

MERRY XMAS

TO YOU

A great many will be made happy tonight with Gifts from this store. How well we have served the public must be left to their judgment and verdict. It is not for us to be boastful; to claim superiority either as to the merits of our goods or store methods.

Comparison after Christmas--after months of service--will be the only true tests of the value of your purchase.

Willingly does this store enter its claim for your continued good will and patronage on these terms.

There is that pride in business, the good will, esteem and approbation of friends that makes us strive continually for our store's betterment.

LIVE QUESTIONS FOR DEBATE LEAGUE

(University Bulletin.)

Every one of the questions for debate in the Oregon High School Debating league this year is of live interest for the citizens of Oregon. No state in the union has a greater interest in the conservation problem than our own. National conservation versus state conservation is the subject for the state question.

The central Oregon high schools will thresh out the commission plan of city government. This question was debated in eastern Oregon last year. It may be a significant fact that since then Baker City has adopted the commission plan of government. Many other Oregon cities are considering the plan.

Eastern Oregon will debate the question of the increase of the navy; the Columbia river district, Chinese exclusion; southern Oregon, the restriction of immigration by an educational test; and the Coos county district, the operation of the federal government of all telegraph lines.

These are all questions which the state and nation must face in the future, and on which the high schools are helping to form an intelligent public opinion by their debates. Excellent bibliographies are given in the Bulletin, which can be had for the asking by any citizen in the state. Address, State University, Eugene.

Many persons find themselves affected with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy it should not be allowed to run on until it becomes troublesome. Sold by all dealers.

CONDUCTING RUBBER AUCTIONS IN CEYLON

On November 4 the first rubber auction was held in Colombo. A quarter of a century ago—and well within the memory of many colonists still resident and retired—the first public sale of tea was held in this city and those who have witnessed the development of the tea sale will be inclined to minimize the importance of the opening of the rubber auctions. The quality offered at the first sale was 22 tons.

The chief factor which has led to the inauguration of the rubber sales is the convenient position of Colombo in relation to the big consuming countries. Buyers in these countries already find it convenient to come direct to Colombo for their supplies, and it is interesting to note that by far the largest bidder at the first sale buys chiefly for the United States. Public sales of rubber will be conducted weekly, and it is anticipated that the new departure will meet with the same success as has attended the tea auctions.

There are at present 12,000 bearing acres of rubber in Ceylon, while 185,000 acres have been planted. A local writer has estimated that 220,000 acres will be the maximum area planted with rubber in this island and that, with 140 trees to the acre and 1 1-2 pounds yield per tree per annum, this will give an export of 20,000 tons by 1920. The 1909 exports amounted to 681 tons.

Wonderful Praise Accorded Peruna the Household Remedy

Mrs. Maria Goertz, Orienta, Oklahoma, writes: "My husband, children and myself have used your medicine, and we always keep them in the house in case of necessity. I was restored to health by this medicine, and Dr. Hartman's invaluable advice and tonic. People ask about me from different places, and are surprised that I can do all of my household work alone, and that I was cured by the doctor of chronic catarrh. My husband was cured of asthma, my daughter of carache and catarrh of the stomach, and my son of catarrh of the throat. When I was sick I weighed 100 pounds; now I weigh 140. "I have regained my health again, and I cannot thank you enough for your advice. May God give you a long life and bless your work."
