

PORTLAND WHEAT MARKET IS FIRM

Tuesday's Journal.)
 Portland—Cash club, 82c; bluestem 84c.
 Liverpool—Wheat 1-8d higher.
 Paris—Wheat 1-2c higher.
 Berlin, Wheat unchanged.
 Buenos Ayres—Wheat steady.
 Melbourne—Wheat steady.
 Chicago—May, \$1.01 1-2 bid; July 96 1-2c bid; December, 95 1-4c.
 Minneapolis—May, \$1.03 1-4.
 St. Louis—May, \$1.01 7-8.
 Kansas City—May, 98 3-4c.

Rains in California may interfere with the strength in the barley market, but at present the tone of the trade here is firm. Some scattered eastern business is reported for brewing with quotations from \$22.50 to \$25 a ton, while No. 1 feed is generally quoted at \$23.50.

The situation in the wheat market here is firm with all interests now freely offering on the basis of 82c a bushel for club track delivery, with bluestem at 84c.

The hay market is steady but low grades are showing no change in prices, although there continues a tendency to put a slight additional premium out for fancy timothy.

The entire grain market at present is a weather affair. While the outlook for the coming crop in Oregon, Idaho and Washington is very good, severe weather without a mantle of snow first as a covering would in all probability have a bad effect.

HARDWARE MEN TO MEET IN SPOKANE

Questions of vital importance to the consumer and the trade will be discussed by experts at the sixth annual meeting of the Inland Empire Retail Hardware Dealers' association in the hall of the Doges in Spokane, January 15 to 20. Eight hundred members from Oregon, Idaho and Washington are expected to attend the sessions. W. A. Bell will preside. The chief topic for discussion is that pertaining to catalogue houses, the principal speaker being E. J. Mannix of Sioux Falls, S. D., editor of The Commercial News. Other speakers on the program are: S. Norvell of St. Louis, editor of Stoves and Hardware Reporter; Samuel R. Miles, Mason City, Iowa; W. P. Bogardus, Mount Vernon, Ohio; Ben R. Vardman, Des Moines, Iowa; C. L. Butterfield, Moscow, Idaho; H. W. Kinney, Winona, Minn., chairman of executive committee of the National Association of Agricultural Implement and Vehicle manufacturers; Ellis McMaster, Spokane.

"The convention will be the largest attended and most important in the life of the association," said E. W. Evanson, secretary of the organization. "The committees on grievances, freight rate bureau, legislation and resolutions will pass upon several matters of the keenest interest to the trade."

Washington Hardware and Implement Dealers' Mutual Fire association will have its fifth annual meeting the afternoon of January 19, when, according to President W. P. Lucas, there will be "an old-fashioned mellow cutting."

The committee on arrangements has planned a series of receptions, dinners and theatre parties for the evenings of the three days the associations are in session.

OREGON SYSTEM APPROVED.

Woodrow Wilson Says It Is Truly Representative Government.
 Washington, Jan. 11.—Woodrow Wilson, governor elect of New Jersey, in a signed statement thus expresses his views on the popular government laws which have been enacted and constitutional amendments adopted by Oregon:

"I believe the Oregon system of popular government laws has wrought a fundamental reform of previous corruption and has brought to the people of that state truly representative government in place of flagrant misrepresentative government. I believe the system which has been evolved there contains the essential amendments which the people of other states should study carefully with a view of procuring for themselves the manifest benefits which have been derived for the people of that state."

BOY NEARLY EATEN ALIVE.

Chinese Child Finally Rescued from Teeth of Starving Dogs.
 Salinas, Cal., Jan. 11.—Having wandered into an inclosure where a pack of starving dogs were secured by an aged Chinese in the oriental quarter, Dong Yun Yen, an 8-year-old lad, was literally being eaten alive when his screams called a number of men to the rescue. He is in a serious condition from lacerations on the chest and thighs.

When the rescuers beat the dogs from the boy his clothing had been torn off and the savage brutes were tearing at his flesh. How the dogs had been secured and why is a mystery. The chief of police ordered them all shot. When officers went to the place they found no fewer than 15 lean and snarling curs in the inclosure.

To Pay Railroad.

Washington, Jan. 10.—A senate bill authorizing the payment of \$773,647 to the Southern Pacific railway company for expenditures made in 1906 on account of the overflow of the Colorado river was passed yesterday by the senate. Senator Heyburn opposed the measure saying the railroad had received more benefit from its work than it had cost. Senator Smoot controverted this view, contending that the railroad had not been benefitted at all. He said that but for the company's prompt action, the government would have lost heavily through damage in the Imperial Valley in Southern California.

THE GOVERNMENT'S IRRIGATED FARMS

The crop season of 1910 in the West emphasized the value of irrigation as a sure crop producer. It was the best year the farmers have known on the big project of the government, and many phenomenal crop yields are reported.

The movement of settlers westward continues unabated, but there are yet good opportunities to secure an irrigated farm under one of the big canals of the government. About 400 farms are now open to entry for American citizens.

These farms range in size from 20 to 80 acres of irrigable land, and wherever practicable an additional tract of grazing land has been included, bringing the farm unit up to 140 acres. The cost of water right is from \$20 to \$50 per acre of irrigable land, and is payable in not more than ten annual installments, without interest. The farms are in South Dakota, Montana, Wyoming and Oregon.

If you want to engage in poultry raising, if you would like to own a stock farm, or if you prefer to grow apples, truck, sugar beets, alfalfa, or engage in general farming, now is the time to apply for one of these free farms, and a letter addressed to the Statistician of the U. S. Reclamation Service, Washington, D. C., will bring you detailed information on this subject.

Settlers who have had only a few hundred dollars to start with have been successful on some projects, but many of the hardships incident to pioneer life will be eliminated and the settler will have much more assurance of success if he has a capital of \$1000 or more.

The lands awaiting settlement are in rapidly growing communities, where schools and churches are already established, railroads are in operation, roads have been built, and telephone service, rural free delivery and other modern luxuries are enjoyed.—Rural Spirit.

What is a cold in the head? Nothing to worry about if you treat it with Ely's Cream Balm. Neglected, the cold may grow into catarrh, and the air-passages be so inflamed that you have to fight for every breath. It is true that Ely's Cream Balm masters catarrh promptly. But you know the old saying about the ounce of prevention. Therefore use Cream Balm when the cold in the head shows itself. All druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.

PRINEVILLE TO BUILD ROAD.

Eighteen-Mile Line to Connect With Oregon Trunk.
 Prineville, Or., Jan. 10.—The Prineville and Eastern Railroad company was organized here Saturday for the purpose of building a standard gauge railroad from Prineville to a point on the Oregon Trunk directly west of Prineville. The company is capitalized at \$100,000, the most of which has been subscribed by local financiers.

The distance to the main line from here is 18 miles and the grade will be less than one per cent for the entire distance. The survey has been in progress for several weeks and is near enough complete that grading will be commenced on the Prineville end of the road within a short time.

Men prominent in the organization are T. M. Baldwin, W. A. Booth, G. M. Cornett, A. J. Noble, T. H. LaFollette, G. W. Noble and D. F. Stewart.

Compromise Liabilities.

Washington, Jan. 10.—The American Sugar Refining company has deposited \$700,000 in cash in the United States treasury to compromise its civil liabilities in the sugar drawback frauds at New York. Secretary MacVeagh probably will accept the money tomorrow for the government. Henry A. Wise, district attorney at New York, and attorneys for the department of justice had advised the secretary to take it. If accepted, it settles the government's civil claim only, and does not prejudice the right to criminal proceedings.

DEADLOCK IN SENATE IN MONTANA LEGISLATURE

Helena, Mont., Jan. 10.—The legislature is voting on a senator to succeed Carter today. The first ballot resulted as follows: Senator Carter, 31; T. J. Walsh, 28; Conrad, 18; Scattering, 22. Fifty are necessary to elect.

Catarrh is an excessive secretion, accompanied with chronic inflammation, from the mucous membrane. Hood's Sarsaparilla acts on the mucous membrane through the blood, reduces inflammation, establishes healthy action, and radically cures all catarrh.

ANSWERS EVERY CALL.

Pendleton People Have Found That This Is True.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. It is Doan's Kidney Pills, a true specific.

Many Pendleton people rely on it. Here is Pendleton proof.

Mrs. E. J. Melners, 501 Lewis street, Pendleton, Oregon, says: "About two years ago a cold settled on my kidneys and caused backache and pains through my loins. I felt lame and sore and any movement such as stooping or lifting was accompanied by sharp twinges. While I was suffering in that way, Doan's Kidney Pills were brought to my attention and I procured a box. They gave me relief at once and I had not used them long before my trouble was entirely removed. I know that this remedy is one of great merit and consequently I do not hesitate to recommend it." (Statement given October 10, 1905.)

Time Is the Test.

Mrs. Melners was interviewed on May 17, 1910, and she said: "I still hold Doan's Kidney Pills in high esteem and I am pleased to again say a good word for them. I have taken this preparation recently and it has done good work."

NORRIS STILL AFTER JOE CANNON'S SCALP

Washington, Jan. 10.—In a special article for the United Press newspapers, Representative Norris of Nebraska, leader in the fight for the reform house rules, who created the precedent that an amendment of the rules is a matter of constitutional privilege, and who was overthrown yesterday by Speaker Cannon declared today that the speaker's new ruling had not nullified the reforms already gained. He admitted he was beaten yesterday, but says it is only temporarily. He said the regulars are filibustering with a view to discrediting the things accomplished by the insurgents last spring.

Norris says yesterday's ruling, brought up by the lieutenants of Cannon, makes it look like a "frame-up."
