### PENDLETON BECOMING A FREIGHT DIVISION

Pendleton is gradually being made into a freight division as well as a passenger division point. For the past few months it has been found necessary to run a freight train from Umatilla to Pendleton occasionally to handle the local business. The train as then made up would be left here and the engine and caboose and train crew would then turn around and back to Umatilla. The train has therefore been called the "turn-around." The cars left here would be made up into a through east-bound train. With the local business out of the way the heavy through eastbound trains were given a clear

run between Umatilla and Pendleton. The need for this train has been so great and the advantage so apparent that the company has not only made it a daily but is arranging to run a similar one in the opposite direction each day. The present train leaves Umatilla in the morning, while the new one, if put on, will leave Pendleton each morning. The only thing in the way of the immediate installation of the proposed new train is the shortage of motive power. At present idle passenger train motive power is being used on the "turn-around" from Umatilla and it is presumed that the train in the opposite direction will be installed just as soon as the motive power can be secured.

 Mrs. Frank Berlin and children came down from Athena this morning for an unexpected visit with Mrs. Berlin's father and sister, J. M. Hays and Miss Gladys Hays. They are preparing for a visit to the east.

**Expert Chemist from Europe.**  
 Gustaf Kohlander, a native of Sweden, but who received his chemical and pharmaceutical education in Germany as well as in his native country, arrived in Pendleton Wednesday and at once took up his work as manager of the prescription department at the Koeppen Bros. Drug Co. Mr. Kohlander is a graduate of some of the best pharmaceutical colleges of Europe and the Koeppens undoubtedly have engaged a man who will be of great assistance to A. C. Koeppen in the prescription department, which department "A. C." considers the most important and to which every attention possible is given by him, as he says the best is none too good for a sick man and every prescription is given the same attention as would be given a prescription being put up for his own child or any member of his own family.

Mr. Kohlander speaks five languages fluently and has mastered the English language fairly well during his short sojourn in the United States and by the way, A. C. Koeppen himself, is fully able to handle about that number of languages himself without any great effort.

Mrs. Kohlander did not accompany her husband to Pendleton as she expects to spend several months at Astoria, Oregon, before joining her husband.

### Newsy Notes of Pendleton

**New Phone Sign.**  
 Manager Moore of the Pacific Telephone & Telegraph company, is busy today installing a new illuminated sign in front of the company's office on Court street. It is a big blue bell and will be illuminated by electricity.

**Story Hour Tomorrow.**  
 Tomorrow morning from 10 to 10:30 the regular story hour for children will be held at the public library. Miss Lula George, principal of the Washington school, will have charge of the gathering.

**An Action for Money.**  
 An action for money was filed in the circuit court this morning by Frank O'Gara against R. C. Lawrence. It is sought to collect a note and a balance due on a grocery account, amounting in all to more than \$100 with interest and attorney fees.

**Tender Derailed.**  
 The derailing of a tender on the westbound Portland local near Blacklock yesterday, delayed eastbound train No. 18 until it did not reach here until after midnight instead of at 5:15, the regular time. It required seven hours to get the tender on the track. Train No. 2 had just passed No. 1 before the accident and therefore arrived in Pendleton on time.

**Candidates are Active.**  
 Returning for a successful tour of the southern end of the county, three automobile loads of republican candidates left this morning for Helix and from Helix to Adams, where a meeting will be held at 7:30 after which the participants will return to Pendleton. Those in the party are J. N. Burgess, C. A. Barrett, W. W. McComas, S. D. Peterson, S. F. Wilson, T. P. Gilliland, Zoeth Houser, Frank Saling, G. W. Bradley, Mac Cockburn and A. B. Molstrom.

**Rink Under New Management.**  
 The Webb street skating rink is now under the management of Henry W. Copeland, who says that skating is now becoming more popular in this city than at any time since the installation of the local rink. In response to the demand the rink is kept open every evening in the week instead of just three times a week as formerly. The skates have all been overhauled, cleaned and adjusted and he is now preparing to make extensive improvements to the building. He is planning to ceil and paper the inside of the structure and cover the outside with rustic or shiplap. Arrangements are being made for a big masquerade to be held at some time in the near future.

### HERMISTONIANS FOR SENATOR C. J. SMITH

GOOD AUDIENCE AT MEETING LAST NIGHT

Project People Endorse Present Senator for Good Work Looking to Extension of Project—Speakers at Weston Tonight.

At Hermiston last night Senator C. J. Smith and fellow candidates on the democratic ticket were greeted by a good sized audience and an interesting, enthusiastic meeting was held. At the close of the speaking those in attendance showed their interest in the present campaign by personally greeting the candidates and otherwise showing them cordiality. In that section Senator Smith has a host of supporters because of the valuable work he did towards urging the government to extend the Umatilla project. Other candidates will also receive good support in Hermiston. Most of the people of that section are newcomers and act with independence regarding politics.

J. M. Scarborough served as chairman of the Hermiston meeting and in the course of his talk referred to the Burgess campaign organ in this city as the only newspaper prostitute in the county.

Speakers last night were Sen. or Smith, Ben Hill, T. J. Tweedy and Dr. Monkman, candidate for coroner, who spoke first. In the course of his talk last night Senator Smith alluded to Mr. Tweedy's candidacy for county treasurer and said Mr. Tweedy had pledged himself not to ask for an advance in salary if elected. He charged the present incumbent with having sought to have his salary increased by the last legislature.

The democratic candidates are to speak at Weston this evening.
