ben Hill, for Joint Representative; T. J. Tweedy, for Treasurer; and Dr. Byron G. Monkman, for County Coroner. Quite a large crowd was present. It is doubtful if there is a man in the county making a more active campaign than Dr. Monkman of this place. He says that he is very sorry that election day is so close and he will not get a chance to kiss all the babies in the county.

B. F. Boyce of Shelby, Montana, is here looking after his property interests. Mr. Boyce is manager of the largest hotel of that city and reports business fine.

H. J. Longly of the Maxwell Land & Irrigation company is spending a few days in Portland transacting business.

Charles Baker formerly editor of the Hermiston Herald, has accepted a position with the United States Reclamation Service at this place.

J. T. Hinkle is spending a few days in the county seat.

A public notice has been issued by Secretary of the Interior R. A. Ballinger, stating that all assessments for building and operation on the Umatilla project due and payable December 31st, 1910, have been extended to March 31st, 1911, at which time they will become delinquent if not paid. The amount that \$80.00 due and payable December 31st, will not have to be paid until March 31st, 1911. This notice comes as a great surprise to settlers on the project, as every one had made arrangements for the payment of same when due. It will help development work greatly as this sum can be used for a period of four months.

A. W. Lafferty was in Hermiston Tuesday and met all his friends and admirers. He has many of them here, as he was here by the number of votes he got over Judge Ellis at the primary, as this was considered one of the Ellis strongholds. On the same train he left Senator George E. Chamberlain arrived, accompanied by a party of democratic friends. At one thirty a meeting was held with fair attendance, Senator Chamberlain being the main speaker.

E. E. McMillen and Frank Baker came home yesterday from a two weeks' hunting trip in the Blue mountains. They report much sport and as evidence brought along a fine buck deer as well as much small game.

A little runaway occurred yesterday morning, which might have been very serious had not the rig been in a dilapidated condition. Mrs. H. M. Gunn wife of Professor Gunn of the Hermiston schools was bringing in the children to school from their homestead north of town when the horse became frightened and ran away, but as luck had it the horse broke loose from the buggy, resulting in Mrs. Gunn being thrown lightly to the ground and receiving only slight injuries.

Work on the remodeling of the depot is progressing very rapidly and in the very near future Hermiston will have a very neat structure to receive the traveling public.

"Is your watch all right now?"  
"No, but it's gaining."

## The Famous Rayo

### Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does. It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.
