PROGRESSIVES ARE ON GUARD

Important Senate Committees in Charge of Anti-Assembly-Statement Members.

UMATILLA SENATORS DO NOT FARE WELL

Neither Barrett nor Burgess are given important chairmanships.

Umatilla county's senatorial delegation did not far so well as the hands of President Ben Selling.

Barrett fared somewhat better than Burgess.

Progressives on Guard. Salem, Ore., Jan. 17.—While President Ben Selling, in framing the committees of the state senate, deals liberally with those who recently preferred Jay Bowerman for president of the senate, the list of committees announced yesterday shows that he has placed progressives on guard at the head of the important committees.

Senator Nottingham, who was chairman of the ways and means last session, is displaced by Senator Albee, also of Multnomah.

Malarky of Multnomah gets the judiciary chairmanship, as was expected.

Banking—W. N. Barrett, Hoskins, Lester, Von der Heilen, Miller, Claims—Merryman, Locke, C. A. Barrett.

Commerce and navigation—Chase, Nottingham, Sinnott, Locke, Patton, Counties—Lester, Von der Heilen, Oliver.

County and state officers—C. A. Barrett, Wood, Abraham, Marsh, Kellaher.

Education—Miller, Hawley, C. A. Barrett, Calkins, Elections and privileges—Joseph, Norton, Oliver.

Engrossed bills—Patton, W. N. Barrett, Malarky, Federal relations—Burgess, Von der Heilen, Merryman.

Fishing industries—Sinnott, Dimick, Von der Heilen, Lester, Chase, Game—Wood, Parrish, Bea, Locke, Norton.

Horticulture—Calkins, Hoskins, Albee, Insurance—Albee, W. N. Barrett, Hoskins, Miller, Bowerman.

Industries—Bean, Dimick, Locke, Hoskins, Abraham, Medicine, Pharmacy and Dentistry—Locke, Wood, Nottingham, Merryman, Dimick, Carson, Albee.

Military Affairs—Abraham, Joseph, Albee, Mining—Parrish, McCulloch, Bowerman.

Municipal corporations—Nottingham, Dimick, Carson, Penaf Institutions—Carson, Bean, Malarky.

Printing—Nottingham, Hawley and Chase, Public buildings and institutions—Oliver and Lester and Patton.

Public lands—Bowerman, Sinnott, Parrish, Von der Heilen and Malarky, Railroads—Kellaher, Burgess, Patton.

GERMAN SUBMARINE GOES TO BOTTOM

Kiel, Germany, Jan. 17.—The German submarine U 3 went to the bottom of the sea during practice maneuvers today with a full crew aboard.

Divers from her parent ship immediately began the work of looping chains around the sunken boat.

Rescue Assured.

Kiel, Jan. 17.—Word was sent ashore this evening that the Vulcan, one of the largest ships in the navy had chains around the submarine and that her rescue was assured.

NO SMOKING DURING SESSIONS OF SENATE

Salem, Ore., Jan. 17.—The Oregon senate, for the first time in history, passed a rule today prohibiting smoking during the sessions.

MRS. SCHENK BUYS CLOTHES FOR LOVER

TOLD HER CHAUFFEUR SHE LOVED PHILLIPS

Took Many Joy Rides Into Country When Services and Presence of Driver Were Dispensed With.

Wheeling, West Va., Jan. 17.—Lundy Wilson, chauffeur for Mrs. Schenk, testified today at her trial that she and Dan Phillips took many auto joy rides and that he caught them in improper positions.

Wilson said the couple would drive far out into the country, then he would go for a walk and return when a tooting of the auto horn told him to.

There was much amusement when he related how the defendant had a "special night gown" constructed while her husband was absent in Europe.

HILL TO ABOLISH CAPITAL PUNISHMENT

Salem, Ore., Jan. 17.—There won't be any capital punishment or murder in Oregon unless Representative Clyde passes the resolution providing for life imprisonment and without hope of pardon.

Suffragette Tableau.

New York, Jan. 17.—Tableau illustrating the great achievements of the women of history, arranged by Mrs. Clarence Mackay and other society suffragists, were presented this afternoon at Maxine Elliott's theater.

CANNON PRAISED, ROOSEVELT BLAMED

New York, Jan. 17.—Indications that the "interests" are preparing to make a fight in the open on the progressive policies were seen here today following a hot denunciation of the muckrakers, the initiative, recall and other measures at a dinner last night of New York bankers.

Responding to a toast, former Governor Cannon, grilled Roosevelt and praised Cannon. Morgan led the outburst of applause when congratulated Black, "it is the business of sensible men," said Black, "to quit whispering when demagogues and disturbers become active. They should come out in the open and reason with the people. As things are now, the demagogues always start with the advantage which an unfair disputant always has. I believe that a generation from now, when the names of these sporadic valiant reformers are preserved only because they fought him, Speaker Cannon will be remembered with increasing respect."

G. M. RICE WILL CONTINUE AS HEAD OF THE FIRST NATIONAL BANK; WONT GO TO PORTLAND

G. M. Rice will not leave Pendleton but will continue to be the cashier and the executive head of the First national bank. At the annual meeting of the stockholders and directors of the bank today all the present officers, Mr. Rice included, were re-elected. All have accepted the positions and will serve. This means that Mr. Rice will decline the offer of the cashiership of the Lumberman's national bank of Portland to which position he was chosen some time ago.

BOWERMAN IS NOT TO FIGHT FOR "HARMON AND HARMONY"

Asylum Locator Says Will Not Oppose Governor West's Request for Committee.

NO SCHEME TO TAKE INSTITUTION ELSEWHERE

Information From Many Sources Shows Present Plans of State Board Mean No Menace to Pendleton—Board Wants Better Building Site if Possible to Secure Such—Resolutions Still With Committee.

In a phone message to the East Oregonian this afternoon Ralph Watson, private secretary to Governor West said:

"Governor West's message relating to the eastern Oregon branch asylum, in which he asked that a special legislative committee of five be named to co-operate with a committee of five named by the state board has not yet been fully acted upon by the legislature. In each house, a resolution was introduced providing for the appointment of such committees. Those resolutions were referred to the resolution committees and at 3 o'clock they have not been reported back to the house and senate. I believe that the resolutions will be adopted as there seems no opposition. I understand that Bowerman has said that he will not oppose the resolutions in the senate."

That no move is on to take the eastern Oregon branch asylum from Pendleton is plain from private information received by local people, from a public interview given yesterday by State Treasurer T. B. Kay, and from a reading of the message sent the legislature by Governor West yesterday.

Evidently the governor and treasurer both consider the asylum as having been definitely located at Pendleton. But they do want to secure a better building site if possible than can be found on the Oliver-Carpenter site. So they have asked for authority to purchase more land and also for a committee to investigate the site and make recommendations.

From Engineer Murphy. Engineer Charles A. Murphy, who has been here investigating different building sites west of the city stated today that he has already submitted to the board a report covering five different prospective sites. Of these sites one is entirely new. It is the Daniels place, below the Oliver farm, and an option upon that property has also been secured by the state, at Mr. Murphy's suggestion.

From Mr. Kay. "It is not the intention of the

DEATH CLAIMS FATHER AND SON WITHIN A FEW HOURS

The bodies of William H. Lyman and Charles B. Lyman, father and son, lay side by side in the Folsom undertaker parlors today. Death claimed the former yesterday afternoon while the latter passed away this morning about 8 o'clock.

It was while speeding from his home in Oakland, California, to the bedside of his dying son in this city, that the parent, who was 70 years of age, passed away on the train just before Arlington was reached yesterday afternoon. Though heart failure is given as the immediate cause of his demise it is said that the fear that he would not see his son alive combined with the strain of the long journey made him ill and during a great part of the trip he was irrational.

He was accompanied by his aged wife, Mary M. Lyman, who was prostrated by his death and rendered almost helpless. The body was taken off the train at Arlington and the train was held there for several minutes until the train men could learn from the woman her destination.

William Lyman was born in Springfield, Missouri, and in addition to his wife is survived by one daughter and four sons. These are Mrs. McMillan

CENTRAL BANK PLAN IS SPRUNG

Washington, Jan. 17.—Senator Aldrich's central bank plan was sprung today. The scheme provides for the organization of the national bankers into the Reserve Association of America.

Under this scheme the forces now controlling the national banks of the country would be in the saddle in case of a panic. The association will be governed, if the present plan is put through, by a board of forty-five directors who will gradually take over the privilege of issuing currency until it becomes the sole agency.

The capital will be \$300,000,000 and any national bank may become a stock holder. The stock is non-transferable. The dividends shall never exceed five per cent. The government gets no part of its earnings.

BARRETT'S TAX BILL KILLED IN THE SENATE

Salem, Ore., Jan. 17.—Barrett's bill to make the county treasurers tax collectors was killed in the senate today.

The senate passed the bill introduced by Senator Kellaher making legal the proposition to bond Portland for the construction of the Broadway bridge over the Willamette. Obstructionists, backed by the railroads made a strong fight against the bridge.

Senator Hawley asks for the apportionment of \$340,000 for the State Agricultural college exclusive of the \$80,000 maintenance which has already been granted. The school wants new buildings, repairs books, etc.

MANY GOVERNORS TAKE OFFICE TODAY

WILSON WOULD FREE HIS STATE OF ODIUM

Declares New Jersey Must Cease to Be Known As "Mother of Trusts"—Ballot Reform and Recall Also Advocated.

Trenton, N. J., Jan. 17.—Demanding that New Jersey cease to be known as the mother of trusts through an amendment to the corporation law was one of the striking features of the inaugural address of Governor Wilson to the legislature today.

He said the state is too free with her grants and charters and urged an immediate change in the law to prevent the abuse of the incorporation of privileges and advocated laws providing for ballot reform and the adoption of the corrupt practices act.

No Pomp For Wilson.

Trenton, N. J., Jan. 17.—Devoid of much of the pomp and show which marked such ceremonies in past years, the inauguration of Dr. Woodrow Wilson as governor of New Jersey today was characterized by democratic simplicity. There was no parade, and the induction into office of the former president of Princeton University included merely the formal taking of the oath, delivery of the inaugural address in Taylor's opera house, a luncheon at the Hotel Stirling and reception to the public at the state house.

Governor Wilson's inaugural address was largely a repetition of the principles of "real democracy" which he expounded during the campaign. Democratic leaders from all over the state attended the ceremony and informally banded themselves together in a "Wilson for president" committee. It is understood that from now on the friends and admirers of the new governor will bend every energy toward securing for Dr. Wilson the democratic presidential nomination in 1912.

EIGHT KILLED ON BATTLESHIP

Washington, D. C., Jan. 17.—Eight were killed and one seriously injured in the boiler room of the battleship Delaware this evening, following a boiler explosion. Those in the room couldn't escape and were scalded.

The dead are: Charles Hart, Columbus Porter, William White, Herbert Brewer, firemen; Lewis, White, Clarence Dewitt, coal passers; Christian Jensen, water tender, and an unidentified man.

Captain Cove sent a wireless and requested to be met by a tug off Hampton Roads. He said he would send details later.

JOHN KERN IS ELECTED U. S. SENATOR

Indianapolis, Jan. 17.—John Kern, former democratic candidate for vice president, was elected United States senator to succeed Beveridge this afternoon.

LOCAL MEN WELL TREATED

Peterson, Mann and Mahoney Given Important Committee Places by Speaker Rusk.

INSURRECTION IS NIPPED IN THE BUD

Eaton and His Followers Also Well Taken Care of—Original Rusk Supporter, S. D. Peterson, Draws Most Desirable Assignment—Thompson Himself Is Not Chairman But Supporters Are Favored.

Umatilla county's representatives fared well in the matter of committee appointments at the hands of Speaker Rusk, who was able to put down the insurgent movement started by Eaton of Lane county and retain control of the patronage. At the same time, Eaton and his followers also seem to have been well cared for.

Peterson, who was the original Rusk man from this county, was given the pick of the Umatilla county assignments, though Mann and Mahoney also were remembered. Peterson is chairman of the committee on public lands and a member of the committees on claims and on irrigation and on revision of laws. All four of these appointments are important ones.

Mahoney's most important assignment is the chairmanship of the committee on banking. He is also a member of the insurance committee, and the ways and means committee.

Mann is also on the ways and means committee, penal reformatory and charitable institutions and is chairman of the committee on roads and highways.

Thompson Not Chairman

W. Laur Thompson is not chairman of any committee, but has a place on judiciary, railroads and transportation, rules and joint rules and irrigation.

Clemens of Multnomah is chairman of the rules and salaries and mileage committees, which are comparatively unimportant. Three of the important chairmanships go to Thompson men, and Rusk supporters gather others. The appointments are as follows, with the chairman given first in order:

Committees of the House.

Agriculture—Tigard, Abrams and Shaw. Alcoholic traffic—Clyde, Steelhammer and Magone. Assessment and taxation—Libby, Chambers, Carter, Gill and Powell.

Banking—Mahoney, Church, Powell, Miller (Linn) and Westerlund. Capital building and grounds—Johnson, Cushman and Huntington.

Cities and towns—Derby, Sutton and Collins. Claims—Collins, Neuner and Peterson.

Commerce—Chapman, Chatten, Chambers, Mariner and Rackeoff. Corporations—Cole, Tigard and Hollis.

Counties—Mariner, Eaton, Derby, Gill and Buchanan. Education—Huntington, Belknap, Powell, Brownhill and Clyde.

Elections—Buckley, Miller (Linn), Abbott, Belknap and Jones. Engrossed bills—Leinenweber, Bigelow and Johnson.

Enrolled bills—Eaton, Graves and Beals. Federal relations—Smith, Clyde and Amme.

Fisheries—Pierce, Magone, Belland, Gill and Chambers. Food and dairy products—Rackeoff, Shaw and Brownhill.

Game—Church, Belland, Buckley, Steelhammer and Clemens. Health and public morals—Cottel, Johnson and Reynolds.

Horticulture—Westerlund, Simpson and Reynolds. Indian affairs—Steelhammer, Sutton and Smith.

Insurance—Hollis, Cole, Bigelow, Derby and Mahoney. Internal improvements—Amme, Cushman and Ambrose.

Irrigation—McKinney, Brooke, Peterson, Bryant and Thompson. Judiciary—Brooke, Miller of Columbia, Buchanan, Cole and Thompson.

Labor and industries—Miller of (Continued on page five.)

HEROIC FIREMEN RESCUE GIRLS.

Atlanta, Ga., Jan. 17.—Heroic work by firemen resulted in the rescue of more than 100 girls from the third floor windows of a burning shirtwaist factory here today. A score of girls were overcome by smoke. The ruins are being searched in the belief that some of them may have perished.
