## SPORTOGRAPHS

The one great surprise of the year in football circles was the scoreless Harvard-Yale game Saturday. The Crimson was a 2 to 1 and 3 to 1 favorite and throughout the contest demonstrated her superiority over the sons of Old Eli in every department of the game except pluck and courage. The result was really a victory for the New Haven institution and will stand for years as a monument to the famous “Yale spirit.”

Most of the northwest college football teams enjoyed a breathing spell Saturday, conserving their strength for the big Thanksgiving games.

Amos W. Elliot, known to his college mates as “Famous” Elliot, has been chosen captain of the 1911 Stanford Rugby team.

Willamette and Pacific Universities will clash on the gridiron on the funeral day of the turkey. The Methodists will probably emerge with the scalps of the Congregationalists at their belts.

Football is now in the 41st year of its existence on American soil. The first game was played November 13, 1869 between Princeton and Rutgers. The game is growing more vigorous each year, but its enemies are growing more persistent in their attacks. It seems to be a case of an invulnerable body and an irresistible force opposed.

The following are the events on today's sporting calendar:

Annual field trials meeting of the Kentucky Field Trial association begins at Glasgow, Ky.

National Amateur Athletic union opens annual meeting in New York to elect officers and transact other business of importance.

Many crack trotters and pacers will be sold during the sixteenth annual Old Gory horse auction opening in Madison Square Garden, New York.

Open season for deer begins in Massachusetts, when the animals may be killed in South Berkshire and parts of Franklin county.

Football is called to answer for 11 deaths and 499 injuries this season. More material for the knockers.

Superiority in the new style of play, the forward pass and open work, won the middle western championship for Michigan Saturday. Yost's team completely mystified the Minnesota stalwarts by their skillful execution in this department.

University of Pennsylvania has five varsity freshmen crews out this fall.

Through a recent ruling of the Stanford faculty, woman's basketball has been discontinued as an intercollegiate sport of that University. The reason for this action is given to be the fact that not enough interest has been taken in the game.

The following are some of the scores in Saturday's games:

At New Haven—Yale 0, Harvard 0.  
At Easton, Pa.—Lafayette 14, Lehigh 0.

At West Point—West Point 17, Trinity 0.  
At Annapolis—Navy 9, University of New York 0.

**Shall Women Vote?**

**“TAY PAY” SURE NEW MAGAZINE WILL WIN**

London.—One of the most interesting events in the autumn publishing season will be the appearance of a new monthly magazine which will be owned and edited by T. P. O'Connor, M. P. “Tay Pay” is as deservedly popular in London as he is in New York, and in the House of Commons his lively Irish wit and good nature have made him hosts of friends even among his bitterest political foes.

Mr. O'Connor has come to the conclusion that vast sections of the British public is heartily tired of the cheap monthly magazine full of suburban short stories and “detective wonders,” and he is convinced that there is a big audience for a publication which seriously claims to literary merit.

“T. P.'s Magazine,” as it will be called, intends to survey the world's progress in every sphere and be entertaining as well. It will be profusely illustrated, and some of the greatest English writers of the day will contribute to its pages.

Mr. O'Connor has tested public opinion with his weekly publication, and he has an immense following among people who enjoy reading a good review of a good book.

Another literary event of interest to Americans will be the publication very shortly of a greatly revised and enlarged edition of the “Life of Poe,” by John H. Ingram, who is preparing the work, is the best living authority on the life and work of the great American poet.

For more than twenty-five years Mr. Ingram has been collecting letters and MSS., and, thanks to the efforts of American friends, he has succeeded in bringing to light a mass of new and very interesting material.

In connection with the scheme to sell Dickens stamps to celebrate the centenary of the birth of Charles Dickens, Messrs. Chapman and Hall, Dickens' original publishers, are affixing one of these stamps in every copy of the new Centenary edition of the great novelist's works. These publishers paid Dickens the royalties he asked for each of his books, but in the case of “Pickwick” they gave him about \$3,000 more than he originally agreed to accept.

**Not Sorry for Blunder.**

“If my friends hadn't blundered in thinking I was a doomed victim of consumption I might not be alive now,” writes D. T. Sanders, Harrodsburg Ky., “but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful live-saver is an unrivaled remedy for coughs, colds, la grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c. \$1.00. Trial bottle free. Guaranteed by Koepfen Bros.

### TO HONOR BERNHARDT.

Strong Effort Made to Secure Her Membership in Legion of Honor.

Paris.—Will Mme. Sarah Bernhardt be decorated with the cross of the Legion of Honor next first day of January?

Two months off as the date is, a strong movement is already on foot to force this event around. Last year it was the same thing, though the movement ended in failure. This time a still more determined effort will be made, some of those clamoring for this honor for the great tragedienne being among the foremost men and women of France. They are:

The Countess Mathieu de Noailles, the poetess; Jean Richepin, poet; the Duchesse de Noailles, another aristocratic poetess; Maurice Donnay and Henri Lavedan, dramatic authors; Andre Messager, one of the opera directors; Massenet, the composer, and his confrere, Gabriel Faure; Andre Antoine, theater manager; Auguste Rodin, the sculptor, all being eager admirers of Mme. Sarah the Divine, not to mention the Comedy Francaise stars, Mouney-Sully Gerney, Mme. Louise Silvain and Mme. Marie Lagouette.

One wonders, save the few who are on the inside of the affair, why Mme. Bernhardt has not been decorated before this, considering the advocates she has. It was even said that both the president of the republic and the prime minister are in favor of bestowing the little ribbon so much coveted. Likewise, by diplomatic canvass, it was shown that the council of the Legion of Honor was practically unanimous in its willingness to say yes.

Then why does she not get the cross.

Neither the president or the prime minister is absolute in this bestowal of honors. What they say usually goes, but not always. The council of the Legion has the final say, though, in most instances, when a name is proposed by the chief of state or his premier, it is quick to grant the decoration. It must be done, however, by unanimous consent, one black ball sufficing to bar the candidate.

Mme. Bernhardt has one enemy in the council. For 13 years, but for this one man, she would have been a member of the Legion. In spite of all arguments, all pressure from high sources, this one man remains obstinate in his refusal to honor the great actress, and it seems that she will have to wait until this man is called to his last reward before the little red ribbon comes her way.

The “Gil Blas” has started the crusade early this year, evidently hoping to prod the refractory council member into line.

The “pure food law” is designed by the government to protect the public from injurious ingredients in both foods and drugs. It is beneficial both to the public and to the conscientious manufacturer. Ely's Cream Balm, a successful remedy for cold in the head, nasal catarrh, hay fever, etc., containing no injurious drugs, meets fully the requirements of the new law, and that fact is prominently stated on every package. It contains none of the injurious drugs which are required by the law to be mentioned on the label. Hence you can use it safely.

## SURELY BREAKS THE MOST SEVERE COLD

### HOW TO END A COLD OR GRIPPE IN A FEW HOURS

The most severe cold will be broken and all gripe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress vanishes.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

### NEW CHANCELLOR SOUGHT.

Present Ambassador at Washington May Be Called to Head of German Empire.

Berlin.—A movement is afoot to push the candidature of Count Bernstorff, German ambassador to Washington, for the post of imperial chancellor. The greatest efforts are being made to concentrate the kaiser's attention upon him as the best man for the difficult job, and there is a general expectation in political circles that the term of office of the present chancellor will not be prolonged any great length of time.

He may survive until the next general election of the Reichstag, which certainly will occur at the end of 1911. But the general consensus is that his fate will be replaced by a stronger and abler man. It is no secret in court circles that Von Hollweg would have already vacated the post if the kaiser had been able to choose a satisfactory successor, and it is also known that a powerful group of politicians has determined to push Bernstorff for the post.

### A Hak Breadth Escape.

Do you know that every time you have a cough or cold and let it run on thinking it will just cure itself you are inviting pneumonia, consumption or some other pulmonary trouble? Don't risk it. Put your lungs back in perfect health and stop that cough with Ballard's Horehound Syrup. Price 25c, 50c and \$1.00 per bottle. Sold by A. C. Koepfen & Bros.

It certainly is a waste of money for me to buy the ordinary kind of baking powder. For all leading groceries now sell Cleveland's at the uniform price of 1 pound, 45 cents; 3 pounds, \$1, and 5 pounds, \$1.65.

“Language was made to conceal thought.” Some people are keeping a lot of things to themselves.—Centralia Chronicle.

## Retiring from Business

**Eilers Music House Now Offer You Your Choice of the Highest Guaranteed Pianos at Mighty Small Prices**

**Saturday's Sale Record Was One of the Biggest in Pendleton's History.**

When pianos—good ones—are obtainable at a dollar a week, and when the costliest of high grade pianos usually selling for \$550 are to be had for less than 20c a day, and when such pianos, in addition to being sold on such easy terms are offered at tremendously reduced prices, it is no wonder that the past few days have witnessed the biggest piano selling record ever made in Pendleton or Umatilla county.

We are closing out our business in Pendleton and although a great many of our bargains were sold yesterday, there still remains over twenty used and shop-worn pianos that will be sold at a discount of from thirty to forty per cent. Besides these we have over twenty new pianos which must be sold at almost half the original prices.

REMEMBER, MR. PIANO BUYER, you now have the opportunity of purchasing a new High Grade Piano for less than you would usually pay for a cheap piano of shoddy quality. And you have the privilege of paying for it on unheard-of terms. Think of it. Only a dollar a week pays for a piano that formerly sold for five or six hundred dollars. Some of the cheaper grades on even smaller terms.

Some people of excellent judgment prefer a used piano of a good make to a cheap new one. For all such an unusual opportunity is now being presented to secure a splendid upright piano, at actually less than manufacturers' cost. We will have on our floor all pianos which we have out on rental, which, together with the pianos we have taken in exchange on the wonderful Autopiano, will go at prices ranging from \$145.00 and upward. The price all depends on the amount of the use the piano has had.

THINK OF IT, MR. PIANO NEEDER. Over fifteen of the world's best makes are included in this “Retiring from Business” Sale.” From America's oldest and supreme—the grand old Chickering—to the genuine Autopiano, the latest creation in player-pianos, there is scarcely a name well and favorably known to the piano trade, that does not find representation here. The Kimball, the Lester, the Smith & Barnes, the Marshall & Wendell, the Leland, the Hoffman, the Hallet & Davis—all these and many others are significant of piano excellence.

Our present prices positively end at the close of this sale. We will then work this territory from some other point and we wish to warn you, Mr. Piano Buyer, that after we close our doors in Pendleton you need not expect to have offered you the remarkable bargains we are now placing at your disposal. Our success in this sale has gone far beyond our fondest hopes. We fully expected to sell a great many pianos on the first day of our sale, but we never dreamed that we would dispose of the great number of pianos which we placed in Pendleton homes.

REMEMBER, we must dispose of the remaining stock by December 15th, 1910. But at the rate which pianos are now selling, we will close out long before that time. So come tonight sure. We are open every evening now until we are sold out. THOSE LIVING OUT-OF-TOWN WHO CAN NOT CALL SOON, DROP US A LINE FOR PRICES AND TERMS.

Square Pianos \$25.00.  
Organs, \$10.00 to \$40.00.
