Albee, Ore., Jan. 15.—Yesterday morning was the coldest of the sea-son, being down to zero at 6 o'clock. It was warmer last night and today with a light snow fall today. The sick at Ukiah are reported as

being better. One case of mumps is reported here

today, Miss Ellen Ellis being the un-

fortunate one, A little excitement in the way of a fistic encounter broke the usual quiet of Albee last Wednesday afternoon, the participants were Roy Connell and Ed Crawford. One of Connell's fingers got into Crawfords mouth and in a short time he (Connell) said "nuf," then Ed Enright landed one on Crawford's jaw and they had a short round. Crawford be-ing out of "wind" soon had to say "nuf." It is said by some of the participants that the end is not yet.

Thursday about one o'clock a fine buck deer walked into Albee from the south; when he got within 100 yards of Quant's store re turned west, scar ed one of Newt Reeves' horses (a 20 year old mare) which started on the run. About this time Sam Neil's dog saw the deer and gave chase, not be ing able to keep in sight of the deer he soon gave up and came back. It is not known how far the deer chased the horse. She came back at night looking like she had swam a river and now Newt is threatening to prosecute the game warden.

The dance Friday night was largely attended and was a very pleasant affair. No drunks or disorderlys, About 40 took supper at the Quant hotel.

From all over Europe there came the next crops. England is so waterbe impossible to make the soaked soil joyable time, yield an abundant harvest. France is suffering even more. The Seine, Loire and Dordogne have been in a chronic state of flood for weeks; in Spain, all the rivers from the Ebro in the north to the Guadalquivir in the south have overflowed their banks; Italy is no better off, for landslides and washouts have tled up several railroads and the swollen Po has threatened the exposition buildings at Turin. In Switzerland the lakes and rivers have swollen to unusual heights damaging the quays and railroads; all central Europe is suffering from excessive moisture and even Russia has sent in reports of damaging floods.

Now for the first time you get a complete set of all Mark Twain's writings at just exactly one-half the price they have ever been sold before. This is a new edition, just as complete as the old one, which still sells, by the way, at \$50.00. This new edition is only \$25.00—for the 25 volumes.

It had been Mark Twain's ambition to have his books in every American home, and he made a great personal sacrifice to bring about this remarkable opportunity-for the first time in the history of publishing, copyrighted books are sold at the price of non-copyrighted books—the chance will not come again.

But for Mark Twain's action this would have been impossible. Never before has a copyrighted library set of a standard author's works been issued at such a low figure.

His Complete Works— 25 Beautiful Volumes

Brander Matthews says: "Mark Twain will be included in that group of writers headed by Molière and Cervantes. With the exception of Count Tolstoi, Twain was the greatest of recent modern writers, and will be handed down to posterity through the trip of his works 'Huckleberry Finn,' 'Tom Sawyer,' and 'Pudd'nhead Wilson.' Twain is a greater stylist than Stevenson or Thoreau, and his 'Man that Corrupted Hadleyburg' is one of the finest works in English literature." Mark Twain himself wrote a preface set of MARK TWAIN'S to this edition. Brander Matthews has written the biographical tional Edition, twenty-five volcriticism of Mark Twain and his work.
