FRESHMEN MUST WORK.

When En Tour With the University of Oregon Glee Club.

To be a member of the University Glee Club is an honor much sought. But for the Freshmen it is not a case of all play and no work. Although having been abolished, they are still made to feel their "place," by doing such manual labor as is required while the Glee Club is on the road. Arranging the stage, looking after properties and trunks, are all Freshman duties.

They may be distinguished from the rest by their green caps. Of the seven Freshman members, all have voices of remarkable quality, and all will take a prominent part in the stunts and skits of the club, when they appear at the Oregon theatre, December 24.

Bamboo fiber and different grasses are used in the extensive Javan hat-making industry at Tangerang, near Batavia. Consul B. S. Bairden states that the annual exports exceed \$2,700,000 about \$340,000 worth to the United States; but that local consumption of these hats is small, as mostly imported straw hats are used.

DUTCH TWISTS

It takes the Dutch to get things twisted. Just think of a clearance sale "as it were," at the time you need the stuff, but the time comes on our Tenth anniversary and we had to do it because we said we would, so we are going to cut every article in The Gift Room right square in the middle, and the only requirement that we ask of you is that you bring us the right kind of coin. So get in and hustle for them; turn things topsy-turvy to find them; round them up; we want the full issue.

Starting a Round-Up Sale

Everybody knows the success and satisfaction of the Round-up. Results have been felt everywhere, and we hope every citizen of Umatilla County has absorbed some of its good will spirit the Koeppens have, and they are showing it and their patriotism for Pendleton by opening within its limits one of the best, most complete, and up-to-date stores of its kind in Oregon, and it is going to succeed as the Round-up satisfied, and we are going to fix it so that every person in the county will have cause to aid in the success and feel well paid for the opportunity.

Every coin bearing the date of 1900 are the ones we want and those will buy just twice the amount of goods at the Gift Room that coin of other dates will buy. It runs till Christmas. It means Christmas goods at half price, and it means that we want the Gift Room to be known by you, appreciated by you, and you benefited by it.
