### COMMERCIAL CLUB MAY JOIN PROTEST

WILL TAKE EXCEPTION  
TO GOVERNMENT'S ACTION

Failure of President Taft to Include West Umatilla Project in Apportionment of \$20,000,000 Will Be Considered Tonight.

This is the evening for the regular monthly meeting of the Commercial association and at the session tonight the subject of chief importance will be the matter of protesting against the government's action in failing to order the extension of the Umatilla irrigation project. In all probability a strong resolution will be passed voicing the sentiment of the association upon this subject and asking the authorities to reconsider the matter and yet order the extension of the project.

In response to a call from the chairman, Dr. C. J. Smith, the committee that had charge of the move to get the government to extend the project, was called together today. A session of the committee will be held at 7 o'clock this evening and at that time plans will be adopted for laying

the matter before the Commercial association.

Aside from this subject it is probable that other business of moment will also come before the meeting this evening. Within the past few weeks there has been much agitation for the employment of a paid secretary and publicity man for the association. Though no plans upon this subject have yet been worked out it is possible the matter may be brought up at the meeting tonight.

#### FORMER WATER COMMISSIONER IS SERIOUSLY ILL

F. M. Saxton, one of the well known attorneys of this city, was taken to the hospital this morning, suffering from an attack of appendicitis. An operation was performed by Drs. Atwood, Parker and Patterson, and he is now recovering nicely. He has suffered from occasional attacks for several years, and was taken ill at Salem last Friday, but managed to get home to have the operation performed.—Baker Herald.

#### OHIO BALLOT BOX DISGRACE.

(Continued from page one.)

sent to the penitentiary for deeds of this kind, but the foundation of the whole trouble has been that the proper safeguards have not been thrown around the ballot box.

Purify the ballot and we will have better officials—public servants who will hold sacred their oath of office.

### Newsy Notes of Pendleton

**Irishmen Adopt This Country.**  
Five Irishmen appeared before County Clerk Frank Saling this morning and declared their intention of becoming citizens of the United States.

**Marriage License Issued.**  
Hayvon Stubblefield and Ethel L. Fletcher, both of this county, are the first couple to be granted a license to marry in Umatilla county in the year 1911. County Clerk Saling granted the necessary papers this morning.

**Telephone Line Completed.**  
Rev. J. M. Cornelison announced this morning that the Tutuilla division of the old No. 8 farmers' telephone line is now complete and that connection with the local-exchange will be made within the next day or two.

**Trained Nurse Weds.**  
Mrs. Joseph F. Paradise, the former Pendleton trained nurse, who was married recently in Baker City, is here on a visit at the home of her parents. She was formerly Miss Lillian Reiden. The ceremony was performed by Bishop O'Reilly.

**On Wedding Trip.**  
A. Meresse, editor of the Malheur Enterprise, published at Vale, is here today with his bride, formerly Miss Eva Huston of Albany. They were married Saturday at the home of the bride's parents. They are the guests of Mr. and Mrs. Frank Meresse.

**Funeral of Mrs. Meiners.**  
The funeral of Mrs. E. J. Meiners who died at her home in this city on New Year's eve was held from the Presbyterian church this afternoon at 2 o'clock. A long line of carriages followed the body to its last resting place in Olney cemetery where a large concourse of friends and relatives paid their last tribute to the deceased.

**Bad Weather for Horses.**  
Pendleton streets were covered with a thin coating of ice this morning which made it extremely difficult for iron shod horses to travel. Shortly after 8 o'clock one of the animals driven to the Penland Bros.' delivery fell at the corner of Main and Court streets and many expedients were tried before it could be made to rise.

**Musical Friday Night.**  
Lovers of music will be given a chance to hear a splendid program Friday night when members of the choir of the Church of the Redeemer assemble at the home of Mrs. J. Ross Dickson. The affair will be in the nature of a benefit but no tickets will be sold and only a free will offering taken.

**In the Police Court.**  
Doug McDonald and Jim Myers appeared before Police Judge Fitz Gerald this morning to answer to drunk and disorderly charges. They were given the usual sentences. There were two other men who were charged with overdrinking the new year celebration and they were also consigned to the care of the city jailer. John Doe forfeited his bail of \$10 on a similar charge and a Chinaman forfeited a like sum for riding his bicycle on the sidewalk contrary to the ordinance.

**Much Liquor Sold.**  
Yesterday the era of the regulated saloon was formally inaugurated and the amount of liquor consumed over the bar testified as to how parched had become the throats of local citizens during the prohibition regime. Almost every saloon was crowded to the doors throughout the day by thirsty patrons and the bartenders were the busiest men in Pendleton. The fact that the reopening of the saloons occurred on a holiday was responsible, in large part, for the great sale of liquor, the results of which was an unusual number of men on the streets in an intoxicated condition.

### CHAPTER HOUSE IS WANTED BY LEAGUE

An enthusiastic meeting of Pendleton Chapter American Woman's League was held in the council room at 3 o'clock Monday afternoon. Many points of interest were discussed and it was unanimously agreed that all present should use their utmost endeavor to secure before February 1st, the required number of members to entitle the chapter to the erection of its chapter house. The fact that membership can now be obtained on comparatively easy terms, which are to be made much harder on and after February 1st, makes the members feel that the same effort expended now will be worth much more than it will be after that date.

At the December meeting a committee was appointed to attend to the matter of securing a lot on which to build the chapter house, and it is hoped that the committee may be able to report favorably at the February meeting, or at an earlier meeting called for that purpose.

The league is on a firm basis now. Its plans are fast maturing and Pendleton chapter is standing in its own right when it refuses to accept the favors and benefits extended now, before they are permanently withdrawn because of the full maturity of the league, or the requirements are increased so much that they cannot be met.

#### POSTAL BANKS ARE OPEN TODAY

(Continued from page one.)

bonds are redeemable at the pleasure of the United States one year from the date of issue in gold coin. No limit is placed on the amount of these bonds a depositor may acquire, as the bonds are not counted as a part of

the maximum of \$500 allowed one depositor.

Most of the funds received from depositors will be placed in local banks throughout the country so that the money may be available for current commercial needs. These deposits will be secured by bonds deposited by the banks with the treasurer of the United States as a reserve and the board of trustees is authorized to invest 30 per cent in United States bonds.

#### Nation's Faith Pledged.

The faith of the United States is pledged to the payment of all deposits with accrued interest. The savings certificate plan of indicating deposits was adopted upon the recommendation of the committee of experts appointed last June by Postmaster-General Hitchcock. It was found that the expense of operating the passbook system in foreign countries was very great, the central office in England requiring the services of several thousand bookkeepers to transact the postal savings business.

#### PRELPS NAMED FOR CIRCUIT JUDGESHIP

(Continued from page one.)

because of his greater experience before the bar. The men who give credence to this report claim they are in a position to know and state further that the appointment was made last Saturday and mailed to the Morrow county man.

Woodson has been the general favorite in the past few days, but the friends of Watts and Ferguson have been very optimistic. Wilson was not looked upon as a winner as it was generally understood that he had withdrawn his candidacy in favor of Watts. Whoever will be the fortunate man, it is certain that the truth of the situation will be known within a day or two.

#### TURN TIDE OF IMMIGRATION.

(Continued from page one.)

really beneficial might result from the formation of such an association.

Geo. L. McDonough, colonization agent U. P. Ry.: "The suggestion is a good one, as it will enlist and secure the co-operation in each and every one of the states mentioned."

F. A. Nash, general western agent C. M. & St. Paul Railway: "I should say without hesitation that a great deal of good can be accomplished by just such an organization as you suggest."

### NEW FACES APPEAR AT COURT HOUSE

Several new faces are to be seen in the court house today and several familiar ones are missed, as the new officials have assumed the duties of the offices to which they were elected at the last election, and the old officers have retired. In the office of the county judge, J. W. Maloney is busily engaged in getting onto the ropes while in the recorder's office Ben S. Burroughs is employed in a similar task. He will be assisted for the first few weeks by Deputy Clerk W. C. E. Pruitt, as at present he has not made a selection of a permanent deputy recorder. Pruitt's place in the office of the clerk will be filled by his niece, Miss Fay Kadel, during his temporary absence.

In the surveyor's office, Geary Kimbrell is relieving his father of the labors of that office, he having been chosen to succeed his father. In the other offices there are no changes to be noted. Commissioner H. N. Cockburn who succeeds Commissioner Lee will not take his oath of office until tomorrow when the court meets. There have been many visitors at the court house today to congratulate the new officers.

J. W. Campbell of Hermiston, came up this morning to attend the protest meeting of the Commercial association this evening.

**FOR SALE**  
100,000 acres in large and small tracts. I have sold land from the Columbia to the Middle Fork of the John Day river. Having resided in the county 26 years, and in the Real Estate work for 12 years, having sold nearly two million dollars worth of property in the town and county, and knowing values as I do, enables me to point out to you the very best buys on the market. For example: A 5-room house and lot close in, \$400; a 9-room house, large chicken house and barn, 1-1/4 acres ground, city water, only \$1500. Easy terms.  
I also have some of the best residence property listed at equally low prices.  
8000 acres, all fenced, 80 per cent tillable, well watered, good buildings, 6 miles from railroad, \$10 per acre, easy terms, low rate interest.  
I am now permanently located in the new Temple building, offices 2 and 3, where I will be pleased to meet all my old clients as well as new ones. You will be cordially treated and your interests carefully guarded.  
E. T. WADE, Pendleton, Oregon.

## Keith of the Border

By Randall Parrish

"Eight years of fighting and rough living, and what had they brought him?" At the beginning of this story nothing—apparently. But things begin to happen by the seventh page, and before you finish the book you are only too glad that Jack Keith is "a hard rider, a quick shot, a scouter of danger, and a bad man to fool with." You know that Randall Parrish never fails to give you all the mystery and excitement you like, and the love story that every novel reader really wants
