OLDEST MASON IN NORTHWEST IS DEAD

Oliver Hazard Perry Gibson, 98 years of age, who died at Davenport, Wash., a few days ago, was the oldest member of the Masonic order in the northwestern country, if not on the continent. He was initiated at Fort Leavenworth, Kan., early in 1846, just before entering the service of the United States in the war with Mexico. He was born in Shippensburg, Pa., May 10, 1815, and when a boy moved with his parents to Kentucky, afterward going to Missouri, whence he made a trip as teamster to Santa Fe, N. M. He drove an ox-team to California in 1850, returning to St. Joseph, Mo., two years later. He engaged in business at Stewartville, Mo., until 1851 and came to Washington in 1882, settling on a homestead near Davenport. His wife, who died in 1891, was Mary Jane DeAtley, a native of Missouri. Five grown up children survive. In recognition of his long services, Mr. Gibson was elected an honorary member of Acacia Lodge No. 53, F. and A. M., Davenport, in 1892.

New York's Sweet Tooth.
 New York, Jan. 3.—Returns today are incomplete, but the reports yet to be received can be so well judged from other years and the average of other firms of this year, that it is safe to estimate that New York ate the biggest percentage of the candy consumed in the United States last year. Just \$139,999,999 worth was gobbled up, ranging from the cheap stuff sold on the east side to the \$2 and \$3 a pound confections retailed on Fifth avenue.

Let me make the superstitions of a nation and I care not who makes its laws or its songs, either.

PRIZE WINNING RECIPE

The Raisin Growers' Association of Southern California recently offered a prize for the best recipe for raisin bread. The following won the prize:
 Soak 1 yeast cake in 1 1/2 cups of potato water; mix in enough flour to make a stiff batter; beat five minutes. Let stand over night. In the morning add two cups of sweet milk, into which put one rounded teaspoon Cottolene, 1 tablespoon salt, 2 tablespoons sugar. When milk is lukewarm mix with the yeast; add enough flour to make a stiff batter; beat about ten minutes; let rise. When sufficiently raised add two cups of seeded or seedless raisins; mix; add more flour and knead until dough is smooth; let rise. Make into loaves and bake 1 hour. When baked, wet top of loaf with sugar and hot water to prevent crust hardening. Note the use of Cottolene.

Thought is the embryo form of every material condition.

To Improve Negro Race.
 Louisville, Ky., Jan. 3.—The annual state convention of the civic and political league of Kentucky opened here yesterday. The organization is composed of negroes and its object is to instill respect for law, foster education, promote higher ethics, discuss ways and means for the suppression of crime and elevate the standard of citizenship.

Famous Stock Fades from List.
 New York, Jan. 3.—At the opening of the New York club yesterday, investors scanning quotations for Rawhide Coalition were disappointed not to see that stock listed. The fact is that the directors of the Rawhide Coalition Mines company have decided not to have the company's stock quoted this year, desiring to save the expense of maintaining transfer offices. Rawhide has one of the most sensational records of any mining stock of present times. It was floated by Nat C. Goodwin, the actor and a number of his friends got in when Rawhide sold around \$1.40 a share. It dropped over 100 per cent over night a year ago, when New York brokers raided it. Recently when the government got after B. F. Sheffels & Company, the New York brokers who specialized in Rawhide, the issue had another slump, going down as low as three cents.
