

AWAY GOES ALL STOMACH MISERY

NO INDIGESTION, DYSPEPSIA
OR GAS IN FIVE MINUTES

A Little Diapepsin Now Will Make
Your Out of Order Stomach Feel
Fine—Digests All Your Food,
Leaving Nothing to Ferment and
Sour.

If you had some Diapepsin handy
and would take a little now your
stomach distress or indigestion would
vanish in five minutes and you would
feel fine.

This harmless preparation will digest
anything you eat and overcome a
sour, out of order stomach before
you realize it.

If your meals don't tempt you or
what little you do eat seems to fill
you, or lays like a lump of lead in
your stomach, or if you have heart-
burn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent
case of Pape's Diapepsin and take a
little just as soon as you can. There
will be no sour risings, no belching
of undigested food mixed with acid,
no stomach gas or heartburn, fullness
or heavy feeling in the stomach, nau-
sea, debilitating headaches, dizziness
or intestinal griping. This will all
go, and besides, there will be no un-
digested food left over in the stomach
to poison your breath with nauseous
odors.

Pape's Diapepsin is certain cure for
out of order stomachs, because it pre-
vents fermentation and takes hold of
your food and digests it just the same
as if your stomach wasn't there.

Relief in five minutes from all
stomach misery is at any drug store
waiting for you.

These large 50-cent cases contain
more than sufficient to thoroughly
cure almost any case of dyspepsia, in-
digestion or any other stomach dis-
turbance.

NEWS OF THE NORTHWEST

Pastor Active at 82 Years.

Anatone, Wash.—The Rev. Andrew
Turner, 82 years old, walked from his
home in Clarkston to the Pinegrove
church, arriving there in time to deliv-
er a sermon at 11 o'clock. He then
walked back to Anatone and preached
to a large audience in the evening.
Although Dr. Turner has been in the
Baptist ministry for 62 years, he is
doing the work of a young man.

Irrigate Whitestone Flats.

Loomis, Wash.—Marvin Chase, ir-
rigation man of North Yakima, has
organized the Whitestone Flat Irriga-
tion and Power company, with
headquarters at Loomis to irrigate
the Whitestone flats. Mr. Chase has
done preliminary work and has men
and teams on the ground.

The Whitestone bench lands along
the Okanogan river, between Loomis
and Tonasket, comprise about 15,000
acres.

Men's Club Cooks Dinner.

Walla Walla, Wash.—The Men's
club of the Congregational church
kitchen tonight and cooked a good
dinner. They had everything the
market afforded, with trimmings, and
suggested they might adopt as a mo-
to, "O woman suffrage, where is thy
sting? O suffragette, where is thy
victory?"

Usually the Men's club sits down
in the church parlors and enjoys a
spread cooked by their wives. This
time the women of the church visited
in the parlors and the men acted as
cooks.

Glavis Found Not Guilty.

Goldendale, Wash.—Louis R. Glavis,
friend of Gifford Pinchot, deposed
forester, was today found not guilty
of the charge of setting recent forest
fires in the neighborhood of his or-
chard.

Ten days ago two informations were
filed against Glavis charging him with
burning slashings without a permit.
A jury trial was secured here today,
several witnesses being heard. It
was shown that the fire was started
by some unknown cause, though it
was also shown that Glavis had start-
ed several fires at the same time for
the purpose of back firing.

Capitol Is Too Small.

Salem, Or.—Talk which arises every
two years here just preceding sessions
of the legislature is floating about the
state capitol lobbies again as to the
ways and means necessary to increase
the size of the capitol.

It will be difficult this year to ac-
commodate the committees and the
custodian is in a quandary as to the
best method of placing them.

There is some talk of purchasing
the block just east of the capitol if
the legislature sees its way clear to
do so, and place a building thereon
to accommodate the state printer and
possibly the state library.

Parents Day at Normal.

State Normal School, Cheney,
Wash.—The first meeting of the exe-
cutive committee of the Parent-Teacher
club of the state normal school at
Cheney was held in the office of the
normal last night.

The committee agreed upon sev-
eral lines of work which it would pur-
sue for the coming year, among which
were the organization of branch clubs,
the distribution of educational litera-
ture and lecture courses on special
topics, and arrange for the annual
meeting.

The appointment of subcommittees
was left to Miss Johnston, the chair-
man of the executive committee.

Besides the members from the nor-
mal school faculty the executive com-

mittee consists of Dr. J. Glen Har-
bison, Spokane; Mr. and Mrs. H. C.
Sampson, Spokane; Mr. and Mrs. R.
H. Macartney, Cheney; Mr. and Mrs.
Frank Babcock, Cheney, and Dr. and
Mrs. F. A. Pomeroy, Cheney.

Verdict Under New Law.

The jury in the case of Alezench
Korn vs. H. W. Harrity and S. A. Hay-
ward involving about \$300 brought in
a verdict for the defendant about 7
o'clock last evening. But for the fact
that the new law passed under the
initiative at the last general election
making a verdict by three-fourths of
the jury—nine men—a legal verdict
in this class of cases, the jury would
have been hopelessly "hung" for there
seemed no possibility of getting a un-
animous verdict.

The case of Hartwig vs. Bingham is
on for this morning and following it
the case of Sam Manerud against the
city of Eugene.—Eugene Register.

Mayor Wants Cheap Lights.

Lewiston, Idaho.—The ordinance
passed by the city council Thursday
night, granting a 25-year electric light
and power franchise to the Lewiston-
Clarkston Improvement company, was
yesterday vetoed by Mayor Ben F.
Tweedy. All of the councilmen ex-
cept J. B. West voted for it, and the
matter will probably come up at the
next regular meeting of the council
in the shape of a new franchise ordi-
nance.

The patrons of the light company
are complaining of excessive rates,
more than is charged in Moscow,
which is lighted with current from the
same dynamo by which Lewiston
is supplied.

Won't Buy Bridge Bonds.

Refusal of \$500,000 worth of Broad-
way-bridge bonds by Chicago invest-
ors to whom they had been awarded
was yesterday announced to city offi-
cials through their attorney, Charles
B. Wood, on grounds of alleged in-
validity. The city will be required to
readvertise.

Three firms—E. H. Rollins & Sons,
N. W. Halsey & Co. and A. B. Leach
& Co.—on a joint bid of \$6.81 had
been granted the entire block, Attor-
ney Wood represented all of them.

City officials say that the city will
lose nothing through the failure of
the successful bidders to accept. May-
or Simon said that the real objection
of the Chicago firms is their dislike
of the initiative and referendum laws
through which the bond issue was au-
thorized.

City Attorney Grant declared that
the bonds are valid and that Attorney
Wood's assertions will have no influ-
ence on him.

In brief the Chicago people ob-
jected on the general grounds of
"mob rule" authorization, the alleged
fact that the legislature did not give
consent to the building of the bridge
and that with the suit of Frank Kier-
nan to prevent the sale of the bonds
still unsettled, a sale is inadvisable.

It is pointed out that some of
these same complaints could have been
entered against the Hawthorne and
Morrison bridge bonds, which have
been held valid and which have been
sold without difficulty.

UNIVERSITY OF IDAHO WILL ASK FOR \$100,000

Moscow, Idaho.—The heads of the
departments at the University of Ida-
ho today asked the members of the
legislature from the northern coun-
ties, who were here to investigate
conditions and decide upon the needs
and requirements of the institution,
to appropriate at least \$100,000 for
the university and the agricultural

Eight Days More

Saturday, Dec. 24, must be the last of our Closing Out Sale

We have brought to our store the last of the Pianos that have been out on rental and these, together with the few new Pianos will be sold at prices never before equaled in the history of the piano business in the north-west. If we have to lose money on the remaining stock we will do so, but everything must go. Not a piano will remain on our floor Christmas day.

We thought we were making tremendous reductions when we started this sale, but they are nothing compared with the great slaughter we are now making in prices. Any small dealers would be tickled to death to secure our remaining stock at the present prices. Think of buying a fine, new high grade piano at a less price than any of our small competitors would pay for a piano of the same grade and quality. At the start of this sale, wholesale prices prevailed, but now you have the opportunity of purchasing your choice of the HIGHEST GUARANTEED PIANOS AT ACTUAL FACTORY COST. A call of investigation solicited. You are acquainted with the quality of our goods and the well known values we handle. When you see our prices you cannot resist the temptation of buying.

Slightly used but in good condition.

A strictly high grade piano. Used about 6 months.

TWO CLASSY DAIRY COWS HAVE TUBERCULOSIS SYMPTOMS

Moscow, Idaho.—Two of the most valuable dairy cows in this section have been slaughtered as the result of a visit of Government Expert Sandburn, who is here in behalf of the movement for the extermination of tuberculosis in cattle.

The prize winning Holstein cow of the state university herd was found to be infected and has been killed. This cow was one of the champions of the northwest of the milk strain. The Holstein cow, considered the most valuable in the fine herd of Mayor Burns, was also found to be infected. The surprising result of the examination is that not another animal of the two herds mentioned has been found infected.

No one cares when the croaker croaks.
