VOL. 23.

PENDLETON, OREGON, SATURDAY, OCTOBER 29, 1910.

NO 7045

MILLIONS TIED UP BY STRIKE

Undelivered Goods Are Piled High at New York and New Jersey Terminals.

RIOTING CONTINUES THROUGHOUT DAY

Business of Three Big Express Companies Completely Tied Up By Walkout of Men—Employers Trying to Secure Non-union Men—Strikers Demand Wage Increase and Recognition of Union—Conference Arranged for Monday.

New York, Oct. 29.—A million dollars worth of merchandise, much of which is perishable, is tied up today in this city and New Jersey as a result of the express drivers' strike. The business of the Wells-Fargo company, the United States Express company, and the Adams express is paralyzed here. Hoboken and New York terminals are piled high with undelivered goods and the sidings are crowded with loaded cars. Rioting continued today but up to noon there were no serious outbreaks. The employers are trying to fill the places with non-unionists. The civic federation and labor factions are seeking peace. John Mitchell has arranged a conference between the strikers and employers Monday. The express wagon helpers' union demands an increase of wages and the recognition of the union by employers. Many of them are willing to grant the increase but will not recognize the union.

Militia Ordered Out. Camden, N. J., Oct. 29.—Adjutant General Sadler today ordered the fourth New Jersey infantry under arms pending developments in the express wagon strike at New Jersey. There was more violence last night and indications are that the strikers are in a sullen mood.

Serious Rioting. Jersey City, Oct. 29.—There was rioting today, shots were exchanged and non-unionists were pulled from their wagons and beaten by the mob. A number were severely injured by flying bricks and stones and were taken to hospitals. For a time it was rumored some dead bodies had been thrown into the river nearby, but so far there is no proof. Police reserves dispersed the mob. The fight started when the express companies tried to send out guarded wagons.

VOTERS DECIDE WHETHER DEBT SHALL BE INCREASED

Tacoma, Oct. 29.—Whether an additional debt of a million and twenty three thousand dollars will be placed against the municipality to provide for a fire tug, two new bridges and a municipal dock are questionable voted on here today. The voting was heavy during the forenoon. There has been a lively campaign and interest is keen.

JURY IN BRIBERY TRIAL REPORTS DISAGREEMENT

Springfield, Ill.—Oct. 29.—After being out since Thursday, the jurors in the legislative bribery trial of Pemberton and Clark reported a disagreement and were dismissed by a vote of eight to four for conviction. Foreman Myers appealed twice today to Judge Thompson to dismiss the jury but he ordered them to continue their deliberations until noon.

Ambassador Returns.

Victoria, Oct. 29.—With the docking of the steamer empress of Japan this afternoon, Minister O'Brien, U. S. ambassador to Japan, will have reached America en route to Washington for his holiday. He is accompanied by his wife.

Bribery Charged.

San Francisco, Oct. 29.—Dr. D. E. Blackburn, supervisor of San Mateo county, was charged this afternoon with accepting a bribe, in a warrant issued here.

THIEF ASKS T. R. TO ORDER RELEASE

Ellensburg, Wash., Oct. 29.—Louis Becker, sentenced to thirty days in jail for stealing a bicycle, has telegraphed to Colonel Roosevelt notifying him of his plight. He said: "Hon. T. Roosevelt I am deprived of my personal liberty without due process of law. I know there is no use to appeal to Taft as he is a standpatter and can expect no relief from him or Ballinger. Order my release and I will support you in 1912."

WOMEN TO DEMAND RECALL OF GILL

Seattle, Oct. 29.—Members of every woman's club in Seattle are planning to hold a monster mass meeting Tuesday to urge the recall of Mayor Gill, and Chief of Police Wapensteen. The women are pledged to give the Public Welfare league their assistance in the work of making Seattle a clean city. The city council graft investigating committee has made rapid progress. Members say they have found evidence of graft in police circles from residents of the restricted district.

JAPAN ADOPTS A NEW NAVAL EXTENSION POLICY

Victoria, B. C., Oct. 29.—Information received here today from Japan to the effect that Admiral Yamamoto and other prominent Japanese naval authorities have agreed upon a new naval expansion program the fixed policy of which will be to confine the construction of war vessels and armament manufacture to Japan. She will likewise build as many ships as the shipyards can accommodate. Japanese newspapers are commenting bitterly because of the alleged injustice done poaching Jap schooners in the Bering sea. They allege the Japanese vessels were captured and the crews imprisoned and fined when not guilty of poaching.

WILL ENTERTAIN JAPS WITH AVIATION MEET

Los Angeles, Oct. 29.—Officers and men of the Japanese fleet that will arrive in southern California waters November 24, will be entertained with a real aviation meet at the Playa Del Rey Motorhome. It was announced today that the Aero club of California, will undertake the meet. California amateurs for the most part will compete in the contests.

CHINESE PEOPLE ARE HANDED LEMON

Pekin, Oct. 29.—Although the imperial ruler has issued an announcement that a special council will be called to consider the Chinese senate's memorial that the Chinese parliament open in 1912 instead of in 1915. It is generally believed the people have been handed an oriental lemon. The throne in its announcement refuses to accept the responsibility of calling the session before 1915 and it is known the special council will not call a parliament until told to do so as they will become jobless as soon as parliament convenes. Thus it looks like the Chinese representative government is further removed.

CONSIDERING INITIATIVE AND REFERENDUM PLANKS

Phoenix, Ariz., Oct. 29.—Interest of delegates to the constitutional convention today centered on the report of the legislative committee on the proposed initiative and referendum clauses for the new state constitution. The committee, however, failed to complete its work so recess was declared after a fifteen minutes session. It is generally believed the committee will return a report leaving blank the percentage of voters signatures necessary to secure the application of the initiative and referendum.

SQUIRRELS ROUT BIRDS AFTER 3-DAY BATTLE

Glen Ridge, N. J.—A three-day battle between English sparrows and red squirrels ended when a flock of the birds, estimated at several thousand, with a great twittering, forsook the lofty double row of trees in Midland avenue and took up a new home in the woodland between Glen Ridge and Montclair. The sparrows had become a public nuisance in Midland avenue, where the trees arch overhead and give a tropical look to the street. The birds came there in such numbers that sleep grew to be an almost unattainable luxury on the part of the human residents of the vicinity. For the last four weeks mighty pyrotechnic bombs were fired off in the foliage. A number of birds were killed, but the flock soon got used to the explosions and finally got so they would not even fly away while the bombs were going off.

Erward Bartelow of Green Pond, who was a visitor at one of the Midland avenue houses, trapped seven red squirrels near his home and brought them to Glen Ridge. He distributed them over the trees, and the combat at once began. The red squirrel robs nests and eats both old and young birds, and the attacks of these tree climbers on the sparrows could be plainly heard by the householders. The squirrels were placed on the trees and the birds had to fight for their lives to get away. The eyes were picked out of several squirrels before the birds gave up and moved.

Peter Murray came down this morning from his home at Adams.

WELL KNOWN WEST END PIONEER DIES

JESSE MOORE FOUND DEAD IN HIS BED

Butter Creek Rancher Passes Away While He Sleeps—Was Suffering From Rheumatic Pains—Came to County in 1862.

(Special Correspondence.) Echo, Ore., Oct. 29.—Jesse Moore one of the oldest, best known and most highly respected pioneer residents of the west end of Umatilla county was found dead in bed at his home on Butter creek this morning. Death had apparently come painlessly while he slept.

For some time the deceased has been suffering from rheumatic pains. When he retired last night, however, he was apparently in better health than he had been for several days. When he failed to appear for breakfast at the accustomed time his son went to call him and found the father dead.

Jesse Moore was 70 years of age. He came from Missouri to Oregon at an early day, settling in the Willamette valley near Sheridan. In 1862 he came to Umatilla county, settling on Butter creek where he has since resided. Respected and honored by all who knew him, Jesse Moore has always been regarded as one of the staunchest and most reliable men in the entire county. His death is universally mourned by the entire community.

In 1871 he was united in marriage to Miss Ava Rilla Mitchell and as a result of this union, five children were born. The wife died 13 years ago and his eldest son, Frank Moore, also passed into the great beyond several years ago. Four children are left to mourn the loss of a father. They are Mrs. Mabel Harris of Portland, Miss Cella Moore, Miss Kate Moore and Mr. Hiestand Moore, all of Butter creek.

AMBASSADOR MAY NOT BE ALLOWED TO RESIGN

Washington, Oct. 29.—Whether Oscar Strauss will be allowed to retire as American ambassador to Turkey was much discussed today, when it became known he expressed a wish to resume private life in America. It is said both President Taft and Secretary Knox oppose his retiring now owing to the number of American projects under consideration, one being the application of an American concern for the right to build a fifty million dollar railroad in Turkey. This is opposed by Germany.

Today's Football Games.

Princeton vs. Dartmouth at New York. Pennsylvania vs. Carlisle at Philadelphia. Harvard vs. West Point at West Point. Michigan vs. Syracuse at Syracuse. Navy vs. Western Reserve at Annapolis. Yale vs. Colgate at New Haven. Brown vs. Tufts at Providence. Cornell vs. Williams at Ithaca. Minnesota vs. Chicago at Chicago. Georgetown vs. North Car. at Washington. Northwestern vs. Wisconsin at Madison. Oregon vs. Idaho at Moscow. O. A. C. vs. W. S. C. at Portland.

More Witnesses Secured.

San Francisco, Oct. 29.—Twenty-seven witnesses were summoned from counties about San Francisco today and some left today. More will go tomorrow to Los Angeles to go before the jury investigating the Times explosion.

Rev. R. E. Storey, pastor of the Baptist church, has gone to Meacham where he will speak tonight. He will return tomorrow in time to conduct his regular services.

NEW MEMBERS OF FAIR BOARD HAVE BEEN ELECTED--NOT YET

Owing to the fact that C. E. Roosevelt, president of the district fair board, was the only man present the annual meeting of the Umatilla County Agricultural society was postponed this forenoon. The meeting was called for 10 o'clock this forenoon and was for the purpose of electing two new members of the district fair board. Under the law three members of the board are to be selected this year. They are to take the places of C. E. Roosevelt and Leonard Cohen. E. W. McComas is the third member from the local society and he holds until next year. As he was the only one to appear at the appointed hour of 10 this forenoon, President Roosevelt has declared the meeting postponed. He will call a meeting at a later date but at this time has not fixed a definite time. He is intending to wait until after election before calling the meeting.

WESTON MEETING WAS ENTHUSIASTIC

TWO HUNDRED GREET SENATOR SMITH ET AL

J. W. Maloney Gave Statistics Showing Increase in Taxation Not Due to Increase in State Taxes—County Taxes Also Doubled.

In the home town of the Eastern Oregon normal school Senator C. J. Smith and fellow democratic candidates spoke last night to an enthusiastic audience of 200 people. The meeting was held in the opera house in Weston and Clark Wood, editor of the Weston Leader served as presiding officer.

J. W. Maloney, candidate for county judge with the party last evening and in a brief businesslike address told of the enormous expense incurred by the county during the last four years. He gave statistics, compiled from the record, showing that the increase in taxation within this county has not been due merely to an increase in the state, district or city taxes. The county taxation itself has been practically doubled under the Gilliland administration.

Senator Smith was introduced last night as a legislator who had a splendid record of achievement as his best advertisement for further political favors. Senator Smith is popular in Weston for many reasons, especially because of his loyal and consistent support of the O. E. S. N. S. The greeting accorded him last night showed his popularity.

CAN THIS BE TRUE?

Pittsburg Girls Accused of Immodest Behavior on Hallowe'en. Pittsburg, Pa., Oct. 29.—That many fair maidens of the Smoky City are wont to celebrate Hallowe'en by stripping themselves of the maidenly reserve, and other things, and letting loose all hold on the moral law, is the charge made by women of the local W. C. T. U., who have appealed to the mayor and chief of police to do something to stop the naughty cut-ups on next Hallowe'en, now only two days in the offing.

Many shocking stories are told of the actions of pert young things who, in past years, have donned coats, vests and—well, trousers—and under the influence of the strange garb have turned themselves loose in the gayest of gay revels. Young ladies of some of Pittsburg's most respectable families girls who have had the benefit of church and Sunday school in their upbringing, are alleged to have been the chief offenders. It is said that they have entered saloons, put their little tootsy-wootsies on the brass rail, puffed cigarette smoke in the face of the outraged bartender, and, after a hearty "step up, gents, and name your pizen," from the leader of the gang, have quaffed their liquor like good fellows.

In the opinion of the ladies of the Women's Christian Temperance Union, such conduct is "immodest and conducive of the leading astray of young girls." The police have promised to put a stop to it, and if any of the sweet young things get too gay next Monday night, they may find themselves enjoying the hospitality of a police station.

That the W. C. T. U. ladies the not exaggerating is vouched for by a number of patrolmen and reporters, who assert that on Hallowe'en last year they witnessed scenes which made them blush. And to make a Smoky City policeman or reporter blush is about as difficult a matter as may well be imagined.

Mrs. Fred B. Boyd of Athena, came down from that place last evening.

LOCAL WILL AGAIN STOP AT PENDLETON

After tonight the Portland-Baker City local will resume its former name of the Portland-Pendleton local. Instead of running on through to Baker City it will stop here.

The new time card giving the first official notice of the change was received this morning. For the present at least the time will remain the same as it has been, through the impression prevails that there will be a slight change in the near future.

It is also rumored in local railroad circles that instead of being allowed to stop here that the train will be run on through to Walla Walla, replacing the present Walla Walla train and providing for a saving in motive power and equipment.

The stopping of the local train at Pendleton instead of Baker City will mean one less passenger crew. It may mean a change in conductors for the Pilot Rock train or motor car.

It is also reported that after tonight the Portland-Spokane trains No. 3 and 4 will be discontinued. This will not affect the Pendleton train service and trains 3 and 4 run by way of Umatilla.

AUTOMOBILISTS ARE LOST IN MOUNTAINS

San Monica, Oct. 29.—Relief parties started into the Santa Monica mountains today to search for F. J. Palfisher, Dr. C. L. Bennett, Frank Montgomery and George Gebhart in Bennett's car, leaving this city Tuesday. Yesterday hunters found a note tied to a bush saying the automobile was broken and the travelers could not find their way back. A search party was immediately organized.

CHARGE THUGS HIRED TO ATTACK WOMEN

Chicago, Oct. 29.—Charging that the garment workers' employers are hiring thugs to slug women strikers and that the police are aiding them, the Women's Trade Union League today asked fifty society girls to volunteer to secure evidence of brutality and urge wealthy friends to undertake the prosecution of the guilty. The condition in the Jewish quarter is becoming pitiful. Destitution amid the families of the unemployed suit makers is increasing. Other unions are doing what relief work they can.

Citizen Sunday in London.

London, Oct. 29.—Ministers of nearly all the churches in London will participate tomorrow in the observance of "Citizen Sunday," and will preach sermons dealing with various civic and sociological topics, especially the treatment of the paupers and unemployed.

POLICE DOG TRACKS DOWN MURDERER

St. Petersburg.—The police dog "Treff," whose name is regularly and formally enrolled on the lists of the detective department of Moscow police, has again shown his peculiar and unerring sagacity in tracking down a murderer. A monk, in priest's orders, of the Toltze-Sergieff monastery, near Moscow, was last week found murdered in his cell. Father Anatole, as he was known, was deservedly esteemed in the neighborhood for his generous charities. He had the reputation of being a rich man, and it was this, presumably, that led to his murder, which was most brutally perpetrated by the driving of a nail through his brain.

Treff was taken to the murdered man's cell where, after sniffing the body and the blood in which it lay, he attempted to spring through the window. As the cell was on the second story, he was conducted downstairs, and quickly catching the scent of his quarry, he pursued it through various corridors and across turnings to the night watchman's hut at the monastery gate. The watchman was absent, but Treff instantly darted under the bed and brought forth a blood stained boot. Then, after a moment's hesitation, he made an intricate and devious circuit of the monastery grounds, finally running down the night watchman, a man named Yefimoff, in the garden. Yefimoff has confessed to the crime and restored the sum of 1000 roubles stolen from his victim's cell.

HAY CROP YIELDS 3000 CARLOADS

Ellensburg, Wash.—Crop reports from Killitas county to the produce dealers here indicate that fully 3000 carloads of hay will be produced in the county this season. This is the largest crop of hay ever harvested in the valley. Fully 300 carloads of potatoes and 60 carloads of apples and 300 carloads of grain, vegetables and miscellaneous products are reported. There is now 50,000 sheep pasturing in the valley and nearly 25,000 head of cattle.

GREAT AERIAL RACE IS ON

Coup Internationale at Belmont Park Now Under Way. Three Teams Entered.

TWO AVIATORS FALL; ONE RECORD BROKEN

Brookins and Leblanc Injured When Machines Come to Earth—Brookins Cannot Enter Race — Leblanc Breaks Speed Record Before He Falls—Englishman Gets Off First in Race—Winner Gets Gordon Bennett Cup.

Englishman Wins.

Belmont Park, Oct. 29.—Claude Graham-White, the English aviator, was declared the winner of the coup internationale this afternoon. White won after Radley and Hamilton had been disqualified for not getting started within the time limit. He made slower time than the aviators who met with accidents.

The people among the immense crowd narrowly escaped when Hubert Latham, the Frenchman, lost control of his aeroplane and dashed directly toward the stand. He jammed his planes upward and skimmed overhead with but a foot to spare. He swept toward the grand stand and touched it, but lit safely in the field. His nerves were shattered by the close escape. He declares the wind wrecked a wing of his plane causing the accident. He had completed fifteen laps at the time. This lost France all show of winning the coup. Latham said: "I wonder I did not hit the club house. I was not scared for myself but feared for the safety of others." His time for fifteen laps was 59.30 8-10. His failure completely wrecked the hopes of France for Simeon, his substitute, refused to enter when he learned his expenses would not be guaranteed.

Two Are Injured.

Belmont Park, Oct. 29.—Two aviators were injured, one world's record broken and all meet records exceeded in the coup internationale, the supreme race feature at Belmont aPrk today. Walter Brookins of the American team and Alfred Leblanc, the Frenchman, both fell and it was at first thought were badly injured, but later both appeared on the grounds.

Leblanc tumbled after he had sped around the three and one-tenth mile course three times in eight minutes and seventeen seconds, an average speed of over 66 miles an hour, making a new world's record. He lost control of his machine on the tenth lap when he was twenty-five feet above the ground and was knocked unconscious by the fall. It was learned that his gasoline was exhausted.

Brookins fell while warming up and was 30 feet above the ground. His machine was wrecked. Later he announced he would make another attempt later in the day but it was finally announced that he was hurt too badly to reenter. The Wrights thereupon announced that they would not enter any of their machines. Mosiant, his substitute, was announced as entered in a Bleriot monoplane.

The winner of the coup internationale will receive \$5000 and the James Gordon Bennett cup now held by Glen Curtiss, who won the event at Rheims last year. The course is 10 laps, making 62.14 miles. Graham-White, the English aviator, was the first to leave the grounds and he was rapidly followed by others. Leblanc had overtaken him and passed him by a lap when he fell.

WOMAN BREAKS FIFTY DAY FAST.

Los Angeles, Oct. 29.—Miss Josephine Gilman, aged 22, today broke her fifty-day fast conducted under the direction of Dr. Tanner of fasting fame. During the time she abstained from food she sucked only orange juice and the end of the third day lost all desire for food, although she went to the kitchen and prepared meals for the family. She broke her fast by eating some thin gruel. Her portion was increased hourly until she ate solid food by noon.
