

OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa.—"For years I was almost a constant sufferer from female trouble in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrid. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

Consider This Advice.
No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, confidential and always helpful.

SECOND SALOON TO OPEN AT ECHO

LICENCE GRANTED AT SPECIAL COUNCIL MEETING

Ed Horsch Given Permission to Dispense Liquors—First Barroom Is Now Open For Business.

(Special Correspondence.)
Echo, Jan. 23.—A special meeting of the city council was held Friday night to act upon the application of Ed Horsch for a liquor license. The report made was favorable and the license will be granted in five days if necessary changes are made in the building to be used by Mr. Horsch as a bar room.

The barroom at the Hotel Echo was opened Saturday morning by Charles Friedley. The above two saloons are all that will be allowed in Echo until there is an increase in the population.

Mrs. Dixon, who lived with her son-in-law, Wm. Wilder, on the Meadows, four miles below Echo, met with a violent death on Thursday. In the absence of her husband and son-in-law she went to assist the young man who fed the stock. The team they drove was fractious and while Mrs. Dixon held them they became frightened and ran. In crossing an irrigation ditch she was thrown out on the tongue and carried some distance before falling off. She was picked up alive but hurt so badly that she lived only an hour. Her body was embalmed and yesterday evening sent to Walla Walla for burial.

J. W. Durrell of the Pacific Coast Elevator company of Echo, has purchased the old John Duncan place located six miles east of town near the famous Prospect ranch. There are 336 acres in this tract, most of which is now in wheat. The deal was put through by Louis Scholl, Jr., of this place.

The basketball game played here last night between Pendleton second high school team and Echo's high school team resulted in a victory for Echo, the score being 25 to 22. The Echo boys are making a record for themselves this year. Of the four games played they have won each time.

Mr. and Mrs. W. H. Boyd left for Portland yesterday morning for a short visit. Mr. Boyd expects to attend the Grocersmen's convention at Salem on the 23rd and 24 of this month, before returning.

Too Much Face.
You feel as if you had one face too many when you have neuralgia, don't you? Save the face, you may need it; but get rid of the neuralgia by applying Ballard's Snow Liniment. Finest thing in the world for rheumatism, neuralgia, burns, cuts, scalds, lame back and all pains. A. C. Koepfen & Bros.

Against Pardons.
Salem, Ore., Jan. 21.—While favoring the abolition of capital punishment, the pardoning of a life convict sentenced for murder in the first degree will be made difficult if the bill reported by the senate committee on judiciary today becomes a law. With this amendment, which is intended to make punishment more certain, once a conviction is secured, the bill removing the death penalty commanded the support of Chairman Malarky and Senators Bowerman, Bean and Barrett of Washington. Sinnott and McCulloch would not sign the report, but made no minority report. Norton was absent when the bill was considered.

The bill reported is a substitute for Senator Patton's bill, which merely abolished punishment by death for murder in the first degree. The substitute perfects the idea by reducing to life imprisonment the penalty for treason and assault on an officer by a convict, which are also punished with death under existing law.

After J. W. Balley.
Salem, Ore., Jan. 21.—An end to the official career of State Dairy and Food Commissioner J. W. Balley will come quickly if the legislature passes a bill introduced today by Senator Dan J. Malarky.

"This bill has the indorsement of the state board of health, and I believe it has the general approval of those interested in the subject throughout the state," said Mr. Malarky.

"It will abolish the office of state dairy and food commissioner and the duties he has performed will be assigned to a deputy officer of the state board of health."

The bill provides that immediately upon its passage, the secretary of the state board of health shall take charge of all the books and records now held by Balley. An appropriation of \$10,000 is provided.

CATARRH GOES.

So Does Sore Throat, Bronchitis, Croup and Asthma.

You can easily tell by reading the symptoms below, whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from the nose, stoppage of the nose, huskiness of the voice, tickling in throat, droppings in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucus, difficulty in breathing, loss of vital force.

Tallman & Co. have a sensible remedy (money back, if it fails) for catarrh, called **HYOMEI** (pronounced High-o-mey) which is vaporized air, so antiseptic, that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life, gives relief in two minutes, and cures catarrh.

NO BETTER WAY TO BREAK A BAD COLD

ENDS MOST SEVERE GRIPPE MISERY IN A FEW HOURS

The most effective and harmless way to cure the grippe or break a severe cold, either in the head, chest, back, or limbs, is a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel the cold breaking and all grippe symptoms going after the very first dose. It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, soreness, stiffness and rheumatic aching.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can't supply.

After three years' research we have conclusively demonstrated that quinine is not effective in the treatment of colds or grippe.

200 is made to carry the act into effect.

For the Oregon Plan.
Salem, Ore., Jan. 21.—Believing the wrong impression has gone forth from defeat of the Kellaher resolution indorsing the Oregon system of government upon which so much oratory was expended Wednesday, Senator Albee today introduced a new version which seeks to put the senate on record in favor of popular laws in slightly different language.

Albee was one of the progressive senators who found himself in strange company last Wednesday, when he voted against Kellaher because Kellaher wanted the legislature to declare Oregon's laws "the best in the world." Albee's resolution eliminates this phrase.

Kellaher says he will give hearty support to Albee's resolution. The resolution was sent to the resolutions committee without discussion.

"MY POLICIES" ARE BEING ATTACKED TODAY

Washington, Jan. 23.—"My policies" as regards conservation, will be the subject of a vigorous attack in an appeal to be made to the supreme court of the United States today, which will declare unconstitutional the creation of the big forest reservations of the west.

The fight has arisen out of an attempt of the United States to enjoin Fred Light, a Colorado cattleman, from "allowing his cattle to trespass" on Holy Cross forest reserve, in that state. Despite Light's contention that the formation of the reserve was in violation of the federal constitution and that action for trespass could not be maintained unless the Colorado laws unless the land in question had been fenced, the circuit court of the United States for the district of Colorado issued the injunction. The case which began under the auspices of the Roosevelt administration, has been appealed to the supreme court.

GERMANY MAY MAKE REPLY IN POTASH CASE

Berlin, Jan. 23.—There is no reason to believe that, according to schedule the reply of Germany regarding the potash question, will be delayed later than the end of this week for the report should be ready tomorrow, according to announcement.

The delay in replying to the note has been caused chiefly by the domestic difficulties of the German government, who as large owners of the mines in the potash syndicate have been trying to reach an understanding with the outstanding Schmittmines. These being outside the syndicate and of great capacity can produce as much potash as they please, and thus be in a position to bring down the price.

Germany's main endeavor has been to prevent a slashing of prices, for Germany virtually has a monopoly of the commodity.

CONFESSES HE KILLED MAN; GOT HALF DOLLAR

Hutchinson, Kan., Jan. 21.—Blaine Monroe, 26 years of age, confessed to the police here today that he poisoned Frank Speer, a bachelor, near Laredo, Kan., with strychnine in candy, and then shot him when he tried to telephone for a doctor. Robbery was the motive, Monroe said he got 50 cents.

Can't Get Any Job; Kills Self.

San Bernardino, Jan. 23.—After working at night continuously for 15 years, Charles Hardy of Denver, unable to sleep except during the day, endeavored to break himself of the habit. The effort cost him his mind, and in a fit of temporary insanity he killed himself. Hardy, who for 15 years was a night watchman for the Denver Clay company, came here recently. Efforts to secure the work to which he was accustomed, he took a day position but found that he could not sleep at night. He broke down and yesterday shot himself.

Nat Goodwin in Vaudville.

New York, Jan. 23.—Nat Goodwin, who has shown his versatility in the variety of his matrimonial experiences, joined the ranks of matinee idols who have descended to vaudeville within the past few years, whether by choice or necessity it remains unexplained. He makes his initial appearance under the direction of Percy Williams, having appeared this afternoon at the Colonial theater as Mr. Gollightly in "Lend Me Five Shillings."

CHARLES R. FLINT MAY BUY TOLSTOI ESTATE

New York, Jan. 23.—Representatives of five of the leading manufacturers of agricultural implements will meet in this city today to discuss the conditions which Charles R. Flint, the Wall street financier has imposed in connection with his willingness to purchase the Russian estate of the late Count Leo Tolstoy. Mr. Flint has expressed to Michael Kouminsky, a nephew of the deceased philanthropist, a willingness to purchase the Tolstoy estate on condition that 150 acres for a Tolstoy settlement and the cost of erecting an agricultural school, a hospital and library will be paid by an international subscription fund. On the remaining 600 acres Mr. Flint will erect a permanent exhibition of American agricultural machinery and cultivate the surrounding land by modern methods, to demonstrate to the Russian farmers how they can produce twice the amount of crops on their fertile lands and save labor and expense. The manufacturers interested in today's meeting will lend Mr. Flint their support. Mr. Flint knows Russia very well and has been received in private audience by the czar.

BILL TO PROVIDE FOR NEW CAPITOL BUILDING

Salem, Ore., Jan. 23.—Instead of recommending enlarging the present state house building, the house committee on capitol buildings and grounds today reported a substitute bill, providing for the erection of a new building at the east end of the grounds at a cost of \$150,000.

It is proposed to have the offices and court rooms of the supreme court, of the library and railroad commissions, attorney general and such other departments as the commission composed of the governor and secretary of state shall designate, in the building.

HELLO GIRL SAUCY WITH KING IS SORRY

Rome, Jan. 23.—To "sass" a king, and not know it, is something of a calamity, in the opinion of one of the "hello" girls at the local telephone exchange.

Yesterday the king, wishing to speak to the head keeper at Castle Porsiano, attempted to call him by phone, but at a time he called for the number he was given the tart answer "Avv Risponde." Knowing that the head keeper was expecting his call, the king sent a court official to the telephone exchange and the girl was frightened into hysterics by the "calling down" she received.

Convict Classics.

New York, Jan. 23.—It's an ill wind, etc., and its zephyrs are floating good American coin right into the cash registers of several big wholesale booksealers of this city, as a result of the recent decision of the League of Library Commissioners of several states to see that convicts in federal prisons have a choice of books of their own selection for the prison libraries. The book publishers declare that as a result of the decision there has been a decided boom in the demand for "The Life of Jesse James," "Achievements of the Younger Brothers," "Alias Jimmy Valentine," "Memoirs of a Yeggman," "Safes I Have Cracked," etc. Poetic desire finds expression in a demand for Lovelace's "To Althea, in Prison."
