Newsy Notes of Pendleton

Buyers Stanfield Land.

A deed filed in the recorder's office shows that the Inland Irrigation company has sold a small tract of land at Stanfield to Francis M. Smith, the consideration being \$1437.

Excavation Under Way.

The excavation work for the new Roesch building on Court street is now well under way and it will be only a matter of a few days before it is completely finished.

Gets Carload of Horses.

J. D. Huston, a representative of Holcombe & Co., of Seattle, has finished purchasing a carload of horses for his firm and will ship them to Seattle in a day or so.

Story Hour Tomorrow.

An especially interesting program has been prepared for the children of the city for the story hour tomorrow morning at the library. Miss Anna Waugh will have charge of the program.

New Years Dance.

The young men who comprise the Young Peoples' club have decided to give the third of their series of dances in the Eagles-Woodman hall Monday evening. Their decision comes in response to a popular demand for a New Years ball.

To Bowl in Walla Walla.

Pendleton will be here next week for the third match game with the Walla Walla team. The game will probably be Wednesday or Thursday. The first team have been practicing regularly and expect to redeem themselves this time.—Walla Walla Union.

Sunday School Elects Officers.

The annual election of the Methodist Sunday school was held last evening, resulting in the selection of the following officers: B. E. Coon, superintendent; Mrs. S. Jenkins, assistant superintendent; Mrs. Letta Hunter, secretary; D. B. Waffle, treasurer; Edna Wisdom, librarian; A. J. Owen, Choister and Aubrey Tunter, organist.

Carney Rhodes Located.

The East Oregonian is in receipt of a letter from C. W. Metteer of Helix, stating that Carney Rhodes, whose brother was murdered in Kansas a few days ago, is at present working for Charles Hines, three miles southeast of Ukiah on Camas prairie. A telegram was received at the local office for Rhodes, but his whereabouts were unknown.

Home Rule Dance Tonight.

Members of the local Aerie of Eagles will give a grand ball in the Eagles-Woodman hall tonight. It has been designated as the Home Rule Dance and for that reason the participants will be allowed to choose their own method of dressing, dancing and participating in general. A selection of refreshments will also be offered the dancers.

Adams Goes to Poor Farm.

John Adams, the young man who attempted to take his own life the other morning by shooting himself through the body, has been taken to the county poor farm as he is without means with which to live. Dr. McPaul, who has been attending the wounded man, says he is getting along as well as can be expected and will soon be completely recovered from his self-inflicted injury.

A New Paint Store.

Pendleton is to have a new paint store located in the room at 315 Main street formerly occupied by John Vaughan, the electrician. The men who will launch the enterprise are both well known in the city, being William Hale, the pioneer carpenter and contractor, and Lee McAtee, who has been connected with the Murphy paint store for the past five years. A complete and up-to-date stock will be put in immediately.

Road Meeting Tomorrow.

Another meeting of the Umatilla county good roads' association will be held at the Commercial association rooms tomorrow afternoon, beginning at 1:30. President H. J. Taylor states that a number of important subjects will be up for consideration. A committee that has been investigating the Wild Horse road at Saxe station will make a report. The subject of using the county jail prisoners for the construction of a road down the north bank of the Umatilla to the Lee street bridge will also be discussed.

Can Now Beautify Park.

Local Agent T. F. O'Brien this morning announced to Mrs. J. A. Fee, president of the Ladies' Civic club, that the depot grounds were now ready to turn over to that organization for beautification. Some time ago the Ladies' Civic club promised the O. R. & N. company that if the ground between Main street and the depot was filled in and prepared, the work of making it into a park would be attended to by that organization. Grass seed will be sowed immediately and soon there will be a grassy plot to greet the eyes of travelers who pass through Pendleton.

Yates Gets Scholarship.

Stanley Yates, a junior at Whitman college, was awarded next Rhodes scholarship from Washington by the election board of the college, presidents at the meeting held in Seattle yesterday, according to a dispatch sent to this city yesterday by Dr. B. S. L. Penrose, president of Whitman, who attended the conference. Two other candidates were considered by the board. Yates' term at Oxford (England) will begin next October. Two other candidates were considered.—Walla Walla Union.

Yates is a former Pendleton boy, having been raised on a farm near this city.

TO RECLAIM 5000 ACRES.

(Continued from page one.)

present distributing system. Except that lying above the feed canal this tract can be supplied with water until about July 1 from the feed canal and it is proposed to develop power at the A-C drop to be used in pumping water from 10 to 40 feet for the remaining months. The pumping system may also include the saving of waste water now in the seepage lake region on the present project. This scheme appears feasible and has been discussed here nearly a year. In addition to this land a strip lies on the north side of the project that can be brought under water by a pipe line and 1000 acres in the vicinity of Cold Springs station on the Columbia can be easily covered partly by drainage water and by water from the big reservoir. The cost of reclaiming this new land will not amount to \$50 per acre because the main supply system is complete, but part of the appropriation it is thought, will be devoted to enlarging and cementing some of the canals of the present distributing system.

Perfect Present Project.

It is held by those who have some inside information that the government will devote more attention to the development of the present project into a more perfect system than if it had undertaken the larger project. The board of directors of the Water Users' association are certain that the drainage work will be made effective and that any difficulty that may arise in the distributing of water here will be overcome by means of the new appropriation. All the proposed new lands lie tributary to Hermiston, while the west side project would develop new towns, and perhaps rivals, to Hermiston, and not an acre of land not now under water that would be reclaimed would become a resource to Hermiston. The Hinkle Ditch company lands are being developed and it is doubtful as to whether these lands would have been included in the west side extension.

The spending of \$4,000,000 near Hermiston would have been a temporary benefit only.

BRONCO BUSTING EXHIBITION SUNDAY

Pendleton will be treated to a miniature Roundup entertainment Sunday afternoon at Matlock park and the principal performers will be cowboys who participated in the big wild west show here last fall. Ernest Cannon, who won the second prize of \$50 in the broncho busting contest at the Roundup, and George Fletcher, the colored cowboy, who was perhaps the most spectacular of all riders entered in the contests, have brought in a number of outlaw horses which they will mount and they further guarantee to ride any other professional bad broncho that is led out to the lot.

The third man who will enter into the Sunday performance, Art Geoftrion by name, is a prototype of "Buffalo" Vernon and he claims to be able to "bull-dog" any steer which is driven into the arena. The other feats which this trio of cowboys will perform will consist of fancy roping and riding, steer riding and tying.

Dressed chickens tomorrow at Alexander's grocery. Order early.

KNIGHTS OF PYTHIAS PLAN A MEETING

COUNTY LODGES TO HOLD BIG DISTRICT CONVENTION

Interesting Program Compiled—Prominent Members of Order Will be Present—New Lodge to Be Installed at Hermiston.

The program for the district convention of the Knights of Pythias to be held in this city January 14 has been prepared. It was arranged by a committee composed of A. R. Shumway, deputy grand chancellor, J. H. Gwinn and J. W. Maloney. The following is the program in detail:
Opening of Damon Lodge No. 4.
..... D. B. Waffle, C. C.
Exemplification of Amplified First Rank Damon No. 4
Music Damon Orchestra
Address of Welcome, Col. J. H. Raley
Response Hermiston Lodge
Music Damon Orchestra
Address D. E. Yoran, G. C.
Address F. T. Wrightman
Music.
Address Judge W. L. Bgadschaw
Address L. R. Stinson, G. K. R. S.
Music.
Address Hon. W. M. Cake, P. S. R.
Address Judge R. G. Morrow
Address M. F. Davis, P. G. C.
Continuous lunch will be served during the evening.

Lodge at Hermiston.
On the evening of January 12 the local Knights of Pythias and many from other points in the county will go to Hermiston to institute a K. of P. lodge in that town. The delegation from Pendleton will go to the west end on the motor car and that evening the car will be held here until after the arrival of the Spokane train so as to accommodate those who will come down from Weston and other towns along the line. A special rate for the trip has been granted by the railroad.

Roundup Meeting Tonight.
Tonight is the night which will see the selection of a site for the Roundup park decided and all stockholders in the association are asked to be present to cast their vote for the site preferred. The choice lies between the Matlock grounds in the west end of the city, where the Round-up was held last year, and the city property in the east end of the city. Both tracts have able advocates and there are strong arguments which will be presented for each. Much discussion will mark the meeting and there promises to be a warm session. The meeting will be held in the rooms of the Commercial association.
