All Who Suffer From Catarrh, Sore Throat or Colds.

Millions of people throughout America have breathed HYOMEI (pronounce it High-o-me) and now own a HYOMEI Inhaler made of hard rubber.

If you own a HYOMEI Inhaler, no matter where you live, you can get a bottle of HYOMEI at Tallman's and druggists everywhere for only 50c.

Ask for an extra bottle of HYOMEI Inhaler; it is only 50c and with it you can cure a cough or a cold in a day.

You can get relief from catarrh or stuffed up head in two minutes and stop hawking and snuffing in a week. Just pour a few drops of HYOMEI into the Inhaler and breathe it in—that's all.

It's so easy and so pleasant and so much more desirable than swallowing nauseating drugs. Breathe Hyomei over the inflamed membrane of the nose and throat and its soothing, healing action will be felt immediately.

for the opening of a new addition to the city. It will be known as Highland Road addition and is a tract of land directly south of the Newport addition, and across the street from the Alexander and Dodd residences. Mr. E. T. Erikson, the engineer is now surveying the tract, laying out the streets and doing the work necessary. Teams will be put on in a short time and the grading will commence. It will prove to be one of the finest residence streets in the city. Hermiston should be proud to have a man like Mr. Newport as a resident and land owner.

C. R. Gerry is back again at the depot, after an absence of three weeks on his vacation. He is night operator at the O. R. & N.

J. Doering of Holdman, was here Friday for a few days.

N. Mackley of La Grande, came Saturday morning to spend a few days on the project.

P. C. Holland returned from Portland Saturday morning after spending several days with his family at that place.

Hugh T. Fraser has sold his homestead to his brother-in-law J. W. Irvine. Mr. Irvine has moved his family out to the homestead and Mr. Fraser has moved to town.

SPOKANE TO AID INDUSTRIAL DEVELOPMENT OF NORTHWEST

Spokane, Wash.—Plans have been completed by the Spokane chamber of commerce for the industrial development of the inland empire, and to bring this about, a committee, headed by R. Lewis Butler, manager of the Spokane & Eastern Trust company, has been appointed to investi-

gate mercantile and industrial conditions.

R. J. Maclean, secretary of the chamber of commerce, is sending letters to manufacturers in all parts of the inland empire, asking them to prepare lists of articles manufactured in the various communities. These lists will be compiled and published so that consumers may ask for the goods made in the inland empire when making purchases. He says in his letter:

"It is believed that if the people of the several communities know what is manufactured there they will give preference to these articles, other conditions being equal."

"This will increase the business of the manufacturers and will result in the employment of a larger number of workmen, which, in turn, means larger payrolls and more money put into circulation throughout the inland empire."

The chamber of commerce will observe industrial day at a luncheon in its assembly hall at noon on December 29, when there will be speakers from various parts of the country, also several from Spokane and other cities. The meeting is open to members of the organization and their friends.

"Judging from the number of inquiries that have been received," said Secretary Maclean, "I should say that the buying-at-home movement will result in one of the liveliest campaigns that has been made in the inland empire and I believe good results will follow."

A SIMPLE SAFEGUARD FOR MOTHERS.

Mrs. D. Gilkeson, 325 Ingles avenue, Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house as I know it is a sure cure for coughs and colds." A. C. Koeppen & Bros.

HEROIC SAILOR SAVES 300.

Fire in Hold Threatens Lives of Boat's Passengers.

Norfolk, Va.—Fire partially destroyed the steamer Maryland of the New York, Philadelphia & Norfolk railroad tonight, and 300 passengers had a narrow escape from injury or death. The Maryland tonight left Norfolk for Cape Charles. Thirty minutes later a deckhand discovered fire among some bales of cotton in the freight hold.

Eight United States sailors, passengers on the steamer, prevented the complete destruction of the vessel. Sailor Stone hung over the side of the steamer while several of his companions held his feet. With his hands he burst a window leading to the freight hold and turned a stream of water on the fire. Stone held that position for 15 minutes, while the Maryland was racing with all speed for Sewells point to discharge her passengers. The flames reached the upper cabin and the walls of some staterooms were scorched. A dozen tugs responded to the Maryland's distress signals, and in a short time had streeps turned on the blaze.

The steamer Pennsylvania rushed out from Norfolk. She took off the passengers and proceeded to Cape Charles.

"The only woman in the world" for any man is the one woman whom he finds a restful relief from all the others.

JAMES J. HILL MAY TAKE POLK CO. ROAD

Salem, Or. — When the empire builder, James J. Hill, visited Salem and looked over its beauties, it was not known that he was here on a matter of the utmost importance to the capital city, but this seems to be the fact, since the development of a rumor this morning that his visit was in connection with closing a deal for the Salem, Falls City & Western railroad, with its terminus in West Salem. The purpose of Mr. Hill, it is said, is to acquire the property, electrify it and bring it into Salem as a connection of the Oregon Electric. To do this a magnificent bridge, probably a drawbridge, will have to be built across the Willamette.

The importance of this plan to Salem cannot be over-estimated. The electrification of the excellent road between here and Dallas will bring every part of Polk county within a few minutes' ride of Salem, 20 minutes being sufficient for the trip from this city to Dallas. It will mean that Salem will become the metropolis of the Willamette valley and the point of supply for one of the richest portions of western Oregon. The deal for the taking over of the steam railroad by the Hill interests, it is said, is not completed, but has gone forward sufficiently to warrant the prediction that the electrification of the line will probably begin early in the spring.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles—A Pendleton Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Pendleton people testify to permanent cures.

Mrs. Thomas Myers, 809 E. Court street, Pendleton, Oregon, says: "A member of our family complained a great deal of sharp pains in the back and was also caused much trouble by two frequent passages of the kidney secretions. When a trial of Doan's Kidney Pills was suggested, this remedy was procured and the contents of two boxes restored the kidneys to a normal condition, bringing relief from all the distressing symptoms of kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
