Echo, Ore., Dec. 20.—Umatilla lodge No. 40, A. F. & A. M., of this place, held their annual election Saturday evening, December 17, and the following officers were elected.

The Hotel Echo yesterday again changed hands, when John Durham, who leased the building last May of M. H. Gillett, transferred his interests to Chas. Friedley of The Dalles. Since having the management of the hotel Mr. Durham has thoroughly renovated the building, painting, papering and making other improvements until the Hotel Echo is among the most comfortable hostleries in this section. Mr. Friedley has already taken possession and will soon be joined by his family, who will make their home here. Mr. Durham has not decided yet on his future plans but expects to remain in Echo. He leaves for Portland this morning on a short business trip.

Attorney W. G. Drowley of Baker City, is here looking after the interests of the Western Land and Irrigation company.

Mr. and Mrs. John Edwards of Sand Hollow visited here yesterday with friends while on their way to Athens, where they will spend the holidays with relatives. Alberta Claire, the "Girl from Wyoming," arrived here last evening and will continue her journey today for Portland, via The Dalles. Miss Claire says this makes seven months she has been on her journey but as she has two years in which to make her trip across the continent and as she learns something each day, she is very confident the fine farm and \$1000 will be hers.

Mr. and Mrs. Johnny Thomas left for Portland yesterday evening where they will remain until after the holidays with their grandson and family.

Mr. C. A. Hansen of Stanfield, is temporarily assisting the force at the depot here in the absence of Night Operator Eager, who is visiting friends in Dayton, Wash.

Its best medicine I ever saw or heard of." For coughs, colds, la grippe, asthma, croup, hemorrhage, all bronchial troubles, it has no equal. 50c. \$1.00. Trial bottle free. Guaranteed by A. C. COULD NOT WITHDRAW  
REQUEST FOR MONEY

Washington, D. C., Dec. 20.—The spectacle of a congressman desiring to withdraw from the committee a bill for a government appropriation of five millions for his constituency and another congressman opposing the motion, was presented in the house when representative Kahn of California, moved the house committee be discharged from the duty of considering the resolution asking for federal aid for the Panama exposition to be held in San Francisco. Kahn declared San Francisco had raised \$17,500,000 already, and did not need the sum. Representative Wickliffe, Democrat of Louisiana, representing New Orleans who is also after the fair site, objected to the motion for withdrawal. Finally Kahn's request was denied.

Belongs on Sure Thing Now.

MAN WHO SHOT MAYOR  
GAYNOR IS ARRAIGNED

Jersey City, N. J., Dec. 20.—Jas. J. Gallagher, who shot and wounded Mayor Gaynor on the deck of a steamship at Hoboken, N. J., August 9, was arraigned here today for trial on an indictment charging felonious assault on William H. Edwards, New York's commissioner of street cleaning, who stood beside the mayor and was slightly wounded at the time of the shooting.

Counsel for Gallagher, Alexander Simpson applied at once to have his client declared insane.

The Edwards indictment was brought up first because the prosecution desires to be certain of the effects of the mayor's wound before proceeding to trial. For that reason, the statutory year and a day probably will be allowed to elapse.

CHANCE FOR GOVERNMENT  
TO SAVE MUCH MONEY

Washington, Dec. 20.—The government could save \$1,500,000 if it could have the battleship New York built in a private yard instead of at the New York navy yard, according to the testimony of Chief Constructor Watt of the navy, before the house committee on naval affairs today. He said there would be a material saving to the government if it could build all the vessels by contract.

He pointed out that this would not be difficult if the navy knew exactly the rate of wages paid in private yards and if it were not for the many holidays. The output per man per working hour is fully as great in a government as in a private yard.

NEW DREADNAUGHT TO  
COST SIX MILLION

Washington, D. C., Dec. 20.—The contract for building the new battleship Texas has been let to the Newport News Shipbuilding company by the navy department. The bid was \$5,830,000.

When completed the Texas will be one of the most formidable dreadnaughts afloat. Its distinguishing feature is the engine room where the old type of reciprocating engines will be installed. This style of engine was discarded when the turbine was introduced but it has been found they are more economical in the use of coal.

CHICAGO TO BANISH  
HER LOAN SHARKS

Chicago, Ill., Dec. 20.—Commercial organizations and labor unions are planning to join in a campaign to drive the loan sharks from this city. It is probable the Chicago associations of commerce will take the initiative and will call a conference shortly after January first. The organizations who will assist are the Commercial club, the Industrial club, the Chicago Legal Aid society and the City Club Federation of labor.

SENATOR BEVERIDGE WILL  
COMPEL COMMITTEE ACTION

Washington, Dec. 20.—Senator Beveridge, asked members of the senate committee yesterday whether they intended to report the bill designed to prevent tobacco manufacturers from using the premium coupon system for the purpose of crushing out competition. He said he intended to compel action on the bill, which passed the senate as a part of the Payne Aldrich tariff bill. Mr. Beveridge discussed the use of coupons and asserted that by such means the American Tobacco company had been enabled to crush competition in a manner amounting to a "scandal."

Bout Called Off.

New Orleans, Dec. 20.—It was announced yesterday that James Barry and Tony Ross, whose scheduled bout here was called off by the authorities would meet in Memphis next Monday night.

HUSBAND TAKES PHOTO  
OF WIFE WITH ANOTHER

Washington, D. C., Dec. 20.—Pleas of not guilty were entered today by Mrs. Knott and her husband and Alton Armstrong, under arrest for alleged blackmail sworn to by Henry Rosenthal, a wealthy clubman. Nine photographs of Mrs. Knott with Rosenthal in compromising attitudes were taken by Knott through a hole in the wall. It is alleged he offered them to Rosenthal for \$500.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "At times the pains were so intense I was forced to hypodermic injections for relief," he says. "These attacks started with a slight pain in the small of my back which gradually became fairly paralyzing in effect. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago." A. C. Koeppen & Bros.
