ECHO'S LEVY WILL BE SEVEN MILLS

LAST COUNCIL MEETING OF YEAR IS HELD

Amount of Taxes Rapidly Decreases Under Present Administration Management—Educational Conference Held.

(Special Correspondence.) Echo, Ore., Dec. 9.—The city council presided over by Mayor Scholl held its last meeting for the year Tuesday night. The tax levy for 1910 was fixed at 7 mills. This is quite a reduction from the tax levy of the two previous years. In 1908 when prohibition went into effect here it was found necessary to vote a 23 mill tax for the expenses of the town, there being \$1943 of saloon license money that had to be returned. In 1909 the tax levy was reduced to 15 mills, and now, owing to the careful and judicious management of the city fathers there is a further reduction and the levy for the 1910 assessment is to be only 7 mills.

Never has the future of Echo appeared more bright, both in reference to moral and financial management. The result of the election held here on Tuesday was such that declares the majority of Echo's people stand for law and order and that the spirit of financial economy that has characterized the present administration will continue to live.

A district convention for educational purposes was held here today at the L. O. O. F. hall. Superintendent Ackerman was present and addressed the meeting.

MORE DOLLAR BILLS SAID TO BE NEEDED

Washington, Dec. 9.—Congress will soon be asked to permit the issue of dollar bills in largely increased quantities over the present output. Many complaints have come to the treasury department, especially from the west, as to the scarcity of dollar bills, and this year, in an attempt to supply the demand the treasury has been issuing \$1 greenbacks for the first time since 1885. While dollar bills are plentiful in the east, and silver dollars almost unknown, it is almost impossible to secure currency of this denomination in the western states and the people have to content themselves with the bulky silver pieces. While the complainants do not allege that this sort of money is undesirable collectors and others who get large quantities of the silver cartwheels

find themselves at the end of a day tired out with the weight of their loads.

MOVEMENT TO AID HEIRS OF DICKENS

New York, Dec. 9.—To raise a fund for the descendants of Charles Dickens, most of whom are living in extreme poverty, a "Dickens centenary stamp" was placed on sale today, and will soon be available to admirers of the great novelist throughout the United States and the British empire. The stamps sell for one penny, or two cents, each. Large quantities have been sold to British and American publishers of Dickens' novels, who will place a stamp on each volume sold. The first stamps printed were presented to King George and President Taft. Three children and seventeen grandchildren of the immortal creator of "David Copperfield" are now living. The centennial of the birth of Dickens will be observed throughout the English-speaking world in February, 1912. The stamps will be kept on sale until that time, when the proceeds will be divided among the beneficiaries.

BISCUITS' FALL, \$8 TRAGEDY.

Punches Cash Register, Proprietor Who Was Absent, Won't Believe It. Fred Williams, a cook at a Santa Barbara restaurant, is out of pocket \$8 as the result of what he calls petrified luck. While left in charge of the eating house a biscuit (the kind that mother doesn't make) fell from the shelf and hit the cash register, ringing up the equivalent of many good meals. He tried to explain to the proprietor but in vain.

The "pure food law" is designed by the government to protect the public from injurious ingredients in both foods and drugs. It is beneficial both to the public and to the conscientious manufacturer. Ely's Cream Balm, a successful remedy for cold in the head, nasal catarrh, hay fever, etc., containing no injurious drugs, meets fully the requirements of the new law, and that fact is prominently stated on every package. It contains none of the injurious drugs which are required by the law to be mentioned on the label. Hence you can use it safely.

Estray Notice. One span of sorrel geldings somewhat old. Weight about 1150 pounds. Any person notifying Chas. Lobaugh, Pilot Rock, or John L. Bartley, 308 Lillith street, Pendleton will be rewarded.

As the train neared the city the colored porter approached the jovial-faced gentleman, saying with a smile: "Shall Ar brush yo' off, sah?" "No," he replied, "I prefer to get off in the usual manner."

PLANS MADE FOR SCHOOL CONVENTION

REPRESENTATIVES FROM ALL BOARDS COMING HERE

Law Requires That at Least One Member of Every School Board in County Attend Convention Here Saturday—Splendid Entertainment Provided for Delegates.

All preparations are completed for the second annual convention of the Umatilla county school boards which will convene in the circuit court room at the court house tomorrow morning at 10 o'clock, and according to County School Superintendent Frank K. Welles, the prospects are good for a large attendance from over the county.

The principal speakers at the meeting will be State Superintendent of Public Instruction J. H. Ackerman, Superintendent R. F. Robinson of Multnomah county and Principal J. W. L. Kaufman of the Fine schools, who has made considerable reputation as a humorist. Another feature of the program for the day will be several selections by the Pendleton male quartet.

There are 100 school districts in Umatilla county, in each of which there are four officers, but it is hardly probable that more than one will represent a great many of the districts. However, there is great interest manifested in the approaching meeting as the one of last year proved very profitable to the boards in the settlement of the various problems which confront them.

Superintendent Welles and the Pendleton male quartet went to Echo today where they will be met by Superintendent Robinson of Multnomah county. The two superintendents will conduct a local institute and parents' meeting this evening, after which they will come to Pendleton for the convention of school boards. Following the program tomorrow, they will leave for Fruitvale, where an institute similar to the one in Echo will be held in the evening.

SPENT 15 CENTS AND LOST.

Defeated Socialist Candidate for Congress Files His Statement. Norfolk, Va.—Fifteen cents was the amount which C. E. Goode, defeated socialist candidate for congress, personally spent in the recent congressional campaign, according to his statement filed with the secretary of the commonwealth. Incidentally, however, he referred to an expenditure by the party management.

Lionel—At first he was simply crazy about her, but now he neglects her shamefully.
 Leonard—I see—at first he went out of his mind, and then she went out of his mind.

accounts for much of our success in the merchandising of coal. The way we screen and store this much needed commodity of course helps out.
