NO SALOONS BEFORE FIRST OF THE YEAR

ATTORNEY GENERAL OF STATE RENDERS DECISION

Rules That City Will Be Able to License Saloons Without Further Vote Being Taken—Dry Towns Must Hold Another Election.

Pendleton will probably not have any saloons before the first of the year, according to opinions handed down recently by Attorney General Crawford. After that time, however, the council can license saloons in this city without any further vote being taken on the proposition. In the towns of the county where dry majorities were recorded it will be necessary for the incorporated towns to hold a second election before the council can license saloons under the Home Rule amendment. This special election can not be held before April of next year.

In response to inquiries from L. W. Baker, mayor of Grass Valley, the attorney general holds that a county which is "dry" and votes "wet" will become "wet" January 1, 1911. Although there is no specific statement as to time in this respect, the local option law places January 1 as the time when a county shall become "dry" in case it votes in favor of prohibition. It is inferred from this that the law would also work inversely. The attorney general holds that the home rule amendment will probably take effect January 1 in the case of a county and city voting "wet." The council can then proceed without au-

AMERICAN BEAUTY CORSETS

When you purchase a corset you want one that has STYLE. It is equally important that the name corset be COMFORTABLE and if you can also have one that WEARS WELL and that corset can be bought at a REASONABLE PRICE ONE DOLLAR UP you have all the requisites of a splendid corset. AMERICAN BEAUTY CORSETS have every one of these excellent features and many more. Every improvement as exacted by fashion is combined in these dainty garments. MRS. ROSE S. CAMPBELL.

Newsy Notes of Pendleton

Repairing Building.
Carpenters are now at work repairing the flooring of the entrance to the office saloon in the Joe Ell building on Main street. The flooring had been down for 20 years.

Milk Goat Dies.
One of the three imported Maltese milk goats recently imported by Postmaster Brown, died yesterday. The cause of death is not known but the loss is mourned by the owner.

Returns From Portland.
Attorney J. P. Winter candidate for appointment as circuit judge, returned this morning from Portland where he had been to attend the state bar association meeting.

Stanfield Votes Bonds.
County School Superintendent Welles was notified this morning that at the recent school election held in Stanfield the amount of the bonds for the new school house was increased from \$10,000 to \$16,000.

Coming for Thanksgiving.
James and Cress Sturgis and Tracy Baker, all students at the university of Washington, are to arrive within a few days to spend the Thanksgiving vacation. The Sturgis brothers will remain for a week or longer.

A Thanksgiving Window.
One of the big display windows at the Alexander department store was dressed up yesterday in a manner that would be a credit to a Portland store. It is appropriate to the season and presents a very rich as well as attractive appearance.

Wheat Still 68 Cents.
In the local wheat market the buyers are still offering 68 cents for club but up to 3 o'clock there had been no selling. Apparently the farmers who have held their wheat are reluctant to part with it at present prices though some few sales were reported yesterday.

Buried at Echo.
The remains of Robert Thom, the western Umatilla county bee rancher, who died suddenly recently while on his way for a visit with relatives in the east, were interred at Echo yesterday. The body was placed beside that of a son who died a few years ago.

Train Time Changes.
Beginning tomorrow morning, train No. 45, the Walla-Walla-Pendleton local, will leave the former city at 7 o'clock in the morning, arriving here at 8:50 instead of 10:05 as at present. Train No. 1, the Pendleton-Portland local, will then leave here at 9 o'clock, instead of 10:35 as at present.

Football Game in Progress.
A football game is in progress on Matlock field this afternoon. The contending teams are those of the high school and an Indian team from the reservation. The latter was organized yesterday by Motanic and Jim McKay, the well known Indian athletes, and the game was scheduled to begin at 2:30. It was about 3 o'clock however, when the first kick-off was made.

Leonard Larone Is Here.
Leonard Larone, a former well known Pendleton boy who has been away for several years, is here on a visit to his father, L. Larone of Cosbie street. Larone is remembered as the captain of Pendleton's first football team. He will also be remembered as the man who was nearly electrocuted in Portland during the big fire of more than two years ago.

Dr. Best Returns.
Dr. J. A. Best returned last evening from Klamath Falls where he has been on his ranch since last spring. The family has been back since September. Dr. Best goes to Walla Walla this evening in response to a telephone message telling of the serious illness of Charles Baddeley. He will be back and ready for work Monday, as he intends to re-open his office here and remain until May.

Explosion Causes Fire.
An explosion of gasoline at the residence of "Doc" Maple, 1003 East Webb street, caused a fire yesterday that for a time threatened to destroy the entire building. It was finally extinguished with a loss to Maple of about \$100 and damage to the house in about the same sum. The house is owned by J. J. Richardson of Portland and is insured with Lot Livermore.

Court Returns Home.
Circuit Judge H. J. Bean, District Attorney G. W. Phelps and Court Reporter Beckwith returned last evening from Heppner, where they had been to attend the last jury term of court over which Judge Bean will preside. Before time to convene another term of court he will have resigned his present position to accept one on the supreme bench of the state.

Bank Men Lost Coats.
Nesmith Ankeny and Max Hopper, of the First National bank, are now in shape to have a fire sale. They both lost coats in a small sized conflagration that occurred at the bank this afternoon. The garments were hung side by side in the rear of the bank. About 2 o'clock smoke began to pour forth from that vicinity and the room became well filled before the garments could be rescued. In the opinion of Mr. Ankeny the fire may have been started by matches that were in his pocket.

Cook Wins the Race.
The three-cornered race at the skating rink last night was won by Albert Cook. The other contestants were Ray Jay and Frank Bean. It was a three mile contest and for the first two miles was close and inter-

esting. When the two mile post was past Cook forged ahead and skated away from the other two. The next race will be for the championship of the state and will be held at the rink next Monday night when Harry Drake and Albert Cook will try for championship honors.

Dug 616 Feet Well.
Ebral & Shaver have just finished sinking the deepest well in this portion of the county. It is upon the Fanchier place, nine miles northwest of Pendleton and is 616 feet deep. The well was completed November 17 and it will mean an expense of about \$3500 to the owner. The well has a good flow and the water will be used for household purposes and for watering stock upon the Fanchier place. Since completing the above named well Messrs Ebral & Shaver have moved to the Whitmore place, north of Nolin, where they will sink a well.

FURNISH-COE DAM IS DONE.

(Continued from Page One.)
flood waters and using them during the summer months when the river was low. This dam is now completed the water will soon be stored and the work of allowing it to pass through the gate into the original channel of the river will commence next summer. The water in excess of the normal flow of the stream will be diverted into the Furnish canal, while the rights of other water users below will not be interfered with.

COUNTY BRIDGE AT UMATILLA FINISHED

ONLY STEEL GIRDER BRIDGE IN COUNTY

Commissioner Walker Accepts Bridge for County—Crew Goes to Hermiston—New Bridge Is God-Send to West End People.

The only steel girder bridge ever built in Umatilla county was completed at Umatilla yesterday and was accepted on behalf of the county by Commissioner Horace Walker. The bridge is 390 feet long and spans the Umatilla river, a short distance above where trawling empties into the Columbia.

The huge girders which support the bridge roadway without any superstructure or under braces are 30 feet in length and rest on concrete piers, 14 in number and 14 feet high. These piers are imbedded into the solid rock through which the stream flows at that point. Owing to its manner of construction it will be necessary for flood waters to reach the floor of the bridge itself before it will be possible for any damage to be sustained. The total cost of the bridge is \$13,000.

The same crew of workers that put in the Umatilla bridge was moved to Hermiston yesterday afternoon where it will be used in the erection of another steel bridge across the same stream. This will be a truss bridge and will be 200 feet long.

The completion of the bridge across the river at Umatilla is hailed with delight by the residents of that town as well as by the citizens of the entire west end of this and the northwestern part of Morrow county. In the past it has been impossible for teams to cross the river at all during high water and during low water it was necessary to make a long detour up the river in order to reach the ford. Footmen have used the railroad bridge to cross the stream, but owing to the great number of trains crossing this structure day and night, it was dangerous for people to cross on it.

Our New FALL CLOTHES

Are Now on Display Ready for Your Inspection

Men's Suits Made to Your Measure

If you are hard to fit in a ready-made suit we will fit you correctly by making a suit to your exact measure. Nothing but new fall patterns to select from. Large swatches enable you to choose right and the pattern you most admire.
