### Newsy Notes of Pendleton

**Knights Sell Property.**  
A. L. Knight has disposed of his residence property in the east end of town to Octavia Hargrove. Knight is now residing in Twin Falls, Idaho.

**Sues for Piano.**  
The Gilbert company has brought suit against Mrs. Mary Coffey-Rattigan to gain possession of a piano or to collect \$300, its alleged value.

**Marriage Licenses Issued.**  
Marriage licenses have been issued to Frank A. Strohle and Miss Fred Longmier, both of this city and to Roy G. Attebury and Florence E. Shaw, both of this county.

**After District Attorneyship.**  
Taking it for granted that District Attorney Phelps is to be named as circuit judge, Homer L. Watts and S. F. Wilson journeyed to Portland this afternoon to interview acting Governor Benson. Each would like to succeed Phelps. Attorney S. C. Notson, mayor of Happer, is also a candidate.

**Spokane Train Delayed.**  
Because of a disabled engine, Spokane train No. 8, was unable to leave Pendleton at 7 o'clock this morning, the scheduled time. It was necessary to send to Walla Walla for an extra engine with the result that it was a few minutes after nine before the train left.

**Soldiers Win By Close Shave.**  
The company L indoor baseball team was given a close shave by the Pendleton barbers on the armory floor yesterday afternoon. The full nine innings were required to decide the game, the final score being 10 to 9. The next game at the armory will be played Thursday morning when the soldiers and citizens will cross swords.

**House for Switchmen.**  
The O. R. & N. company, after many years, is fitting up a house in the local yards for the use of the yard switchmen. Heretofore the switchmen have had no place to change their clothing, no place to go in out of the wet when it rains. The new house is equipped with a stove and with lockers.

**To Attend Convention.**  
F. A. Sikes of Milton, Dr. W. R. Campbell of this city, and other prominent farmers left Pendleton this morning for The Dalles to attend the meeting at which the state organization of the Farmers' Union is to be perfected. There will be about 30 Umatilla county farmers at the convention which will be convened tomorrow.

**Presented Books to Library.**  
Some gifts of valuable books have just been made the Pendleton public library by T. J. Tweedy. The donations include 40 volumes of the "Nations of the World" and two volumes of "In Darkest Africa" by H. M. Stanley. The books were bid in by Mr. Tweedy at the Pendleton academy sale Saturday. Attorney R. J. Slater also presented the library with a book recently. It is a copy of a United States history that was formerly in the office of Mr. Slater's father.

**Curl Buys Fine Residence.**  
Frank S. Curl, the well known frank buyer and former chairman of the county republican central committee has purchased the W. H. McCormack property on Washington street in North Pendleton and will take possession about the first of December with his family. Mr. and Mrs. McCormack will go to Portland for awhile, but they have not decided to leave Pendleton permanently. The Curl residence property at 514 Market street and some other city property were transferred to McCormack in the deal.

**Dogs Not Rabid Yet.**  
Dr. W. H. Lytle, state veterinarian, received a letter this morning from Dr. White, secretary of the state board of health, to the effect that the Walla Walla county sheep dogs that were bitten by a coyote have thus far shown no symptoms of becoming rabid. In the opinion of Dr. White the dogs will not have the rabies, yet as the trouble may arise any time from 12 days to six months after being bitten, it is yet too early to predict the outcome. The dogs will be closely watched meanwhile. The little boy who was bitten by the coyote that ran amuck is recovering.

**ARMY MUST ECONOMIZE.**  
Orders Issued to Cut Feed and Fuel to Lowest Mark.  
Washington.—It's a hard, cold winter in the army. Soldiers must economize on forage and fuel all along the line. President Taft's economy policy, resulting in the reduction of appropriations, reaches to the farthest army post.

The following excerpts from an order issued by Brigadier General Bliss, from the headquarters of the department of California, are typical:  
"The appropriation for regular supplies, fiscal year 1911, is \$1,160,000 less than the amount appropriated for the fiscal year 1910. It therefore becomes necessary to reduce expenditures on all items chargeable to this appropriation, and especially so in the cost of fuel and forage."  
"Post commanders are enjoined to restrict the issue of forage to actual requirements."  
"Post commanders are also enjoined to make every effort to confine deliveries of fuel at their posts to the lowest limit."

American manufacturers of machinery used in the sugar industry are finding a new outlet for their goods in Formosa, where the sugar industry is under rapid development.  
A series of illustrated lectures on the union label is being conducted by the San Francisco labor council.

**WOMEN IN DEATH VALLEY.**  
Society Leaders Wrest Wealth From Sands of Bone-Littered Desert.  
Los Angeles.—Mrs. Beatrice Hubbell Plummer, sister of Mrs. Cynthia Westover Alden, president general of the International Sunshine Society, and Mrs. Florence H. Baker were the first women to brave the desert dangers of Death Valley in the attempt to wrest its golden treasures from its bone-strewn sands. They have just returned from a perilous trip. About two years ago, after listening to their husbands' discussion of the various mining ventures they were interested in, the two women asked almost simultaneously:  
"Why can't we get some of this gold?"  
The husbands laughed. They have said since that their wives never thought of anything but receptions, clubs, clothes and similar things of festive importance to feminine minds. Messrs. Plummer and Baker said jokingly that Death Valley was loaded with gold. And the women announced their intention to seek gold in Death Valley.  
"The wonder of it all is," said Mrs. Plummer, "that we ever stood it. Nearly all the time the thermometer registered more than 119 degrees, and in front of our little camp on the Santa Fe road it rose and stayed at 130 for weeks. The humidity was low, or we would have succumbed."  
"Scattered over the trails amid the rocks and sands of Death Valley are vast treasures for the fortune prospector. We were lucky, for many, many lives have been sacrificed in the effort to cause the desert to give up its riches."  
Mrs. Plummer and Mrs. Baker wore throughout the trip the full accoutrement of Western cowgirls. Skirts of buckskin reached to just below their knees. Strong leather boots incased their legs and they rode astride.  
Each was armed with a revolver, and under the tutelage of the old guide who accompanied the party, they rapidly became expert shots and horsewomen.  
The property that these women have acquired, it is declared by expert mining men, bids fair to rival the wealthy deposits of Nevada.

### INDIANS DEFEATED BY HIGH SCHOOL

UMATILLAS NO MATCH FOR LOCAL SCHOLASTICS

Coach Lytle's Team Takes Game by Score of 32 to 0—Demonstrates Superiority of New Style of Game. Pendleton High, 32; Indians, 0.

### GREAT THANKSGIVING GAME IS PLANNED

PENDLETON HIGH VS. ALL-STARS IS CARD

Stars of Former Days Will Scintillate on Gridiron—Much Enthusiasm Is Aroused Over Contest.

Pendleton high school foot ball players walked through the Umatillas from the old reservation on "Round-up" field last Saturday and when the final score had been figured up it showed 32 to 0. The Indians presented a lineup of former stars, men who had done service on Carlisle and Chawawa and other teams, but they lacked team work and were a little short of a knowledge of the new game. It was shown how much easier it was to forward pass the ball over the line and run down or catch the ball than to charge at the line like a wounded buck and only gain two yards.

Pendleton will have the best game of football on Thanksgiving Day seen here in years. Many of the former high school players who won from the "Pendleton All-stars" three years ago, will be lined up with the present "all-star team." Among those players will be seen Storie and Scott from the University of Oregon, who were the mainstays of their impregnable line of last year and year before. Baker will return from the University of Washington, bringing with him a store of Coach Doble's winning plays and will be accompanied by the two Sturgis brothers, Cressy, of High school fame and James of the University squad. Turner and Gilbert of the O. A. C., and Fee of Whitman will be in the lineup, using all of Coaches Norcoros and Metzger's strategy plays.

So far want of clever plays there will be no lacking. The college men will round into shape with but a few practice scrimmages. Yale has always contended that all they required for a championship team was eleven good men. Pendleton All-stars contend they are starting with eleven men and plenty of substitutes that have been true and tried.

Aside from the college men fresh from the fray, will be seen many stars from a few years past, such as Jim Hill of Whitman; Clarence Bishop of Oregon; Kenneth Cooper of O. A. C.; Steiner of Oregon University and Creswell of O. A. C., not to mention a few of the old Pendleton high school boys in the persons of Strand, Baer, Engdahl, Thompson brothers, Penland and others, who would be championship material on any squad.

**Miss Chapman.**  
The Albuquerque Morning Journal has the following to say concerning Miss Chapman, who will appear at the Oregon theater tomorrow evening.  
"Miss Chapman, the pianist was given especial favor by the audience, which demanded frequent encores. Her playing is brilliant and finished and her interpretation of a Chopin nocturne last night could have been improved only by a more responsive piano."

Old Pendleton High has never let failed to land one of her players on a college team when he was given a tryout and it is this kind of material that will be lined up against one another on Thanksgiving Day.

**Attention Knights of Pythias.**  
Damon Lodge No. 4 will meet in regular session this evening at 7:30. Work in Regular rank. District Deputy G. C. A. R. Shumway will also pay the lodge an official visit. All members in good standing are urged to be present.

Practically all players mentioned have signified their willingness to play and already betting blood is making itself shown. As before the old "grads" are a little "chesty" and are willing to back their past records with a little money.

Mark Moorhouse has signified his willingness to officiate in his "square deal like manner." Plan to come out and get a heart thrill on "Roundup" field Thanksgiving Day at 2:30 p. m.

Save money by reading today's ads.

**ARMY MUST ECONOMIZE.**  
Orders Issued to Cut Feed and Fuel to Lowest Mark.  
Washington.—It's a hard, cold winter in the army. Soldiers must economize on forage and fuel all along the line. President Taft's economy policy, resulting in the reduction of appropriations, reaches to the farthest army post.

**EX-SHAH SEEKS A DANCER.**  
Former Ruler of Persia Wants an American Girl to Become His Wife.  
Berlin.—The fact the ex-Shah of Persia interrupted his journey to Paris to stop at Vienna, caused a political sensation. The Viennese papers published long explanations of all political reasons that might induce the fallen potentate to tarry at Vienna, but the fact is that the incident has no political significance whatsoever.  
The ex-Shah, who travels with his three favorite wives, went to Vienna to get a fourth wife. A few months ago an Anglo-American dancing quartet, the Violet girls, played at a vaudeville show in Teheran, and the Shah ordered the dancers to give a private performance at the palace. There he promptly fell in love with the youngest, Mabel Flynn, 17 years of age. He gave her valuable presents and asked her to become his fourth wife. At first Mabel was inclined to do so. Later she feared she might be shut up in a harem, and the quarter left Teheran without taking leave of the ex-Shah. Since then the monarch in exile has been inconsolable and has been trying in every way to get possession of the girl.  
At last the Persian embassy at Vienna informed him that the Violet Girls were dancing at the Casino de Paris, a high class cafe d'anzant, of Vienna. Therefore the interrupted journey, and at Vienna the ex-Shah tried again to induce the girl to become his fourth wife, but failed, as Mabel refused the honor unless he consented to live with her in Europe.

### SCHOOLS DONATE TO AID SOCIETY

As a result of small donations by the public school children of this city the juvenile inmates of the Boys' & Girls' Aid society of Portland will spend a happier Thanksgiving than would have been possible otherwise. The following cash contributions have been made to the society by the children of this city:  
From the Lincoln school, \$2.23; Field school, \$3.20; Washington school, \$19.46; Hawthorne school, \$11.60; High school, \$2.77; total, \$39.26. When the contributions were taken the children were not asked to contribute but to merely do as they saw fit with reference to the matter.  
Aside from the cash contributions five boxes of provisions and four sacks of provisions were donated. Owing to the prevalence of scarlet fever contributions of clothing were not allowed this year.

**Congo Situation Is Better.**  
London.—Since the annexation of the Congo by Belgium the majority of the reports received have pointed to a general improvement in the spirit animating the white personnel and also in the treatment of the natives. One or two correspondents, have, however, sounded warnings with reference to certain developments in the lumber plantation work and the reorganization of the army.

Nevada labor unions heartily endorse the action of the state legislators in closing up the gambling houses, and the merchants of Tonopah, Goldfield and other mining centers report a great increased business since the anti-gambling law went into effect.

### HOSTETTER'S BITTERS

The Bitters has given such general satisfaction in cases of Indigestion, Sick Headache, Costiveness, Biliousness, Colds, Grippe and Malaria that it is rightfully called the best. A trial today will convince.

**Do You Realize the Consequences of Continued Eyestrain?**  
If money could buy sight thousands of unfortunates would gladly pay any price. But there are many cases in which good vision cannot be given with lenses, because the eyes have been continually strained and constantly neglected.  
Don't Neglect Your Eyes When Competent aid is at Hand. Properly Fitted Glasses remove all unnecessary eyestrain and are the Only Remedy for a large per cent of the Defects of the eye.  
Our Methods of Fitting are the latest and best.
