REQUIREMENTS HARD ON OREGON ATHLETES

DROPPED FROM TEAM FOR DEFICIENCIES IN STUDIES

Nine Members of Football Squad and Three Members of Glee Club Must Raise Standard of Work Before Resuming Places.

(Special Correspondence.)

University of Oregon, Eugene, Ore., Nov. 12.—Nine men have been dropped from the football squad and three from the glee club at the University of Oregon on account of deficiencies in their studies. The faculty of the University has long had a ruling that no student could compete in any form of student activity unless he was receiving passing marks in all of his studies. Prior to this year, no such wholesale dropping from athletics on this account has been known. President Campbell states that this is not due to athletes being comparatively poor students, on the contrary, football players average much higher in their studies than others. This move is merely in keeping with the intention of the university authorities to increase the standards of scholarship. "Oregon" has always ranked favorably with all other institutions of learning in the northwest in the matter of scholarship, but the state university is forging ahead rapidly in this regard. Until now work which receives a bare passing grade of 70 per cent would have received at least 85 per cent two or three years ago. This increase in scholastic requirements has caught a large number of students unexpectedly, among them several football and glee club men. President Campbell is of the opinion, however, that the students will become adjusted to the new conditions soon and no dire consequences will follow.

Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maids, wives and mothers, that the one simple, wholesome laxative remedy, which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and really beneficial effects, is Syrup of Figs and Elixir of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required. The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

WEST'S LEAD GROWS BIGGER AND BIGGER

HIS MAJORITY OVER BOWERMAN IS PAST 6000

Fourteen Counties, Complete, and All Others, Incomplete, Except Wheeler. Roll Up 49,727 Votes for Candidate—Same Territory Gives Jay Bowerman 43,693.

Complete returns from 14 counties of the state and incomplete returns from all others but Wheeler have rolled up a plurality of 6034 for Oswald West for governor over Jay Bowerman. The figures show 49,727 for West, 43,693 for Bowerman.

Latest returns from various parts of the state are gradually increasing West's big vote. Some of the interior counties will help the Bowerman total but his increase there will probably be offset by the completed count in other sections, leaving West in the lead by approximately 6000 votes. This is practically double the estimate made by the democratic state committee before election day.

Jackson, Multnomah and Clackamas counties are the banner counties for West. The vote of the latter lacks several precincts and there is a possibility it may take second place in the size of its plurality for the democratic candidate.

Multnomah complete but unofficial gives West 14,809 and Bowerman 13,608, a plurality of 1201. Jackson complete gives West 3508 and Bowerman 1247, a little better than two to one, and a plurality of 1261. Clackamas, with seven precincts missing puts 2743 in the West column and 1565 for Bowerman, a lead for the successful candidate of 1178.

The official count on governor was completed in Marion county this morning and gave that county to West by 1023, the vote being 3750 for West and 2727 for the man from Condon. Umatilla's official count, also completed this morning awards the county to Bowerman by the narrow margin of 117 votes. Bowerman was given 2022 and West 1905.

Old Yamhill, always counted on for a republican majority by the party managers, wheeled into the West lines by a vote plurality of 189, rendering 1394 for Bowerman and 1583 for West. Washington county, another section regarded as impregnable by the old timers, went for West by 105 votes, the vote standing 1507 to 1392. These are the complete figures for those counties.

Gilliam, the home of Jay Bowerman, reported its full vote this morning, showing only a remnant of the majority his managers had predicted. He succeeded in carrying his own stronghold by 79 votes, 440 casting ballots for him and 361 expressing a preference for West. Bowerman in his speeches during the campaign frequently alluded to having received nine votes out of ten in his home district in previous elections.

Baker county, practically complete, gives West 409 the best of it. The official count in Benton gives West 278 plurality. West has 813 the best of it in Linn. Bowerman carries Hood River and Wasco, the former by 154 and the latter by 105.—Portland Journal.

WIFE IS VICTORIOUS IN DESPERATE DUEL

Geneva.—A terrible duel between husband and wife, in which the former was killed, took place by gaslight recently in one of the principal streets in Geneva and near one of the chief bridges of the city, which was crowded with people at the time.

The woman was Mme. Marie Remonda of Berne, who keeps a kiosk in the capital. She closed her business and started on her way home to join her only child, a boy of 12. She recently obtained a conditional divorce from her husband, Geororio Remonda of Comolengo, a village in the canton of Tessin, who had already been imprisoned for ill-treating her. Mme. Remonda, who went in fear of her life, carried a revolver hidden in her blouse.

She was walking along the street, when she was shot in the back, and fell. Rising on her knees, she drew out the revolver and faced her husband, who was about 25 yards away.

Each fired five shots at the other, while the crowd fled panic-stricken. Her last shot pierced the man's head, and he fell dead. Mme. Remonda was wounded three times, the most serious being the shot in the back. She was taken to the Berne hospital and the bullet extracted.

It is expected that she will recover from her wounds, and will probably not be prosecuted, as she acted in self-defense.

POOR DISLIKE MOTOR CARS.

Ten Thousand Women Sign Petition Against Autos.

London.—Many people owning automobiles have made themselves dangerous, so much so that 10,200 women living in the cottages have sent a protest and petition to the owners. They say:

"The village women of the kingdom beseech you to help us to get relief from the motor cars. They have made our lives a misery.

"Our children are in danger, our things are ruined by the dust, we cannot open our windows, our rest is spoiled by the noise at night.

"If they could be made to go slow it would be a great thing, but we are only poor people, and the great majority of those who use motor cars take no account of us.

FIRST CHILD OF NEW TOWN PROVIDED FOR

Spokane, Wash.—Metaline, infant daughter of Mr. and Mrs. T. G. Keefe, the first white child born in Metaline Falls, a new town in Stevens county, Wash., 100 miles north of Spokane, has started her career with \$250 in the bank, the gift of Lewis P. Larson, founder of the town. The money will be invested in a gilt-edged security to provide an education fund for the child. Mr. Larson has set for the child, Metaline Falls, where a \$1,500,000 cement factory and several other industrial concerns are under construction, will have a population of 2,000 when the plants are in operation early next spring. Every business and office building and dwelling in the town is built so that a veneer of cement blocks can be used. The sidewalks and curbs also are of cement.

BROKE ARMS WINNING WAGER.

Youth Leaped Unhesitatingly From Veranda Into Tree Top. Bombay.—Chapters have been written upon strange bets, and some foolhardy things done as the result of them. At a little khanna on the balcony of Green's restaurant, in Bombay, a few nights ago a young subeditor of the "Times of India," named Byrt, bet an acquaintance named Knox—the son of Sir George Knox, the chief justice of the Allahabad high court—100 rupees that he dare not jump over the balcony on to the nearest tree, and slide to the ground. Knox at once won his bet—a mad attempt, seeing that the trees in the compound are only of the soft papaya variety. Results, Knox's arms were broken, and the patient is still in danger of completely losing the use of his right arm.

ROMANCE OF HALF CENTURY CULMINATES IN WEDDING

Spokane, Wash.—Miss Sarah Boone of Spokane, and Samuel H. McCork, of Pingree, N. D., were married at the Spokane county court house here, the ceremony being performed by George W. Stocker, justice of the

peace. There were no attendants. The witnesses were the clerk and bailiff of the court. Back of this commonplace announcement is a romance that began in southern Indiana a half century ago, when the husband and wife of today were childhood playmates. Soon afterward they became widely separated so far as geographical distances go, but maintained their correspondence, both having remained single all these years. They traveled extensively, but by a strange trick of fate they never met until a few days ago, when Mr. McCork called at the home of his bride, 311 South Lincoln street, following the receipt of a letter containing a favorable answer to his proposal of marriage. Mr. and Mrs. McCork will pass their honeymoon in eastern Washington, going afterward to Pingree, where the bridegroom has prepared a home.
