**Young People Dance Tonight.**  
Tonight will be the second of the series of dances arranged by the Young People's Dancing club and there promises to be a large attendance. There are many visitors in the city for the holidays who will help to swell the merry throng. The music will be furnished by the United Orchestra.

**An Ideal Christmas.**  
Yesterday was one of the best advertisements Pendleton could possibly receive. It was a day which according to all traditions should have been attended by snow and ice, but the sun shone brightly and it was so warm that many people opened their doors while many others strolled or drove out into the country. This ideal weather was not lost on the many visitors in the city and they will spread the news abroad.

**Christmas Cantata Enjoyed.**  
The Christmas cantata, "Star of Promise," by the choir of the Methodist church under the direction of Mrs. J. S. Landers, was greatly enjoyed by a large audience last evening. In addition to the program as published Saturday the following numbers by Organist Mrs. A. J. Owens were rendered:  
Prelude—Andante in E Flat .....  
..... Paul Deurad  
Offertorie—Star of Hope.....Batiste

Nye, scribe; Elmer Sailer, captain of host; W. C. E. Pruitt, principal soldier; Frank Saling, Royal Arch captain; Ben L. Burroughs, master of the third veil; W. A. Slusher, master of the second veil; E. J. Murphy, master of the first veil; T. C. Taylor, treasurer; Lot Livermore, guard. Installation will take place on Tuesday afternoon at 2 o'clock.

**Will of Madison Jones.**  
By the will of Madison Jones which was filed for probate by Will M. was filed in the clerk's office yesterday his wife, Mary Amelia Jones, receives \$4000, his son Franklin B. Jones, \$2,500, his son Walter \$1000, his daughter, Mrs. E. F. Guyon, \$1000, his son Madison L., \$1000, his daughter, Mrs. Emma Davis, \$1000, his son George W. \$1000, his son, John M. \$1000, his son Robert S., \$750, his son James S. \$100, and his son Edward W. \$10. The will states that the reason for the legacies of James and Edward being smaller than those of the other children was because of advancements made them during the life of the deceased.

**Flume Washed Out.**  
Owing to a washout on the flume of the Pacific Light & Power company the electric current was turned off at 9 o'clock this morning. At the time it was announced the current would not be turned on again until 2 o'clock. Power could have been supplied by the auxiliary steam plant at Walla Walla but this was not done owing to the fact that the company desired to do some work on the high line. Inasmuch as practically all industry and business has been suspended in Pendleton during the day the fact that the current was off made but little inconvenience. The East Oregonian machinery is operated by electricity but the paper maintains an auxiliary steam plant and this was brought into use today.

**Longest Oregon Decision.**  
There is an interesting sequel to the Milton and Freewater water suits which have just been decided after being in the courts for five years. That is the decree which is now being prepared by Attorney James A. Fee of this city and Attorney C. M. Rader of Walla Walla and the document bids fair to be the longest of its kind in the history of Oregon courts. When completed it will cover about 1000 typewritten pages and will consist of approximately \$40,000 words. It will fill an entire record in the clerk's office and Clerk Saling has ordered a special record for it alone. According to Deputy Clerk Pruitt it will require two months of work to compare and put the decree on record. The matter in the decree is mostly descriptive, which accounts for its great length. There were about 600 defendants represented in the two water suits and the property of each must be described as to location, number of acres, amount of acreage under irrigation and the number of inches to which it is entitled. The decree will not be finished until Tuesday.

**CROP RESULTS IN MEXICAN STATE OF SONORA**  
According to the returns made from all districts in the State of Sonora, Consul Louis Hostetter, of Hermosillo, finds that the following quantities of various crops were harvested the past year: Corn, 818,463 bushels; wheat, 714,123 bushels; barley, 8415 bushels; cotton, 255,075 pounds. The planting of cotton has been abandoned by a great many farmers on account of the difficulty of securing hands to pick the fiber.

### INDIANS CELEBRATE CHRISTMAS SEASON

**EXERCISES AND TREE AT AGENCY SCHOOL.**  
Girls and Boys Give Varied and Interesting Program—Santa Claus Distributes Gifts—Tree and Program at Mission—Special Services All Day and Far Into the Night.

Probably in no part of the state was the Christmas season more joyfully observed than on the Umatilla Indian reservation near this city.

The observance of the season started at the Tutuilla mission Thursday evening when the first service of the Christmas campmeeting was held. These services continued over until an early hour this morning.

Friday evening the girls and boys who are attending the Indian school at the agency gave a Christmas program of unusual merit and enjoyed a Christmas tree with a jovial Santa Claus to distribute the presents. The program consisted of musical numbers and recitations.

Friday night a second Christmas tree was enjoyed at the Tutuilla mission. Many of the students from the Indian school were present and repeated their part of the program for the benefit of the 200 guests present who did not hear the first program. The mission Santa was an unusually jolly old fellow and delighted the children greatly.

Services were held at the mission all day yesterday, closing last night with a temperance rally which lasted until 2 o'clock this morning. The sermon yesterday was preached by Rev. James Dickson, the Indian pastor, and according to Missionary Cornelison it was a strong appeal to the red man in his native tongue.

The annual New Year's campmeeting services will start Wednesday and will last well into next week.

### HERMISTON HAS TURKLESS X-MAS

**TRAMPS STEAL EVERY TURKEY IN THE TOWN**  
Chinese Proprietor of Restaurant Loses Four Fine Birds and Exhausts Profane Vocabulary of Two Languages—Hoboes Robbing Country Cellars.

The town of Hermiston spent a turkerless Christmas, according to E. P. Dodd, who came up from that town Saturday afternoon with his wife and baby to spend Christmas at the R. Alexander home.

The opinion prevails that a gang of tramps is responsible for the turkerless condition. A number of hoboes had been hanging around the town for several days. Friday afternoon they were given orders by Marshall Phay to leave in search of other quarters. They did and it is supposed that they took with them the city's supply of Christmas meat, for when the people arose the next morning they found that every live turkey in the town had disappeared.

The chief loser was the Chinese proprietor of the Hotel Oregon cafe, who lost four fine fat gobblers. It is said that he is still swearing in Chinese, his English vocabulary having long since been exhausted.

According to Mr. Dodd the hoboes are as numerous in the west end of Umatilla county as they are in other parts of the state. He says they are hungry and that they are leaving the beaten path along the railroad and are striking out into the country, robbing cellars as they go.

**MORE ARGENTINE CEREALS CONSUMED IN JAMAICA**  
A further importation of Argentine cereals into Jamaica is reported by Vice-Consul Wm. H. Orrett, who reports the landing at Kingston on November 10 of the following bags: 2,000 corn, 2,100 flour, 100 oats, 100 bran, 100 middlings. This additional large shipment for so small an island is significant, and the consular officer adds that it would appear as if Argentina is now going to actively compete with the United States for the cereal trade of the West Indies.
