Newsy Notes of Pendleton

Festoons of Lights.
Bond Brothers, the popular haberdashers, are having festoons of electric lights strung in front of their place of business today as an advertisement during the Christmas rush.

Spokane Train Late.
The Spokane train which is scheduled to leave this city at 7 a. m., was held until about 9:30 this morning waiting for westbound No. 5, due here at 1:15 a. m., but which was eight hours late owing to heavy storms.

Tallman Sells Stamps Also.
The Tallman Drug store will also sell Red Cross Christmas seals, the proceeds from which will go to assist in the fight against tuberculosis. In the story about the sale yesterday the name of this drug store was unintentionally omitted.

Funeral of Madison Jones.
The funeral services of Madison Jones, the Umatilla county pioneer, who died yesterday at 12:55 at his home on E. Court street will be held at the Baptist church at 2:30 Sunday afternoon. Burial will be made at the Pilot Rock cemetery some time the first of the week. The exact time will depend upon the arrival of members of the family now enroute from the east.

Strain Returns Home.
County Assessor C. P. Strain returned this morning from Salem where he had been to attend a meeting of the state board of equalization. He declares that as a result of the meeting all public service corporations will be given a good full assessment this year. Assessor Strain is also of the opinion that Umatilla county will be treated fairly in the matter of taxation this year.

"Chicken Show" Orchestra Dance.
On account of the extra fine music that the United Orchestra is rendering each evening at the Poultry Show, Manager Fletcher has been urged by many of the young people to give an informal dance and have his fine big orchestra furnish the music. It is possible that the dance will be given some evening next week and in this event it will be the pleasure of those attending to enjoy the finest dance music ever heard in this city.

Still More Street Lamps.
The erection of street lamps is becoming epidemic among the business men of the city. The Pastime and Orpheum theaters are the latest to place their orders for these clusters, while Alexander's department store and the Workingmen's Clothing Co. have already received their steel posts which will be set up immediately. It is understood, also that the Peoples Warehouse will join in the popular movement.

Arrested for First Time.
John Hastings quit work at 3 o'clock yesterday afternoon and proceeded to fill up on bad "booze" with the result that he soon ran afoul of one of the police force. He was brought up in the police court this morning and told the judge that it was the first time he had ever been arrested. The judge promptly gave him a sentence of three days in the bastille in which to decide "never again."

New Director Chosen.
At the annual meeting of the stockholders of the bank at Helix held recently W. H. Dale was chosen as a director of the bank to take the place of John Timmerman, deceased. The officers of the bank were re-elected as follows: T. G. Montgomery, president; F. H. Richmond, vice president; Carl Kupper, cashier and O. J. Piper, assistant cashier. The directors at this time are the three ranking bank officers and Messrs. Gunder Hergerson and W. H. Dale.

Don't Seal Packages.
When you place Red Cross stamps upon your Christmas packages do not use them to seal the packages. Place them on the packages where they will serve merely as stamps and not as a seal. If you use the stamps for sealing purposes you make the package come under the first class rules and you will have to pay more postage. Already many people have been using the stamps with which to seal packages and the clerks at the post-office have been kept busy explaining that people should not do this.

Keefe Will Entertain.
Principal Jack Keefe of Weston high school, who is a favorite in local circles, came in last night to referee the Pendleton-Athens high school basketball contest and left this morning for Pilot Rock, where he will appear tonight as the first number of a series of five entertainments to be given by the Young Men's Athletic club of that town. Keefe's work will consist in "pianoing," "singing imitations and monologues in all of which lines he is an artist. The other four entertainments which the young men will give in the future will all be composed of county talent.

Pendleton Boy Is Honored.
James Johns, Jr., son of Mr. and Mrs. James Johns of this city, has been signally honored by the athletic council of the University of Oregon, at which institution he is in his junior year. At a recent meeting of that body he was unanimously chosen as manager of football for the season of 1911, which is a much coveted position and one of considerable responsibility. Young Johns acted in the capacity of assistant manager during the past season and it was in recognition of such services that he was elevated to the managership. He has also made an enviable record on the track while in college, being one of Hayward's best points winners in the middle distances and being also a member of the relay team that holds the Pacific coast championship. ATHENA TOSSERS MET A CRUSHING DEFEAT

P. H. S. BASKETBALL TEAM OF CHAMPIONSHIP STRIFE

Opening Game of Season Resulted in Victory for Local Players By Score of 46 to Two—Pendleton Forwards Do Classy Work.

Pendleton High school has another basketball team of championship calibre. This fact was demonstrated last night in the gymnasium on the hill when the tossers from Athena high school were overwhelmingly defeated by the score of 46 to 2.

The game had not been in progress three minutes before it became evident that the local boys had perfected a wonderful scoring machine and that the visitors were hopelessly outclassed. In passing, in goal throwing, in guarding and in general team work, Captain Devine's proteges were developed to a fine finesse and from whistle to whistle they played with a snap and speed that was simply amazing.

The work of Boylen and Chapman as a pair of forwards has never been equalled in the history of the school they represent. Boylen's cleverness being particularly noticeable last night. Of the total 46 points he was directly responsible for 22. Houser, the big center, who was instrumental in defeating the local boys last year when he played on the Walla Walla high school team, proved a valuable man last night and annexed 12 points for his team during the course of the game. Chapman scored ten while A. Jordan contributed the other two. But, though the Jordan brothers did not throw many baskets, their work in following and covering up the fast forwards of Athena can be attributed to the smallness of the score on the visitors' side of the tally sheet. Not a single basket was thrown over them and but few chances at the goal were secured.

In justice to the Athena boys, however, it must be admitted that they were handicapped by the low ceiling on the local gym and might have secured more baskets had it been higher. They acknowledge though that they were greatly outclassed and one of them this morning expressed the belief that the Pendleton team could win the northwest interscholastic championship if they keep up the pace they have started.

The lineup of the two teams was as follows:
Pendleton. Athena.
Boylen.....f..... Lieualten

Chapman.....f..... Sharp Houser.....c..... Dudley A. Jordan.....g..... McEwen C. Jordan.....g.Hill, Worthington The game was refereed by Principal Jack Keefe of the Weston high school, who is as efficient in this position as any man who ever appeared on a local floor. Nat Kimball acted as score keeper.

FAMOUS DOGS TO BE SEEN AT SHOW

A pair of the famous Ayrdale terrier dogs are being shown at the poultry show in the armory on Court street this afternoon and they have attracted a great deal of attention. They will be present at the show again this evening at the request of a number of dog fanciers who were unable to get up to the hall this afternoon. The dogs are owned jointly by Al DeSpain and E. F. Averill and have been pronounced by those capable of judging to be splendid specimens of what is considered the greatest breed of dogs in the world.

The dogs are not much for looks but are said to possess all the good qualities of all the other breeds and few or none of their faults. As pets and guards for children, as watch dogs and hunting dogs for big game of all kinds, they are said to have no equal. Though they are not large they are extremely fierce fighters and single dogs have been known to kill cougars and Lynx in fair fights. But despite their fierceness when forced into combat they are possessed of the very best of dispositions, never pick a quarrel and will accept the worst kind of treatment from children without resenting it.

Bankruptcy Sale.
