OSWALD WEST IS ELECTED NEXT GOVERNOR OF OREGON

DEMOCRATIC CANDIDATE IS VICTOR OVER JAY BOWERMAN

REPUBLICANS NOW CONCEDE HIS ELECTION

Other Republican State Candidates More Successful Than Leader.

Senator C. J. Smith is Probably Defeated by J. N. Burgess, Republican Candidate—Returns Indicate Victory for Maloney Over Gilliland by Slight Majority—County Reverts to Wet Column by Substantial Majority—Ben Hill Leads in Umatilla and Will Probably Be Elected—Barrett Gets Good Majority.

Portland, Ore., Nov. 9.—Save for the governorship, Oregon went republican in the election yesterday. A. W. Lafferty and Congressman Hawley both republicans, will go to congress by a estimated majority of eight thousand. The republican central committee has conceded that Oswald West, democrat, has won over Jay Bowerman, the republican gubernatorial candidate. Chairman Sweek, of the democratic state central committee, estimates West's plurality at four thousand. Bowerman is leading slightly in Multnomah county, is running even in eastern Oregon, but West is far in the lead in southern Oregon. Indications are that the state will remain wet overwhelmingly.

Scattering returns from throughout the state to 1:15 this afternoon gave Bowerman 11,188, and West, 13,756. In Multnomah county Bowerman has 2721, and West, 2599.

It appears safe to announce that George H. Burnett, Frank A. Moore, Henry J. Bean and Thomas A. McBride, all republicans, had been elected justices of the supreme court. Practically complete returns from 35 out of the 49 precincts in Umatilla county, show that West and Bowerman are running neck and neck in this county. The same returns indicate that J. W. Maloney has been elected county judge by a small majority and that J. N. Burgess has defeated Dr. C. J. Smith for state senator by an apparently safe margin. C. A. Barrett has carried Umatilla county for joint senator by an almost two to one vote. Returns from Union county give his opponent Dr. Hall a lead of between 150 and 200. In Morrow county Barrett is estimated as having a lead of 100. His election is assured.

Ben Hill, for joint representative, has carried Umatilla county and indications are that his lead is such that it will overcome Mahoney's lead in Morrow county. Republicans at Heppner claim Morrow county for Mahoney by 185.

Sheriff T. D. Taylor has been re-elected over his opponent Houser by a landslide vote. County is Wet.

The partial returns received show that the county has gone wet by a substantial majority. Pendleton people voted overwhelmingly against prohibition and many of the other towns of the county and many county precincts followed Pendleton's lead.

The following is a summary of the Umatilla county vote for 25 precincts and the detailed vote by precinct:

KING GETS AFRICAN BIRDS.

Interesting Collection of Rare Species to be Brought to England. London.—It is intended that a collection of the very interesting wild birds of South Africa shall be made for presentation to King George. The respective governments are providing facilities for the transport and housing of the animals. The King has signified his pleasure in the scheme, and has announced that he will exhibit the collection in London, through the Zoological society of London, next summer. Governor General Gladstone and Mr. Smuts, have requested the Zoological society to send out a representative to advise and assist the local committee. Major Stevenson Hamilton, who acquired an extensive practical knowledge of African animals during his tenure of the post of Game Warden in the Transvaal, has been selected for the purpose, and is now in South Africa. A first consignment of the collection has already reached London and is on exhibition at the Zoological Gardens. It consists of a pair of giant bustards (Eupodotis gori), the pawaw of the Dutch colonists, the largest and rarest of living bustards, a Stanley crane (Anthropoides paradiseae), and a black-breasted harrier eagle (Circus pectoralis), new to the London collection. These have been presented by Dr. Louis Perinay, director of the South African Museum and were conveyed to England by the Union Castle Line. The bulk of the collection will be brought to England next spring and exhibited at the Zoological gardens throughout the summer as the King's South African collection.

WHITE SLAVE FIENDS HURT.

Christiana.—A great outcry has been roused in Scandinavia by revelations of the extent of the white slave traffic with America and European capitals. A Norwegian woman named Berg-hild Ness has just been arrested here for engaging in the American traffic. The police in Christiana were able incidentally to intercept a Copenhagen girl who had agreed to go to Seattle with a Norwegian-American of that city. The man escaped. From all over Scandinavia, parents are writing to the Anti-White Slave society of Copenhagen, complaining of the operations of the illicit agents of foreign scoundrels. A Danish girl, aged 22, has disappeared to Paris, leaving an excellent home in Jutland. Close by is another house where a daughter, aged 18, is also missing. In most cases the girls go on the promise of some honorable employment. Scandinavian girls, like those of all civilized countries today, are keen on seeking liberty and the wider life of independence. Grasping at these offers, subtly made, they are enticed to foreign capitals and there are lost.

Tariff Wars are Costly.

Berlin.—Statistics just published here show that tariff wars are almost as expensive as real ones, and that the people of Germany have every reason to rejoice at the provisional agreement which put an end to the long tariff war between Germany and Canada. The tariff was ceased at the end of February, and the new provisional agreement came into force on March 1. During the first six months it brought about an increase of 48 per cent of German exports to Canada; on the other hand, Canadian exports to Germany increased by 45 per cent.

DEMOCRATS SWEEP INTO OFFICE ALL OVER COUNTRY

WILL HAVE MAJORITY IN NEXT CONGRESS

Yesterday's Elections Show Remarkable Change of Sentiment Over Nation.

John A. Dix, Democrat, Wins Out in New York Gubernatorial Contest and Colonel Roosevelt's Candidate is Rejected by Nearly 50,000 Votes—Senator Depew Will be Succeeded by Democrat—Harmon Wins in Ohio Contest—Woodrow Wilson Elected in New Jersey Over Vivian Lewis—Brady in Idaho Will Barely Win—Republicans Win in Washington.

Elections throughout the country yesterday resulted in a political convulsion of far reaching extent, similar at many points to the famous tidal wave of 1892 and apparently more widespread in its effect. The national house of representatives was carried by the democrats, reversing the present republican majority of 43.

The United States senate will probably have a reduced republican majority as a result of legislative elections held in many states.

In New York, John A. Dix, democrat, candidate for governor, is elected over Henry L. Stimson, republican, by 42,487, reversing the republican plurality of 70,000 in 1908 for Governor Hughes. The returns today give the democrats a majority of 25 in the legislature, insuring a democratic successor to Senator Depew.

In New Jersey, Woodrow Wilson, democratic candidate for governor, is elected over Vivian M. Lewis, republican, by about 15,000, reversing the previous republican plurality of 8,000 for Governor Fort.

In Massachusetts, Eugene N. Foss, democrat, has defeated Governor Eben S. Draper, republican for reelection by about 30,000, reversing Governor Draper's former plurality of 8,000.

In Connecticut, Judge Baldwin, democrat, is elected governor over Charles A. Goodwin, republican, by about 4,000, reversing the previous republican plurality of 16,000.

In New Hampshire, Robert P. Bass, republican candidate for governor, is leading C. E. Carr, democrat by about 6,000.

In Pennsylvania, the election of John R. Tener, republican for governor is claimed by a large plurality.

In Rhode Island, Governor Pothier, republican, is elected by a plurality of 1200.

In Tennessee, the fusion candidate, Ben W. Hooper, is apparently elected by 15,000.

Democratic governors have been elected in Alabama and South Carolina.

In Iowa, the democrats claim the election of Claude R. Porter for governor, but this is not yet conceded.

In Wisconsin, the election of the republican candidate for governor, Francis E. McGovern, is claimed by a reduced majority and the return of Senator LaFollette to the United States senate is assured.

In Michigan, Charles S. Osborne, republican candidate for governor appears to have a safe lead over his opponent.

Washington, Nov. 9.—Not only will the democrats control the sixty-second congress but they will have a substantial working majority, will elect their own speaker and generally control the house. They gained forty seats in congress while republicans gained three, giving the democrats a net gain of 37. There was a democratic landslide the whole country over.

Washington, Nov. 9.—Present indications are that republicans will lose 44 votes in the lower house. The sixty-second congress will probably be, democrats, 211, republicans, 179, socialists, 1.

McKinley Explains Defeat. Chicago, Nov. 9.—Blaming the rout of the republican party to bit-terness within the republican ranks but predicting success in 1912, William McKinley, chairman of the republican national congressional committee, issued a statement today on the election. He said: "All things considered, including the bitterness within the party it is not surprising. Every effort to promote harmony was made by the congressional committee and in many instances they succeeded. A revision of the tariff has always proved a disturbing element in American politics and this year is no

exception. There can be no question but the people in 1912 will give to the patient patriotic man in the white house a substantial endorsement for the wise, patriotic administration he has given them."

Clark for Speaker. St. Louis, Nov. 9.—Champ Clark, congressman from Missouri and minority leader declared he has been re-elected today, and said he would be a candidate for speaker at the next congress. Clark said a democratic house will attempt to reduce the tariff.

Aldrich Leads Dahlman. Omaha, Nov. 9.—Aldrich, republican, is leading in the governorship race against Dahlman by a plurality of nine thousand.

Montana Republicans Win. Helena, Mont., Nov. 9.—Incomplete returns today apparently remove any doubt that the republicans swept the state, and congressional offices. It is also sure that Senator Carter will be re-elected. On the face of today's returns, Congressman Pratt is re-elected by a majority of at least four thousand. Athey for supreme court clerk, Morley for railroad commissioner were elected by 25,000. Both are republicans. The latest returns indicate the republicans have elected eight of the twelve state representatives from the Silverbow country, the democratic stronghold.

Brady May Not Win. Boise, Nov. 9.—Returns from southeastern Idaho cast a doubt as to the victory of Governor Brady for reelection. The democrats claiming Hawley is winning. Brady made prohibition his issue, and his election means a dry state. Fremont county will give Hawley a majority of 400 and Bannock will probably give him majority of five hundred. Brady carried Canyon, Elmore and Boise. The legislature is safely republican. French, the republican congressional nominee, is elected by a big majority.

Washington Republicans Win. Seattle, Nov. 9.—Puget sound went republican overwhelmingly. Congressman Hawley, republican was re-elected by an estimated plurality of 3000 in the first district. Warburton and LaFollette in the second and third districts, both republicans, won by almost two to one, according to the returns so far. The democrats did not make the legislative elections expected so the election of Pendleton to the United States senate is assured.

The suffrage amendment seemingly carried throughout the state in the large cities.

Gov. Stubbs Not Sure. Topeka, Nov. 9.—If Governor Stubbs, republican, is re-elected he will win by a small plurality only. With several precincts to hear from it is believed eight republican congressmen are elected while three districts are doubtful.

Race Close in Pennsylvania. Pittsburg, Nov. 9.—Several precincts are still to be heard from in the gubernatorial race between Tener, republican, and Grim, democrat. Tener has a slight advantage, but the democrats will not concede his election.

Rebuke to Republicans. Chicago, Nov. 9.—Just after receiving telephonic congratulations early today from Chairman McKinley of the republican congressional committee, Chairman Lloyd issued a statement on the democratic victory. The present indications are that congress will be democratic by a majority of 35. The causes which led up to the results are well known. It is a serious rebuke to the republican party for failure to reduce the tariff

HERMISTON MAN IS STRICKEN DEAD

(Special Correspondence.) Hermiston, Oregon, November 9.—E. Raymond Hahn, a prominent young rancher upon the Umatilla project, dropped dead upon the streets here at 1 o'clock this afternoon. He was near the O. R. & N. depot at the time and when he collapsed he was picked up and taken to the Hotel Oregon. He died from a hemorrhage. The deceased came here from Wisconsin not long ago and was popular among those who knew him. He was a single man.

AFTER DAMP CUTS OFF ALL HOPE OF ESCAPE

Black Diamond, Wash., Nov. 9.—All hope of rescuing alive the fifteen entombed miners in the Lawson mine was abandoned today. The rescuers found after damp in the shaft.

Rates For Baker Game.

A rate of \$5.00 from Pendleton to Baker City and return for Friday's football game between Pendleton and Baker High schools has been arranged. It is expected that a large crowd will go from here to root for the local boys who expect to win the game. Anyone wishing to go is requested to notify Richard Thompson or Coach Lytle.

EXPLOSION IN MINE, MANY IMPRISONED

Forty-Five Killed. Trinidad, Nov. 9.—Forty-five were killed in the mine. Their bodies were found today by a rescue party. It has not been ascertained how many were in the mine.

Trinidad, Nov. 9.—Fourteen coal miners in the Victor American fuel company's mine at Dalagua were rescued alive today. Over forty were imprisoned. The rescuers are working frantically. The explosion occurred yesterday in a tunnel there. One hundred escaped from the mine alive. The rescued men were all in good physical condition in the first bunch rescued. In the second gang however, two were semi-conscious. They were revived and it is announced they would live. Mine officials assert 100 were in the mine when the explosion occurred but other workmen insist they were 150 and it is believed this is nearer correct than that there are 70 in the mine now. The cause of the explosion is unknown. The mine is near the Colorado Fuel company's holdings.
