Twelve loads of cattle came into the yards today, seven of them being from Weiser and five from a Utah point. The market for livestock remains very firm and all lines have been affected by the strength in cattle.

Lambs hold at \$6.50 for top stuff, but a sale of mixed was made at \$5, which is the highest value thus far reached on the present movement for sheep.

Only one full load of hogs arrived in during the day and that line is about as previously quoted.

Regarding Egg Market.—There continues considerable controversy among commission interests regarding the price and state of the egg market. Winnipeg—May, \$1.00 1-4.

Trade in the wheat market locally was quiet during the past 24 hours, but prices were generally maintained. The weakness in foreign markets today had a quieting effect upon the trade here and there was less inclination to buy. Neither were farmers very anxious to sell.

There continues a scattered demand for brewing barley from the east, but the movement is restricted because of the small visible supply at interior points.

Oats trade is steady around \$28 a ton for No. 1 white, but there is no outside call.

Export flour market is steady to firm with some millers asking an advance of 10c a barrel. This places the price at \$3.70, although so far as known no sales have been made above \$3.60 per barrel. Local flour is quiet at unchanged prices.

Hay trade is firmer but buyers are not inclined to offer any advance even for timothy. The market is entirely a weather affair at the moment.

Chicago Follows Europe.

Chicago, Jan. 13.—Chicago followed the lead of foreign wheat traders today when its traders turned eagerly to the bear side and gave the market a lower closing.

There was weakness throughout the world with the possible exception of Argentina and Australia, and the latter was only moderately bullish in its views. Liverpool opened 1-8d to 1-4d lower and closed with a loss of 1-8d. Paris was 1-2c to 3-4c lower, Antwerp 5-8c and Berlin 5-8c. Budapest closed 1-4c higher.

This market was dull and slow and after opening 5-8c to 3-4c lower, closed 3-8c to 3-4c under yesterday.

Minneapolis reported that the premium for cash wheat continues unchanged but demand is not so brisk. Millers are complaining about the same flour business passing.

A Reliable Cough Medicine.

It soothes and relieves the irritation in the throat and loosens up the cold. I do not hesitate to recommend it highly." For the gripe coughs and for delicate people use only Foley's Honey and Tar. I used several well known kidney remedies which gave me no relief until I used Foley Kidney Pills, and then I can truthfully recommend as they have made me sound and well." Koepfen Bros.

LEGISLATURE MAN NOT CONSIDER VETOES TUESDAY

Salem, Ore., Jan. 14.—Serious question existing in the minds of some of the lawyer members of the legislature as to whether vetoed bills of the last regular session can be acted on now after having been ignored by the special session of 1909. The matter was brought up through the fixing of next Tuesday afternoon as a time for considering Governor Chamberlain's vetoes in the house.

The special session, which was called by Governor Benson to correct errors in bills passed at the regular session, was held about one month after the regular session had adjourned. During the intervening time the bills made a special order for next Tuesday were vetoed by the governor. Business at the special session was rushed through and no matters were taken up except those unanimously agreed to as emergency matters.

Now it is contended that these vetoes should have been acted upon at the special session and can not be considered by the new legislature. Lawyers are divided on the question. The fact that a doubt exists concerning the validity of a measure vetoed under the veto under such circumstances will tend to strengthen opposition to the vetoed bills. Some legislators believe the best policy now would be to kill all the vetoed measures, and let them come in as new bills if there is any demand for them.

The universal brotherhood of man is our precious possession, what there is of it.

STOMACH MISERY JUST VANISHES

NO INDIGESTION, DYSPEPSIA OR GAS IN FIVE MINUTES

A Little Diapiesin Now Will Make Your Out of Order Stomach Feel Fine—Digests All Your Food, Leaving Nothing to Ferment and Sour.

As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep some Diapiesin in the house handy? This harmless blessing will digest anything you eat without the slightest discomfort, and overcome a sour, gassy stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these 50-cent cases of Pape's Diapiesin, then you will readily see why it makes indigestion, sour stomach, heartburn and other distress go in five minutes, and relieves at once such miseries as belching of gas, eructations of sour, undigested food, nausea, headaches, dizziness, constipation and other stomach disorders.

Some folks have tried so long to find relief from indigestion and dyspepsia or an out of order stomach with the common every-day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of nervousness, gastritis, catarrh of the stomach or cancer.

This, no doubt, is a serious mistake. Your real trouble is what you eat does not digest; instead, it ferments and sours, turns to acid, gas and stomach poison, which putrefy in the digestive tract and intestines, and, besides, poison the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the stomach, is waiting for you as soon as you decide to try Pape's Diapiesin.

Many a man who permits himself to be led forth to musical entertainments he does not care for will appreciate the following:

"What made you start clapping your hands when that woman stepped on your foot in the tramcar?"

"I was dozing, answered Mr. Cumrox. "I thought mother and the girls were having a musical at home, and one of them was signaling that it was time to applaud."
