

### NEW ADAMS MAYOR NAMES COMMITTEES

(Special Correspondence.)  
 Adams, Ore., Jan. 4.—On Jan. 3 the old board of council passed their authority to the new board, and C. C. Darr gave place to Dr. W. H. McKinney as mayor, who immediately appointed the following list of committees for the coming year:  
 Ordinance and Printing—Jno. Kintz, Harvey Culter, Albert Coffey.  
 Finance—Harvey Culter, Albert Coffey, Frank Martin.  
 Health and Police—Albert Coffey, Frank Martin, U. H. Ferguson.  
 Water System—Frank Martin, W. H. Ferguson, J. Chestnut.  
 Street and Public Improvement—U. H. Ferguson, J. Chestnut, Jno. Kintz.  
 Hall and Light—J. Chestnut, Jno. Kintz, Harvey Culter.  
 Rev. Geo. B. Cole gave the people of Adams two very helpful discourses Sunday, Jan. 1. He remained two days to visit and strengthen the organization of the Methodist church. He ascertained that nearly half of the children in day school did not attend Sunday school. He has made arrangements for a new Sunday school for those not in the Baptist Sunday school and about twenty-five promised to become charter members.  
 The school resumed work with renewed vim and interest Monday, Jan. 2. Both teachers and pupils were glad vacation was over.  
 The preparation for the Christmas celebration broke into the routine work but the patrons and pupils felt that production of such an elaborate program in such an excellent style was as beneficial to the pupils as anything they could have accomplished in the same time. Adams is prouder than ever of her school.

#### COREY SUDDENLY RETIRES AS STEEL TRUST HEAD

New York, N. Y., Jan. 4.—Financial circles are today puzzling over the sudden retirement of William Corey as head of the United States steel corporation which has just been announced. In some quarters it is said Mrs. Corey, the former actress is really the force behind the retirement.  
 Corey since he became the head of the corporation has been living in Paris. It is said Mrs. Corey wanted to travel and was tired of Paris. So Corey, it is asserted, could not find time to handle his business and please his wife so gave up the business.  
 While this is given as other rumors, business circles have some credence, account of the story that some one on the inside at the recent "melon cutting" took advantage of the inside and that remarkable profits resulted by the manipulation of the stocks. It is generally believed that Judge Gary, chairman of the board of directors will head the corporation for some time to come.

#### LONDON POLICE CRITICIZED FOR BLOODY BATTLE

London, Eng., Jan. 4.—The battle between the 1000 police, firemen and seven anarchists on the one side and the seven anarchists on the other, brought down wholesale criticism and charges of inefficiency on the heads of the police department today. Newspapers and the public have joined in the cry. Newspapers say the long battle is a glaring example of the uselessness of the London "bobby." Stricter immigration laws are expected to result from the affair.  
 Home Secretary Churchill has promised an investigation of the immigration question to begin immediately. The seven burned yesterday were foreign anarchists.

Eager Heart, Eager Sense and Eager Heart each makes ready for him in her own fashion.

#### AUTOMOBILE NOTES.

Fifty attendants at the Madison Square Auto Show which opens in New York on Saturday next, will be attired in the complete costume of the Swiss Guard of the Vatican.  
 Two odd looking cars may be seen at Grand Central Palace, New York, this week, both of them three wheelers. One of these is made in Germany and is called the Cyklette. The car is driven from the front wheel above which the motor is placed. The other is an American machine called the Motorette, which has a maximum speed of 25 miles an hour and is said to be an excellent hill climber.  
 The two Abernathy boys, Louis and Temple, who came to town to see Colonel Roosevelt last June when he arrived in New York, riding horseback, have returned to Gotham and will be a feature of the Brush machine exhibit at the Licensed Automobile Manufacturers' show which opens at Madison Square Garden January 6. The famous kids will probably remain in the east for some time, as it is said they have developed a healthy liking for metropolitan life.

One sees a very different type of salesman at the automobile shows this year. Once upon a time the automobile salesman did not know even the full details of the car he was trying to sell, let alone points about other cars. The increased education of the motor buying public has changed this materially. A man who knows enough to call attention to some special feature in another car that he noticed and wants to know how it compares with the like thing in the machine before him, puts it up to the seller to know something of other automobiles than his own. So it has come about that the salesman's education has grown in proportion to that of the car buying public. He can't get away with generalities.  
 Barney Oldfield has been judged ineligible to compete in sanctioned events for one year, following his suspension on October 19, last by the contest board of the A. A. A. In other words a term has been put to the hitherto indefinite suspensions and for a man who has done as much since he ran afoul of the A. A. A. to show his defiance for the body Oldfield has been let off light. He draws a fifteen months' disqualification for his pains.
